Narrative Explanation Jon-K. Adams,1996 Proceedings of a 1991 conference held in Hong Kong Essays by health care practitioners and scholars from five continents offers insight and analysis of current problems and programs delivering health care to the elderly Topics discussed include legal concerns cultural differences social contexts and an international comparison of medical practices Lacks an index Annotation copyright by Book News Inc Portland OR The Routledge Companion to Narrative Theory Paul Dawson,Maria Mäkelä,2022-07-18 The Routledge Companion to Narrative Theory brings together top scholars in the field to explore the significance of narrative to pressing social cultural and theoretical issues How does narrative both inform and limit the way we think today From conspiracy theories and social media movements to racial politics and climate change future scenarios the reach is broad This volume is distinctive for addressing the complicated relations between the interdisciplinary narrative turn in the academy and the contemporary boom of instrumental storytelling in the public sphere The scholars collected here explore new theories of causality experientiality and fictionality challenge normative modes of storytelling and offer polemical accounts of narrative fiction nonfiction and video games Drawing upon the latest research in areas from cognitive sciences to complexity theory the volume provides an accessible entry point for those new to the myriad applications of narrative theory and a point of departure for new scholarship **The Temporal Mechanics of the Fourth Gospel** Douglas Estes,2008-01-01 By redefining narrative temporality in light of modern physics this book advances a unique and innovative approach to the deep seated temporalities within the Gospel of John and challenges the implicit assumptions of textual brokenness that run throughout Johannine scholarship **Strategies of Reflexivisation and the Meaning of Predicates** Andreas Frühwirth,2003 Reflexive situations play a vital role in people's lives and are consequently often encoded by specific grammatical devices Many languages have more than one such strategy of reflexivisation at their disposal The present study provides substantial evidence for its major claim that the preference for a particular strategy is motivated by that meaning component of the predicate which may be called directedness A large number of data from English German and French are analysed contrastively and in great detail The relevance of predicate directedness is also largely confirmed by data from related areas of reflexivity Two implicational hierarchies emerge a scale of directedness and a hierarchy among German French and English regarding the weight of preferred reflexive strategies **Tell Us in Plain Words** Sylvia Beeretz,1998 *"Sturdy Black Bridges" on the American Stage* Susanna A. Bösch,1996 **International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences**,1996 Mirror Images Klára Hůrková,2000 The early plays by Václav Havel and Tom Stoppard show a number of important parallels In the present study six plays by Havel and Stoppard are regarded as works which satirize in different ways the totalitarian system The comparison shows that the treatment of the political themes and the dramatic devices the two playwrights use can be

described as mirror images **Books in Print** ,1991 **Русская фантастика на перекрестье эпох и культур** ,2007
Das Schweizer Buch ,1997 **Narrative Explanation** Jon-K. Adams,1996 **Deutsche Nationalbibliographie und Bibliographie der im Ausland erschienenen deutschsprachigen Veröffentlichungen** ,1996-07 **Arts & Humanities Citation Index** ,2001 **Pretending and Meaning** Richard Henry,1996-06-30 Since Plato Western critics of literature have asked how it is possible for fiction writers to mean something serious The outrage over Salman Rushdie's *The Satanic Verses* published in 1988 highlighted our continued uneasiness over distinctions between fact and fiction novel and history truth and falsehood The blasphemy charged against Rushdie raises important questions Did Rushdie mean *The Satanic Verses* or didn't he When he publicly recanted what did he mean What do we even mean by mean This is the starting point for Richard Henry's fascinating investigation of the pragmatic foundations of fictional discourse Drawing from Paul Grice's interrogation of meaning and implicature Henry offers a systematic correlation between what it is to pretend and what it is to mean how the two concepts inform each other and how it is possible to mean seriously and sincerely by purportedly pretended acts **Pretending and Meaning Toward a Pragmatic Theory of Fictional Discourse** draws upon Paul Grice's interrogation of meaning and implicature to offer a systematic correlation between what it is to pretend and what it is to mean how the two concepts inform each other and how it is possible to mean seriously and sincerely by purportedly pretended acts **Events, States and Times** Daniel Altshuler,2016-11-07 This monograph investigates the temporal interpretation of narrative discourse in two parts The theme of the first part is narrative progression It begins with a case study of the adverb *now* and its interaction with the meaning of tense The case study motivates an ontological distinction between events states and times and proposes that *now* seeks a prominent state that holds throughout the time described by the tense Building on prior research prominence is shown to be influenced by principles of discourse coherence and two coherence principles NARRATION and RESULT are given a formally explicit characterization The key innovation is a new method for testing the definitional adequacy of NARRATION and RESULT namely by an abductive argument This contribution opens a new way of thinking about how eventive and stative descriptions contribute to the perceived narrative progression in a discourse The theme of the second part of the monograph is the semantics and pragmatics of tense A key innovation is that the present and past tenses are treated as scalar alternatives a view that is motivated by adopting a particular hypothesis concerning stative predication The proposed analysis accounts for tense in both matrix clauses and in complements of propositional attitudes where the notorious double access reading arises This reading is explored as part of a corpus study that provides a glimpse of how tense semantics interacts with Gricean principles and at-issueness Several cross-linguistic predictions of the analysis are considered including their consequences for the Sequence of Tense phenomenon and the Upper Limit Constraint Finally a hypothesis is provided about how tense meanings compose with temporal adverbs and verb phrases Two influential analyses of viewpoint aspect are then compared in light of the hypothesis The monograph is

directed at graduate students and researchers in semantics pragmatics and philosophy of language The analysis of narrative discourse that is developed in the monograph synthesizes and builds on prior collaborative research with Corien Bary Valentine Hacquard Thomas Roberts Roger Schwarzschild Una Stojni K roly Varasdi and Aaron White Daniel Altshuler is an Assistant Professor of Linguistics at the School of Cognitive Science Hampshire College and an Adjunct Professor of Linguistics at the University of Massachusetts Amherst **Narrative Discourse** Patrick Colm Hogan,2013
