## **Narrative Of The Persecution Of Agnes Be:**

**The Narrative of the Persecutions of Agnes Beaumont** Agnes Beaumont, 1992      The Narrative of the Persecution of Agnes Beaumont in 1674 Agnes Beaumont, 1900      Grace Abounding with Other Spiritual Autobiographies John Bunyan, 1998 I evidently saw that unless the great God of his infinite grace and bounty had voluntarily chosen me to be a vessel of mercy though I should desire and long and labour until my heart did break no good could come of it How can you tell you are Elected GA 47 In seventeenth century England the Calvinist doctrine of predestination with its belief in the predetermined salvation of the few and damnation of the many led many Christians to an anguished search for evidence of God's favour John Bunyan's *Grace Abounding* records this spiritual crisis and its gruelling fluctuations between hope and despair in all its psychological intensity It is a classic of spiritual autobiography a genre which flourished in seventeenth century England as anxiety over one's spiritual state encouraged rigorous self scrutiny and the sharing of spiritual experiences This edition sets *Grace Abounding* alongside four of the most interesting and varied contemporary spiritual autobiographies making its cultural milieu more meaningful to the modern reader      *Baptist Women's Writings in Revolutionary Culture, 1640-1680* Rachel Adcock, 2016-03-09 Although literary historical studies have often focused on the range of dissenting religious groups and writers that flourished during the English Revolution they have rarely had much to say about seventeenth century Baptists or indeed Baptist women Baptist Women's Writings in Revolutionary Culture 1640 1680 fills that gap exploring how female Baptists played a crucial role in the group's formation and growth during the 1640s and 50s by their active participation in religious and political debate and their desire to evangelise their followers The study significantly challenges the idea that women as members of these congregations were unable to write with any kind of textual authority because they were often prevented from speaking aloud in church meetings On the contrary Adcock shows that Baptist women found their way into print to debate points of church organisation and doctrine to defend themselves and their congregations to evangelise others by example and by teaching and to prophesy and discusses the rhetorical tactics they utilised in order to demonstrate the value of women's contributions In the course of the study Adcock considers and analyses the writings of little studied Baptist women Deborah Huish Katherine Sutton and Jane Turner as well as separatist writers Sara Jones Susanna Parr and Anne Venn She also makes due connection to the more familiar work of Agnes Beaumont Anna Trapnel and Anne Wentworth enabling a reassessment of the significance of those writings by placing them in this wider context Writings by these female Baptists attracted serious attention and as Adcock discusses some even found a trans national audience      Genre and Women's Life Writing in Early Modern England Michelle M. Dowd, Julie A. Eckerle, 2016-04-15 By taking account of the ways in which early modern women made use of formal and generic structures to constitute themselves in writing the essays collected here interrogate the discursive contours of gendered identity in sixteenth and seventeenth century England The contributors explore how generic choice mixture and revision influence

narrative constructions of the female self in early modern England Collectively they situate women's life writings within the broader textual culture of early modern England while maintaining a focus on the particular rhetorical devices and narrative structures that comprise individual texts Reconsidering women's life writing in light of recent critical trends most notably historical formalism this volume produces both new readings of early modern texts such as Margaret Cavendish's autobiography and the diary of Anne Clifford and a new understanding of the complex relationships between literary forms and early modern women's selves This volume engages with new critical methods to make innovative connections between canonical and non canonical writing in so doing it helps to shape the future of scholarship on early modern women *John Bunyan* John Brown, 2007-02-01 Presented here is the third edition of John Brown's definitive biography of the great English preacher and writer John Bunyan 1628-1688 Bunyan is best known for his allegory *The Pilgrim's Progress* but wrote numerous other works including *Grace Abounding to the Chief of Sinners* A tinker by trade he was a popular preacher whose call to preach was recognized by his congregation This was no formal recognition and upon the restoration of 1660 Bunyan was imprisoned when he refused to cease preaching without a license A twelve year imprisonment followed during which Bunyan did much of his writing During his later years Bunyan enjoyed immense influence and his services were demanded in almost every part of England He died August 31 1688 in London **John Bunyan** John Brown, 1885 *Grace Overwhelming* Anne Dunan-Page, 2006 Religions and Discourse explores religious language in the major world faiths from various viewpoints including semiotics pragmatics and cognitive linguistics and reflects on how it is situated within wider intellectual and cultural contexts In particular a key issue is the role of figurative speech Many fascinating metaphors originate in religion e.g. revelation as a garment apostasy as adultery loving kindness as the circumcision of the heart *A Companion to Stuart Britain* Barry Coward, 2008-04-15 Covering the period from the accession of James I to the death of Queen Anne this companion provides a magisterial overview of the long seventeenth century in British history Comprises original contributions by leading scholars of the period Gives a magisterial overview of the long seventeenth century Provides a critical reference to historical debates about Stuart Britain Offers new insights into the major political religious and economic changes that occurred during this period Includes bibliographical guidance for students and scholars *Our Hearts Are Restless* Richard Lischer, 2023 In *Our Hearts Are Restless* Richard Lischer takes readers on a guided tour of spiritual autobiography examining the life writings of twenty one figures from the obvious Thomas Merton to the surprising James Baldwin and from the ancient Augustine to the contemporary Anne Lamott Readers will come away with new insights into these figures' lives but also a new appreciation of the art and craft of spiritual writing **John Bunyan: His Life, Times and Work** John Brown, 1885 *The Oxford Handbook of English Prose, 1640-1714*, 2024-11-05 The Oxford Handbook of English Prose 1640-1714 is the most wide ranging overview available of prose writing in English during one of the most tumultuous periods in British and Irish history Stretching from the outbreak of the English Civil Wars to the death

of Queen Anne the last Stuart monarch the volume is unprecedented in the breadth of its coverage of an age in which prose moved from the margins of cultural life in Britain to its centre The volume also breaks new ground in the diversity of the prose writing it covers its thirty six chapters by an array of established literary critics and historians capture the excitingly multiple forms that prose took in what was a golden age for non fictional writing but which also saw the emergence of modes of prose fiction that became part of the origin story of the eighteenth century novel This Handbook reflects that multiplicity and diversity in its structure Four longer introductory chapters map the changing contexts of the publication and reception of prose in the period as well as the influence of the classical heritage and the role of relations with continental Europe The subsequent thirty two chapters are organized by different categories of prose writing The contributors approach key authors and texts from various and often unconventional perspectives The volume offers coverage of well known writers and texts while also capturing the assortment of prose writing in a time of rapid political and social change there are chapters on for example Bites and Shams Circulation Narratives Keys Pornography Recipe Books True Accounts and even Handbooks

Women and the Bible in Early Modern England Femke Molekamp, 2013-03-21 Women and the Bible in Early Modern England provides an account of the uniquely important role of the Bible in the development of female interpretative and literary agency as well as in the expression of female subjectivity in early modern England In the later sixteenth and throughout the seventeenth century women s religious writing diversified in genre and entered increasingly into a public literary sphere Femke Molekamp shows that the Bible was at the heart of female reading culture and that women can be seen to have participated in multiple modes of reading it which in turn fostered various kinds of literary writing The sources used in this book to reconstruct reading practices and trace their connection to religious writing are drawn from diverse archives to include the annotations biographical writing commonplace books letters treatises and other literary writings in print and manuscript of both prominent early modern women well known to us and women who have so far remained obscure The book argues that the increased circulation of the Bible in English fostered reading practices that enabled a growth in female interpretative and literary agency
