hispanoamericana de principios de siglo acerc ndonos con su pluma a un universo que se encuentra en constante reelaboraci n *Los estudios ingleses en el umbral del tercer milenio* Francisco Fernández, 2001 Historias de la historia del Antiguo Egipto José Miguel Parra, 2025-03-04 Sab as que los autores de la Biblia copiaron textos de la literatura egipcia y que las mujeres de Amarna fueron las primeras en ponerse extensiones para el pelo A qui n se le hubiera ocurrido pensar que el Nilo no era esa calmada corriente de agua que hoy conocemos El antiguo Egipto no deja de aparecer en noticias y documentales que sin embargo parecen centrarse siempre en los mismos aspectos de esta fascinante cultura En *Historias de la historia del Antiguo Egipto* el autor ampl a el espectro de cuestiones sobre el mundo de los faraones y la vida a orillas del Nilo para disfrute del interesado o el meramente curioso Profusamente ilustrado y redactado de forma amena y asequible a todo tipo de lectores se tratan aqu temas tan variados como el amor de los egipcios por sus jardines y su supuesto escaso uso de la violencia pero tambi n qu sistema utilizaron para transportar sus mercanc as en un mundo te ricamente sin ruedas Asimismo Parra presta atenci n a los sempiternos contactos de Egipto con la zona de Siria Palestina y las influencias mutuas entre ambas regiones Por supuesto siendo como es el pa s de las momias no ha podido dejar de darle un repaso al negocio de la muerte Este tr nsito al otro mundo llegaba por entonces a la gente con mucha m s facilidad que hoy d a y las pruebas de ello que nos presenta el autor son sorprendentes De igual modo repasa la poco conocida capacidad econ mica de la que

Ibáñez Ibáñez, Santiago Rodríguez Guerrero-Strachan, 2023-01-01 This book analyzes a range of Edgar Allan Poe s writing focusing on new readings that engage with classical and post modern studies of his work and the troubling literary relationship that he had with T S Eliot Whilst the book examines Poe s influence in Spain and how his figure has been marketed to young and adult Spanish reading audiences it also explores the profound impact that Poe had on other audiences such as in America Greece and Japan from the nineteenth to the twenty first century The essays attest to Poe s well deserved reputation his worldwide legacy and his continued presence in global literature This book will appeal particularly to university teachers Poe scholars graduate students and general readers interested in Poe s oeuvre Obras completas Ramón Menéndez Pidal, 1953 Aspects of Literary Translation Eva Parra Membrives, Miguel Ángel García Peinado, 2012 Obras completas Manuel Milá y Fontanals, 1895 Translated Poe Emron Esplin, Margarida Vale de Gato, 2014-10-23 Few if any U S writers are as important to the history of world literature as Edgar Allan Poe and few if any U S authors owe so much of their current reputations to the process of translation Translated Poe brings together 31 essays from 19 different national literary traditions to demonstrate Poe s extensive influence on world literature and thought while revealing the importance of the vehicle that delivers Poe to the world translation Translated Poe is not preoccupied with judging the quality of any given Poe translation nor with assessing what a specific translation of Poe must or should have done Rather the volume demonstrates how Poe s translations constitute multiple contextual interpretations testifying to how this prolific author continues to help us read ourselves and the world s we live in The examples of how Poe s works were spread abroad remind us that literature depends as much on authorial creation and timely readership as on the languages and worlds through which a piece of literature circulates after its initial publication in its first language This recasting of signs and symbols that intervene in other cultures when a text is translated is one of the principal subjects of the humanistic discipline of Translation Studies dealing with the products functions and processes of translation as both a cognitive and socially regulated activity Both literary history and the history of translation benefit from this book s focus on Poe whose translated fortune has helped to shape literary modernity in many cases importantly redefining the target literary systems Furthermore we envision this book as a fountain of resources for future Poe scholars from various global sites including the United States since the cases of Poe s translations both exceptional and paradigmatic prove that they are also levers that force the reassessment of the source text in its native literature Tortura Donatella di Cesare, 2018-10-15 La tortura parece una abominaci n de pocas pasadas Se dir a que hablar de ella nos hace retroceder a los tiempos oscuros de la Inquisici n o nos refiere a la idea de una humanidad tosca e imperfecta Sin embargo la tortura vuelve a estar de plena actualidad Tras los horrores de la Segunda Guerra Mundial un sistema penal libre de tortura y tratos degradantes distinguir

a las democracias de las dictaduras y los regímenes totalitarios Pero lo cierto es que se ha tratado de un espejismo No solo las democracias no han abandonado la tortura que han seguido practicando dentro y fuera de sus fronteras sino que con la mayor naturalidad tras el 11 S el debate sobre la licitud de la tortura ha quedado abierto Y aumenta el número de partidarios de una tortura civilizada por lo que no recurrir al interrogatorio exhaustivo incluso a la tortura no letal si con ello se salvan vidas inocentes Quien objecciona hacerle a la tortura si se le fijan unos límites y la opinión pública es tenida al corriente Frente al pragmatismo de quienes reducen la tortura a la contabilidad de vidas en juego hay que recordar que desde siempre la tortura forma parte del poder soberano que decide sobre la vida y la muerte a través de un biopoder que controla la vida para administrar el tormento la tortura no es un medio para arrancarle información a quien se resiste a darla ni tiene por finalidad el dar la muerte sino hacerla experimentar en vida
