Bierman, 2003 Napoleon Bonaparte's goal in setting sail for Egypt in 1798 was to establish new colonies for the French and to threaten British trade with India While the immediate impact of the invasion has been the subject of many studies it should also be considered in the context of the geopolitics of the period and the longer term historical trends in Egypt The papers in this volume consider all aspects of the French occupation and trace its repercussions into the late twentieth century The background to the invasion is analyzed

including political and economic trends French British rivalry French colonial fortunes and populist French Republican ideology The work of the savants those engineers and mathematicians who mapped and recorded ancient Egyptian artifacts is shown to have had a formative influence on modern archaeological practice The post occupation contributions of French technocrats are exemplified by the pioneering work of a military surgeon The contentious debate over the historiography of the occupation is reviewed with a case study of its use during the Nasserist period And in conclusion a sweeping survey of Egyptian culture shows that Egypt's reappropriation of Egyptology has had a regenerating effect on Egyptian national consciousness Resulting from the international conference on Napoleon in Egypt held in 1997 at the William Andrews Clark Memorial Library in Los Angeles these papers are written by experts in the field Napoleon and the French in Egypt and the Holy Land Aryeh Shmuelevitz, 2010-06 This collection of essays by leading historians of the Napoleonic era is the product of the Second International Congress of Napoleonic Studies held in Israel between 4 and 11 July 1999 *Al-Jabartī's Chronicle of the First Seven Months of the French Occupation of Egypt, 15 June-December 1798 ...* Al-Jabartī (Abd al-Rahmān), 1975 **The Egyptian Scientific Institute** Charles River Charles River Editors, 2018-05-14 Includes pictures Includes contemporary accounts Includes online resources and a bibliography for further reading The genius of liberty which made you at her birth the arbiter of Europe wants to be genius of the seas and the furthest nations Napoleon's address to his soldiers before leaving for Egypt In 1798 an initial review of France's naval forces had led Napoleon to conclude his navy could not hope to outfight the power of the Royal Navy which had been the dominant naval power for centuries so he was forced to look elsewhere After months of planning Napoleon crafted a scheme to attack and conquer Egypt denying the British easy access to their colonies in India with the ultimate goal of linking up with the Sultan Tipoo in India itself and defeating the British in the field there Napoleon sailed with Admiral Brueys and 30 000 troops that June heading for Egypt Notionally part of the Ottoman Empire Egypt was de facto a weak independent regime run by the breakaway Mamelukes For France it offered an overland route to India and a chance to beat Britain at her own game via economic strangulation Ironically in their attempt to intercept Napoleon and the French fleet Admiral Horatio Nelson and the British forces beat the French to Africa failing to take into account their slower troop transports While the British turned north only two days later on June 28 1798 Napoleon's army disembarked at Alexandria Back in Sicily Nelson heard further reports about the French and again sailed south This time about 6 weeks after the French reached Egypt Nelson's fleet destroyed the French Mediterranean fleet leaving Napoleon stranded in Africa In addition to being unable to be reinforced or supplied by sea his ambitions to establish a permanent presence in Egypt were further frustrated by a number of uprisings Early in 1799 Napoleon advanced against France's erstwhile enemy the Ottoman Empire invading modern Syria then the province of Damascus and conquering the cities of Gaza Jaffa Arish and Haifa However with the plague running rampant through his army and his lines of supply from Egypt stretched dangerously thin Napoleon was unable to destroy the fortified city of Acre
