**Appletons' Illustrated Hand-book of American Summer Resorts** ,1896     Appleton's Illustrated Hand-book of American Summer Resorts ,1893     *Whaling Captains of Color* Skip Finley,2022-02-15 The history of whaling as an industry on this continent has been well told in books including some that have been bestsellers but what hasn't been told is the story of whaling's leaders of color in an era when the only other option was slavery Whaling was one of the first American industries to exhibit diversity A man became a captain not because he was white or well connected but because he knew how to kill a whale Along the way he could learn navigation and reading and writing Whaling presented a tantalizing alternative to mainland life Working with archival records at whaling museums in libraries from private archives and interviews with people whose ancestors were whaling masters Finley culls stories from the lives of over 50 black whaling captains to create a portrait of what life was like for these leaders of color on the high seas Each time a ship spotted a whale a group often including the captain would jump into a small boat row to the whale and attack it at times with the captain delivering the killing blow The first second or third mate and boat steerer could eventually have opportunities to move into increasingly responsible roles Finley explains how this skills based system propelled captains of color to the helm The book concludes as facts and factions conspire to kill the industry including wars weather bad management poor judgment disease obsolescence and a non renewable natural resource Ironically the end of the Civil War allowed the African Americans who were captains to exit the difficult and dangerous occupation and make room for the Cape Verdean who picked up the mantle literally to the end of the industry     **Nantucket's People of Color** Robert Johnson (Jr.),2006 Nantucket's People of Color is a fascinating study of Nantucket's African population from historical cultural and racial perspectives This anthology which represents more than ten years of research by James Bradford Ames Scholars from the University of Massachusetts Boston examines the relationships between Africans Quakers others of European descent and Cape Verdeans on Nantucket and the events and controversies that both united and divided the larger community along racial lines     The American Marine Engineer ... ,1911     The Bicentennial of the United States of America American Revolution Bicentennial Administration,1977     **Some of My Friends Are.** Deborah Plummer,2019-01-22 Examines why it's difficult to form friendships with people of different races how we can make those connections and how they will encourage more meaningful conversations about race Surveys have shown that the majority of people believe cross racial friendships are essential for improving race relations However further polling reveals that most Americans tend to gravitate toward friendships within their own race Psychologist Deborah L Plummer examines how factors such as leisure politics humor faith social media and education influence the nature and intensity of cross racial friendships Inspiring and engaging Plummer draws from focus groups statistics and surveys to provide insight into the fears and discomforts associated with cross racial friendships Through personal narratives and social analyses of friendship patterns this book gives an insightful look at how cross racial friendships work and fail within

American society Plummer encourages all of us to examine our friendship patterns and to deepen and strengthen our current cross racial friendships     American Architect ,1913     The American Architect ,1913     *Catalog of Copyright Entries, Third Series* ,1960 The record of each copyright registration listed in the Catalog includes a description of the work copyrighted and data relating to the copyright claim the name of the copyright claimant as given in the application for registration the copyright date the copyright registration number etc     American Motorist ,1917     *American Bee Journal* ,1922 Includes summarized reports of many bee keeper associations     **The Oxford Companion to American Literature** James D.
