## **Narcotráfico Y Tareas Revolucionarias El Concepto Cubano:**

**Narcotráfico y tareas revolucionarias** Norberto Fuentes, 2002 En forma cronológica presenta el autor información no conocida sobre las actividades terroristas y en el narcotráfico del gobierno de Fidel Castro Revela también informaciones sobre el juicio de la Causa 1 de 1989 sobre el general Arnaldo Ochoa y los hermanos De la Guardia sobre la guerra en Angola y otros escenarios fuera y dentro de Cuba en los que participara directamente o tuviera información por sus amigos del MININT y el MINFAR que participaron en ellos Un libro inquietante y revelador que muestra importantes interioridades de la cúpula gobernante de Cuba Prólogo de Ernesto F Betancourt *Cubans, an Epic Journey* Sam Verdeja, Guillermo Martínez, 2011 This book is a collection of more than thirty essays by renowned scholars historians journalists and media professionals that portray the experience of Cubans exiled in the United States and other countries in the last sixty years

Cuban Studies 34 Lisandro Perez, Uva De Aragon, 2004-02-01 Cuban Studies has been published annually by the University of Pittsburgh Press since 1985 Founded in 1970 it is the preeminent journal for scholarly work on Cuba Each volume includes articles in both English and Spanish a large book review section and an exhaustive compilation of recent works in the field **Corruption in Cuba** Sergio Díaz-Briquets, Jorge F. Pérez-López, 2010-06-28 While Fidel Castro maintained his longtime grip on Cuba revolutionary scholars and policy analysts turned their attention from how Castro succeeded and failed to how Castro himself would be succeeded by a new government Among the many questions to be answered was how the new government would deal with the corruption that has become endemic in Cuba Even though combating corruption cannot be the central aim of post Castro policy Sergio Díaz-Briquets and Jorge Pérez-López suggest that without a strong plan to thwart it corruption will undermine the new economy erode support for the new government and encourage organized crime In short unless measures are taken to stem corruption the new Cuba could be as messy as the old Cuba Fidel Castro did not bring corruption to Cuba he merely institutionalized it Official corruption has crippled Cuba since the colonial period but Castro's state run monopolies cronyism and lack of accountability have made Cuba one of the world's most corrupt states The former communist countries in Eastern Europe were also extremely corrupt and analyses of their transitional periods suggest that those who have taken measures to control corruption have had more successful transitions regardless of whether the leadership tilted toward socialism or democracy To that end Díaz-Briquets and Pérez-López both Cuban Americans do not advocate any particular system for Cuba's next government but instead prescribe uniquely Cuban policies to minimize corruption whatever direction the country takes after Castro As their work makes clear averting corruption may be the most critical obstacle in creating a healthy new Cuba *The Cuban Connection* Eduardo Sáenz Rovner, 2009-06-01 A comprehensive history of crime and corruption in Cuba The Cuban Connection challenges the common view that widespread poverty and geographic proximity to the United States were the prime reasons for soaring rates of drug trafficking smuggling gambling and prostitution in the tumultuous decades preceding the Cuban revolution Eduardo Saenz

Rovner argues that Cuba's historically well established integration into international migration commerce and transportation networks combined with political instability and rampant official corruption to help lay the foundation for the development of organized crime structures powerful enough to affect Cuba's domestic and foreign politics and its very identity as a nation. Saenz traces the routes taken around the world by traffickers and smugglers. After Cuba the most important player in this story is the United States. The involvement of gangsters and corrupt U.S. officials and businessmen enabled prohibited substances to reach a strong market in the United States from rum running during Prohibition to increased demand for narcotics during the Cold War. Originally published in Colombia in 2005, this first English language edition has been revised and updated by the author.

**Fidel** Humberto Fontova, 2012-04-01. Funny name for a man who has threatened the United States with nuclear war who has made common cause with Islamic terrorists against the United States and whose people risk death to escape him. But there's a lot that Hollywood liberals and other Fidel Castro admirers would rather you didn't know about the dictator of Cuba like how he imprisoned more people as a percentage of population than the prewar Nazis, how Fidel's firing squads killed thousands of Cubans, how Fidel's subjects would rather inject themselves with AIDS than live under his tyranny. Drawing on a wealth of research including interviews with former Castro regime officials, anti-Castro freedom fighters, and Castro's political prisoners, acclaimed author Humberto Fontova reveals the ugly face of the Castro regime.

*Fidel Castro Y El 11-S* Alberto Moral, 2011-07-20. Fidel Castro fue el verdadero autor del 11-S del ataque del 11 de septiembre de 2001 contra las Torres Gemelas y el Pentgono pero astutamente sedujo a Osama bin Laden para que fuera su aliado para que cargara con la culpa para que Estados Unidos dirigiera sus represalias contra el Medio Oriente para eludir su culpabilidad. l ha estado posado por la diablica pasin del poder y la gloria. En su larga carrera poltica se involucro en muchas guerras y todava protagoniza el conflicto Cuba Estados Unidos. Desde una pequena Isla sin un poderoso ejrcito ha enfrentado a la gran potencia mediante mtodos de lucha propios caracterizados por una gran astucia y una criminalidad potencialmente genocida. Dentro de este conflicto se inscribe el 11-S. Merece el ttulo de Genio Perverso porque su gran astucia ha enmascarado sus crmenes al extremo que el mundo le ha subestimado y muchos le han considerado un lder popular smbolo de la izquierda mundial. Este libro presenta indiscutibles pruebas sobre su culpabilidad en el 11-S sobre otros hechos protagonizados por l necesarios para comprender el 11-S sobre las posibilidades de que desencadene una crisis peor que el 11-S y sobre sus motivos y objetivos.
