Narrative and Structure John Holloway, 1979-11-22 In this 1979 book Professor John Holloway presents a series of essays on classic authors as well as more recent English novelists **Narrative Exchanges (Routledge Revivals)** Ian Reid, 2014-08-13 First published in 1992 *Narrative Exchanges* shows how a general model of communicative exchanges can be refined to deal with the complexities of narrative fiction Going beyond the two way structure of reciprocity it gives particular attention to the processes of framing substitution and dispossession by which written texts generate meaning The title provides an innovative way of combining narrative and exchange theory bringing the two areas of thought into a mutually critical relationship Using a wide variety of narrative texts literary and non literary canonical and non canonical authors discussed include Flaubert Achebe Mansfield Boccaccio Duras Daudet Moorhouse DeLillo and Wordsworth Drawing on perspectives from anthropology linguistics and education and combining accessible readings with theoretical debate Ian Reid makes a significant contribution to the debate about narrative theory **George Eliot and Nineteenth-Century**

Science Sally Shuttleworth, 1987-03-12 This study explores the ways in which George Eliot's involvement with contemporary scientific theory affected the evolution of her fiction Drawing on the work of such theorists as Comte Spencer Lewes Bain Carpenter von Hartmann and Bernard Dr Shuttleworth shows how as Eliot moved from Adam Bede to Daniel Deronda her conception of a conservative static and hierarchical model of society gave way to a more dynamic model of social and psychological life *Narratology* Susana Onega, Jose Angel Garcia Landa, 2014-09-19 This text provides an excellent introduction and overview of Narratology a rapidly growing field in the humanities Literary narratologists have provided many key concepts and analytical tools which are widely used in the interdisciplinary analysis of such narrative features as plot point of view speech presentation ideological perspective and interpretation The introduction explains the central concepts of narratology their historical development and draws together contemporary trends from many different disciplines into common focus It offers a compendium of the development of narratology from classical poetics to the present The essays are all prefaced by individual forewords helping the reader to place each individual selection in context Recent developments are assessed across disciplines highlighting the mutual influences of narratology and deconstruction psychoanalysis feminism film and media studies *The Temporal Mechanics of the Fourth Gospel* Douglas Estes, 2008-01-01

By redefining narrative temporality in light of modern physics this book advances a unique and innovative approach to the deep seated temporalities within the Gospel of John and challenges the implicit assumptions of textual brokenness that run throughout Johannine scholarship *The Shield of Homer* Keith Stanley, 2014-07-14 In this masterly interpretation of narrative sequence in the Iliad Keith Stanley not only sharpens the current debate over the date and creation of the poem but also challenges the view of this work as primarily a celebration of heroic force He begins by studying the intricate ring composition in the verses describing Achilles shield then extends this analysis to reveal the Iliad as an elaborate and self

conscious formal whole In so doing he defends the hypothesis that the poem as we know it is a massive reorganization and expansion of earlier Homeric material written in response to the need for a stable text for repeated performance at the sixth century Athenian festival for the city's patron goddess Stanley explores the arrangement of the poem's books all unified by theme and structure showing how this allowed for artistically satisfying and practically feasible recitation over a period of three or four days Taking structural emphasis as a guide to poetic discourse the author argues that the Iliad is not a poem of might as opposed to the Odyssean celebration of guile but that in advocating social and personal reconciliation the poem offers a profound indictment of a warring heroic society Originally published in 1993 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Tragic Narrative Andreas Markantonatos, 2012-10-24 This study of Sophocles Oedipus at Colonus demonstrates the applicability of narrative models to drama It presents a major contribution not only to Sophoclean criticism but to dramatic criticism as a whole For the first time the methods of contemporary narrative theory are thoroughly applied to the text of a single major play Sophocles Oedipus at Colonus is presented as a uniquely rich text which deftly uses the figure and history of the blind Oedipus to explore and thematize some of the basic narratological concerns of Greek tragedy the relation between the narrow here and now of visible stage action and the many off stage worlds that have to be mediated into it through narrative including the past the future other dramatizations of the myth and the world of the fifth century audience

Literature and the Philosophy of Intention Patrick Swinden, 1999-04-12 This book attempts to reinstate the importance of authorial intention by examining arguments against it from a variety of sources American New Criticism European Structuralism and various kinds of postmodernist theory It enlists the aid of Kantian aesthetics and contemporary philosophy of language and action as well as studying the play on intention in the manipulation of character and action in the work of Shakespeare and other English writers from 1600 to the present day *A Reference Guide for English Studies* Michael J. Marcuse, 2023-11-15 Time patterns in Later Dickens Soultana K. Maglavera, 2022-06-08 This study offers a series of readings of Dickens's later novels Bleak House Hard Times Little Dorrit A Tale of Two Cities Great Expectations and Our Mutual Friend The discussions of the novels assume the basic distinction between the arrangement of events in their chronological order story and their arrangement in the narrative plot and are based on Genette's classifications of the various types of anachronies as well as on the more functionally oriented categories of anachronies I myself suggest The temporal organization of the narratives in upsetting the sequential order of events in specific ways invites reflection on the very nature of the notion of causality which in turn is related to two interconnected ideas that truth is not always to be found

by logical reasoning and that appearances do not necessarily convey the truth Closely related to these ideas is a Christian attitude towards time both linear and circular forms of time are subsumed and at the same time re formulated within a Christian vision of time informed by the basic human feelings of love and compassion Writing Exploratory Essays Steven M. Strang,1995 **Writing in Response** Matthew Parfitt,2011-12-23 Writing in Response is a flexible brief rhetoric that offers a unique focus on the critical practices of experienced readers analysis and reflection the skills at the heart of academic writing It helps students compose academic essays by showing how active reading and exploratory writing bring fresh ideas to light and how informal response is developed into polished documented prose Extensively class tested Writing in Response emphasizes the key techniques common to reading thinking and writing throughout the humanities and social sciences by teaching students the value of a social incremental and recursive writing process Read the preface
