*Gardening at the Margins* Gabriel R. Valle, 2022-10-25 *Gardening at the Margins* tells the remarkable story of a diverse group of neighbors working together to grow food and community in the Santa Clara Valley in California. Based on four years of deeply engaged ethnographic field research via a Participatory Action Research project with the people and ecosystems of La Mesa Verde home garden program, Gabriel R. Valle develops a theory of convivial labor to describe how the acts of care among the diverse gardeners through growing, preparing, and eating food in one of the most income-unequal places in the country are powerful, complex acts of resistance. Participants in the La Mesa Verde home garden program engage in the practices of growing and sharing food to envision and continuously work to enact alternative food systems that connect people to their food and communities. They are building on ancestral knowledge as well as learning new forms of farming, gardening, and healing through convivial acts of sharing. The individuals featured in the book are imagining and building alternative worlds and futures amid the very real challenges they embody and endure. Climate change, for example, is forcing thousands of migrants to urban areas, which means recent immigrants' traditional environmental, nutritional, and healing knowledge will continue to be threatened by the pervasiveness of modernity and the homogenization of global capitalism. Moreover, once rural people migrate to urban areas, their ability to retain traditional foodways will remain difficult without spaces of autonomy. The stories in this book reveal how people create the physical space to grow food and the political space to enact autonomy to revive and restore agroecological knowledge needed for an uncertain future.

1854 Garrett Street Alfred R. Pierotti, Alfred R. Pierotti, Jr., 2002-04-25 A simple yet powerful story, *1854 Garrett Street* chronicles the early years of a young boy whose family is uprooted from Boston to Dallas. Set against the colorful backdrop of this small town city in the 1950s, this warm yet haunting novel depicts the many joys and agonies the family must face while it attempts to adapt to its new and sometimes hostile surroundings. Dust storms, polio, water shortages, and floods are not the only dangers with which this family must cope. A larger, more ominous threat lurks eerily in the background, one that permanently alters their lives forever.
