Narratives From America:

New Narratives on the Peopling of America T. Alexander Aleinikoff, Alexandra Delano, Alexandra Délano Alonso, 2024-01-30 This work comprises essays from a wide range of perspectives from scholars to poets to create an engaging text that challenges readers on both sides to move beyond a simplistic understandings of immigration history and policy

The Oxford Handbook of the African American Slave Narrative John Ernest, 2014-02-28 Given the rise of new interdisciplinary and methodological approaches to African American and Black Atlantic studies The Oxford Handbook of the African American Slave Narrative will offer a fresh wide ranging assessment of this major American literary genre The volume will begin with articles that consider the fundamental concerns of gender sexuality community and the Christian ethos of suffering and redemption that are central to any understanding of slave narratives The chapters that follow will interrogate the various agendas behind the production of both pre and post Emancipation narratives and take up the various interpretive problems they pose Strategic omissions and veiled gestures were often necessary in these life accounts as they revealed disturbing too painful truths far beyond what white audiences were prepared to hear While touching upon the familiar canonical autobiographies of Frederick Douglass and Harriet Jacobs the Handbook will pay more attention to the under studied narratives of Josiah Henson Sojourner Truth William Grimes Henry Box Brown and other often overlooked accounts In addition to the literary autobiographies of bondage the volume will anatomize the powerful WPA recordings of interviews with former slaves during the late 1930s With essays on the genre s imaginative afterlife its final essays will chart the emergence and development of neoslave narratives most notably in Styron s *The Confessions of Nat Turner* Toni Morrisons s *Beloved* and Octavia Butler s provocative science fiction novel *Kindred* In short the Handbook will provide a long overdue assessment of the state of the genre and the vital scholarship that continues to grow around it work that is offering some of the most provocative analysis emerging out of the literary studies discipline as a whole

Rejection and Disaffiliation in Twenty-First Century American Immigration Narratives Katie Daily, 2018-06-11 *Rejection and Disaffiliation in Twenty First Century American Immigration Narratives* examines changing attitudes about national sovereignty and affiliation Katie Daily delinks twenty first century American immigration narratives from 9 11 examining genre alterations within a scope of literary analysis that is wider than what post 9 11 allows What emerges is an understanding of the speed at which the rhetoric and aims of many twenty first century immigration narratives significantly depart from the traditions established post 1900 Daily investigates a recent trend in which novelists and filmmakers question what it means to be an immigrant in contemporary America and explores how these disaffiliation narratives challenge some of the most fundamental traditions in American literature and society

The Cambridge Companion to the African American Slave Narrative Audrey Fisch, 2007-05-31 The slave narrative has become a crucial genre within African American literary studies and an invaluable record of the experience and history of slavery in the United States This Companion examines the slave narrative s relation to

British and American abolitionism Anglo American literary traditions such as autobiography and sentimental literature and the larger African American literary tradition Special attention is paid to leading exponents of the genre such as Olaudah Equiano Frederick Douglass and Harriet Jacobs as well as many other less well known examples Further essays explore the rediscovery of the slave narrative and its subsequent critical reception as well as the uses to which the genre is put by modern authors such as Toni Morrison With its chronology and guide to further reading the Companion provides both an easy entry point for students new to the subject and comprehensive coverage and original insights for scholars in the field

Richard King, 2000 Scholars from a wide array of disciplines describe and debate postcolonialism as it applies to America in this authoritative and timely collection Investigating topics such as law and public policy immigration and tourism narratives and discourses race relations and virtual communities *Postcolonial America* clarifies and challenges prevailing conceptualizations of postcolonialism and accepted understandings of American culture Advancing multiple even conflicted visions of postcolonial America this important volume interrogates postcolonial theory and traces the emergence and significance of postcolonial practices and precepts in the United States Contributors discuss how the unique status of the United States as the colony that became a superpower has shaped its sense of itself They assess the global networks of inequality that have displaced neocolonial systems of conquest exploitation and occupation They also examine how individuals and groups use music the Internet and other media to reconfigure reinvent and resist postcoloniality in American culture Candidly facing the inherent contradictions of the American experience this collection demonstrates the patterns connections and histories characteristic of postcoloniality in America and initiates important discussions about how these conditions might be changed **Narrative** Michael J Toolan, 2013-11-05 *Narrative* explores a range of written spoken literary and non literary narratives It shows what systematic attention to language can reveal about the narratives themselves their tellers and those to whom they are addressed Topics examined include plot structure time manipulations point of view oral narratives and children s stories This classic text has been substantially rewritten to incorporate recent developments in theory and new technologies and to make it more usable as a course book New materials include sections on film surprise and suspense and online news stories The section on children s narratives has been updated and the discussion of newspaper stories incorporates contemporary examples There are new exercises which relate closely to the chapter content and new sections on further reading **Moral**

Energy in America Rebecca K. Wright, 2025-04-29 How a distinctly American way of thinking about energy shaped US culture and society from the Progressive Era to the atomic bomb In *Moral Energy in America* Rebecca K Wright offers an illuminating exploration of how the concept of energy shaped American thought culture and politics throughout the first half of the twentieth century This essential history traces how politicians sociologists geographers urban planners economists and intellectuals adopted the idea of energy to bolster their social programs and visions of the future through distinctive energy imaginaries Energy was not a stable concept in the period and it appealed to writers and advocates across the political and cultural spectrum While medical practitioners and social workers interwove energy into discussions of race immigration youth and crime mainstream political campaigns appealed to the public by drawing energy into political rhetoric Wright positions energy at the heart of key intellectual debates of the period such as the Bourne Dewey confrontation over America's role in World War I and the rise of technocratic ideas that envisioned energy as a new metric for societal progress In a thirty year era that shook the foundations of American democracy a period punctuated by the Great Depression the rise of communism and fascism abroad two world wars and the atomic bomb energy became a key metaphor through which to understand major transformations in American society Wright demonstrates how energy's many meanings transcended material and scientific definitions to influence everything from racial theories to economic policies and ultimately played a pivotal role in molding the American moral landscape

National Identities and Post-Americanist Narratives Donald E. Pease, 1994 National narratives create imaginary relations within imagined communities called national peoples But in the American narrative alongside the nexus of belonging established for the national community the national narrative has represented other peoples women blacks foreigners the homeless from whom the property of nationness has been removed altogether and upon whose differences from them the national people depended for the construction of their norms Dismantling this opposition has become the task of post national Post Americanist narratives bent on changing the assumptions that found the national identity This volume originally published as a special issue of *boundary 2* focuses on the process of assembling and dismantling the American national narrative sketching its inception and demolition The contributors examine various cultural political and historical sources colonial literature mass movements epidemics of disease mass spectacle transnational corporations super weapons popular magazines literary texts out of which this narrative was constructed and propose different understandings of nationality and identity following in its wake Contributors Jonathan Arac Lauren Berlant Robert J Corber Elizabeth Freeman Kathryn V Lingberg Jack Matthews Alan Nadel Patrick O'Donnell Daniel O'Hara Donald E Pease Ross Posnock John Carlos Rowe Rob Wilson

Cohesion and Dissent in America Carol Colatrella, Joseph Alkana, 1994-01-01 This book addresses one of the most important theories to arise in recent American literary scholarship Developed over the past two decades Sacvan Bercovitch's ideas about the relationship of American cultural institutions to voices of dissent have repeatedly posed challenges to pervasive assumptions about American culture

and the methods used by cultural critics and literary historians The contributors to this book respond to different aspects of Bercovitch's ideas by exploring a wide range of scholarly disciplines including American Chicano Amerindian African American Asian American feminist comparatist philosophical legal and critical studies In addition to essays that focus on the theoretical backgrounds and implications of Bercovitch's concepts this book interrogates the uses of those concepts in the study of American literatures Works by a variety of American writers are analyzed the Colonial poet Phillis Wheatly nineteenth century writers Hawthorne and Melville modernists Pound and Eliot contemporary authors John Barth Norman Mailer Arturo Islas and John Yau and philosophers William James and Stanley Cavell This book offers new directions to students of American culture while it participates in the ongoing reassessment of American cultural and literary scholarship
