For the most part, no judgment has been passed upon him, but that either of profound antipathy or of blind admiration. The books published about him during his life and for many years after his death have but little value. The idolatry and hatred which he inspired survived him too long to allow of an unbiased view. It has been his fate in death as in life to stir the hearts of men to their depths. Now that one hundred years have elapsed since the long drawn agony of Saint Helena, we think that the time has come for a more impartial estimate. Facts are clearer, motives are better known, much new evidence is available. Let us then endeavor to depict Napoleon as he was, and nothing extenuate nor set down aught in malice.
