A Promise And A Way Of Life Becky Thompson, 2001-08-07 The first in depth look at white people's activism in fighting racism during the past fifty years Not since the Civil Rights Movement of the 1950s and 1960s when many white college students went south to fight against Jim Crow laws has white antiracist activity held the public's attention Yet there have always been white people involved in fighting racism In this passionate work Becky Thompson looks at white Americans who have struggled against racism offering examples of both successes and failures inspirations practical philosophies and a way ahead *A Promise and a Way of Life* weaves an account of the past half century based on the life histories of thirty nine people who have placed antiracist activism at the center of their lives Through a rich and fascinating narrative that links individual experiences with social and political history Thompson shows the ways both public and personal in which whites have

opposed racism during several social movements the Civil Rights and Black Power movements multiracial feminism the Central American peace movement the struggle for antiracist education and activism against the prison industry Beginning with the diverse catalysts that started these activists on their journeys this book demonstrates the contributions and limitations of white antiracism in key social justice movements Through these stories crucial questions are raised Does antiracist work require a repudiation of one's whiteness or can that identity be transformed through political commitment and alliances What do white people need to do to undermine white privilege What would it take to build a multiracial movement in which white people are responsible for creating antiracist alliances while not co-opting people of color Unique in its depth and thoroughness *A Promise and a Way of Life* is essential for anyone currently fighting racism or wondering how to do so Through its demonstration of the extraordinary personal and social transformations ordinary people can make it provides a new paradigm for movement activity one that will help to incite and guide future antiracist activism *Whiteness and Racialized Ethnic Groups in the United States* Sherrow O. Pinder, 2012-01-01 *Whiteness and Racialized Ethnic Groups in the United States* in order to account for the never ending discrimination toward racialized ethnic groups including First Nations blacks Chinese and Mexicans revisits the history of whiteness in the United States It shows the difference between remembering a history of human indignities and recreating one that composes its own textual memory More specifically it reformulates how the historically reliant positionality of whiteness as a part of the everyday practice and discourse of white supremacy would later become institutionalized Even though whiteness studies with the intention of exposing white privilege has entered the realm of academic research and is moving toward antiracist forms of whiteness or at least toward antiracist approaches for a different form of whiteness it is not equipped to relinquish the privilege that comes with normalized whiteness Hence in order to construct a post white identity whiteness would have to be denormalized and freed of it of its presumptive hegemony ***Why Are All the Black Kids Sitting Together in the Cafeteria?*** Beverly Tatum, 2003-01-17 The classic bestselling book on the psychology of racism now fully revised and updated Walk into any racially mixed high school and you will see Black White and Latino youth clustered in their own groups Is this self segregation a problem to address or a coping strategy Beverly Daniel Tatum a renowned authority on the psychology of racism argues that straight talk about our racial identities is essential if we are serious about enabling communication across racial and ethnic divides These topics have only become more urgent as the national conversation about race is increasingly acrimonious This fully revised edition is essential reading for anyone seeking to understand the dynamics of race in America An unusually sensitive work about the racial barriers that still divide us in so many areas of life Jonathan Kozol *Coerced and Free Migration*, 2002-04-16 This volume is an innovative history of major worldwide population movements free and forced from around 1500 to the early 20th century It explores the shifting levels of freedom under which migrants traveled and compares the experiences of migrants and their descendants who arrived under drastically different labor regimes Alison Games

Georgetown University      **Crossing Lines** Marc Coronado, 2003 Crossing Lines addresses the issues of race and mixed race at the turn of the 21st century Representing multiple academic disciplines the volume invites readers to consider the many ways that identity community and collectivity are formed while addressing the challenges that multiracial identity poses to our understanding of race and ethnicity
