Narc 8 Death Song Narcs:

Translations on Narcotics and Dangerous Drugs United States. Joint Publications Research Service, 1977 Dressed in Black Lisa MacKinney, 2025-03-18 The first full length history of the Shangri Las one of the most significant and most misunderstood pop groups of the 1960s Sisters Mary and Betty Weiss together with twins Mary Ann and Marguerite Ganser were schoolgirls when they formed the Shangri Las in 1963 and had a meteoric rise to fame with songs like Leader of the Pack and Remember Walking in the Sand Their career was cut short for reasons largely beyond their control derailed by the machinations of Mafia linked record executives and heartbreak and tragedy followed Historian Lisa MacKinney marshals an impressive array of new evidence to tell the Shangri Las story dispelling many myths and long standing mysteries along the way Equally importantly Dressed in Black radically rewrites the accepted narrative of the Shangri Las place in rock history As young women they were permitted little agency within a male dominated industry that viewed teenagers as fodder to be manipulated and exploited by producers songwriters and label owners For decades this has served as an excuse for critics to deny the musical input of the group members to trivialize the Shangri Las as a girl group and to assign their work a lesser rank in the canon of authentic rock and roll MacKinney's great achievement here is to foreground the Shangri Las considerable abilities and musicality and establish the centrality of their performance of their songs to the group's underappreciated artistic achievement This is not to deny the critical role in the group's success of professional songwriters including Ellie Greenwich and Jeff Barry and writer producer George Shadow Morton a pioneering and eccentric figure whose self mythologizing has generated a level of obfuscation that rivals that of the Shangri Las themselves MacKinney's clear sighted account reveals Morton in a completely new light and as part of a complex ecosystem of musical relationships Morton wrote and produced highly emotional material specifically for the Shangri Las because he knew they had the skills to make his mini operas not only believable but enthralling The group members particularly Mary Weiss channeled personal anguish into their extraordinary performances which are central to the songs impact no less so than for such classic singers as Ella Fitzgerald and Elvis Presley who also relied on producers and songwriters for their body of work The Shangri Las impassioned delivery elicited a massive response from their audience of fellow teenagers at the time and has continued to connect profoundly with audiences ever since MacKinney backs up these arguments with in depth analysis of key Shangri Las recordings and makes a powerful case that their achievements warrant a far more prominent place for the Shangri Las in the history of popular music Controlled Dangerous Substances, Narcotics, and Drug Control Laws United States. Congress. House. Committee on Ways and Means, 1970 Mary Barton Elizabeth Gaskell, 1997-04-01 O Jem her father won't listen to me and it's you must save Mary You're like a brother to her Mary Barton the daughter of disillusioned trade unionist rejects her working class lover Jem Wilson in the hope of marrying Henry Carson the mill owner's son and making a better life for herself and her father But when Henry is shot down in the street and Jem becomes the main suspect Mary finds

herself painfully torn between the two men Through Mary s dilemma and the moving portrayal of her father the embittered and courageous activist John Barton Mary Barton 1848 powerfully dramatizes the class divides of the hungry forties as personal tragedy In its social and political setting it looks towards Elizabeth Gaskell s great novels of the industrial revolution in particular North and South In his introduction Maconald Daly discusses Elizabeth Gaskell s first novel as a pioneering book that made public the great division between rich and poor a theme that inspired much of her finest work

Drug Use for Grown-Ups Dr. Carl L. Hart, 2022-01-11 Hart s argument that we need to drastically revise our current view of illegal drugs is both powerful and timely when it comes to the legacy of this country s war on drugs we should all share his outrage The New York Times Book Review From one of the world s foremost experts on the subject a powerful argument that the greatest damage from drugs flows from their being illegal and a hopeful reckoning with the possibility of their use as part of a responsible and happy life Dr Carl L Hart Ziff Professor at Columbia University and former chair of the Department of Psychology is one of the world s preeminent experts on the effects of so called recreational drugs on the human mind and body Dr Hart is open about the fact that he uses drugs himself in a happy balance with the rest of his full and productive life as a researcher and professor husband father and friend In Drug Use for Grown Ups he draws on decades of research and his own personal experience to argue definitively that the criminalization and demonization of drug use not drugs themselves have been a tremendous scourge on America not least in reinforcing this country s enduring structural racism Dr Hart did not always have this view He came of age in one of Miami s most troubled neighborhoods at a time when many ills were being laid at the door of crack cocaine His initial work as a researcher was aimed at proving that drug use caused bad outcomes But one problem kept cropping up the evidence from his research did not support his hypothesis From inside the massively well funded research arm of the American war on drugs he saw how the facts did not support the ideology The truth was dismissed and distorted in order to keep fear and outrage stoked the funds rolling in and Black and brown bodies behind bars Drug Use for Grown Ups will be controversial to be sure the propaganda war Dr Hart argues has been tremendously effective Imagine if the only subject of any discussion about driving automobiles was fatal car crashes Drug Use for Grown Ups offers a radically different vision when used responsibly drugs can enrich and enhance our lives We have a long way to go but the vital conversation this book will generate is an extraordinarily important step

Narcotic Culture Frank Dikötter, Lars Laamann, Zhou Xun, 2004-04-16 To this day the perception persists that China was a civilization defeated by imperialist Britain s most desirable trade commodity opium a drug that turned the Chinese into cadaverous addicts in the iron grip of dependence Britain in an effort to reverse the damage caused by opium addiction launched its own version of the war on drugs which lasted roughly sixty years from 1880 to World War II and the beginning of Chinese communism But as Narcotic Culture brilliantly shows the real scandal in Chinese history was not the expansion of the drug trade by Britain in the early nineteenth century but rather the failure of the British to grasp the consequences of prohibition In a stunning

historical reversal Frank Dik tter Lars Laamann and Zhou Xun tell this different story of the relationship between opium and the Chinese They reveal that opium actually had few harmful effects on either health or longevity in fact it was prepared and appreciated in highly complex rituals with inbuilt constraints preventing excessive use Opium was even used as a medicinal panacea in China before the availability of aspirin and penicillin But as a result of the British effort to eradicate opium the Chinese turned from the relatively benign use of that drug to heroin morphine cocaine and countless other psychoactive substances Narcotic Culture provides abundant evidence that the transition from a tolerated opium culture to a system of prohibition produced a cure that was far worse than the disease Delving into a history of drugs and their abuses Narcotic Culture is part revisionist history of imperial and twentieth century Britain and part sobering portrait of the dangers of prohibition *Senate Committee on Judiciary, California Legislature, Subcommittee on Narcotics Trafficking* California. Legislature. Senate. Committee on Judiciary. Subcommittee on Narcotics Trafficking,1975 **Too Much Too Young** Sheila Whiteley,2013-10-18 Too Much Too Young investigates how age and gender have shaped the careers and images of pop music stars examining the role of youth and youthfulness in pop music through a series of themed case studies Whiteley begins by investigating the exploitation of child stars such as Brenda Lee and Michael Jackson offering a psychoanalytic reading of the relationship between child star and oppressive manager and looks at the current glut of boy and girl bands and stars in the mold of Britney Spears to examine the continuing fatal attraction of stardom for adolescents Whiteley then considers the star images of female singer songwriters Kate Bush Tori Amos and Bjork whose little girl voices and characterization by the media suggests a girlish femininity which is often at odds with the intentions of their musical output She then moves on to explore the rock pop divide as it affects the image of male performers considering why male stars usually fall into the category of wild boys such as Kurt Cobain or Jim Morrison or nice boys like Cliff Richard The Monkees and Wham Whiteley ends by asking what happens to stars who set so much store by manipulations of youthfulness when they begin to age and points to stars like Robbie Williams Kylie Minogue and Cher to demonstrate that it is possible to achieve iconic pop status even without dying young **A Dark California** Katarzyna Nowak-McNeice,Agata Zarzycka,2018-02-14 Focusing on portrayals of California in popular culture this collection of new essays traces a central theme of darkness through literature Toby Barlow Angela Carter Joan Didion Thomas Pynchon and Claire Vaye Watkins video games L A Noire music Death Grips Lana Del Rey and the Red Hot Chili Peppers TV True Detective and American Horror Story and film Starry Eyes Southland Tales and A Girl Walks Home Alone at Night Providing insight into the significance of Californian icons the contributors explore the interplay between positive stereotypes connected to the myth of the Golden State and ambivalent responses to the myth based on social and political power the consequences of consumerism transformations of the landscape and the dominance of hyperreality *100 Black Women Who Shaped America* Glenn L.
