## **On Trial Vol II American History Through Court Proceedings And Hearings:**

**TV in the USA** Vincent LoBrutto, 2018-01-04 This three volume set is a valuable resource for researching the history of American television. An encyclopedic range of information documents how television forever changed the face of media and continues to be a powerful influence on society. What are the reasons behind enduring popularity of television genres such as police crime dramas, soap operas, sitcoms, and reality TV? What impact has television had on the culture and morality of American life? Does television largely emulate and reflect real life and society or vice versa? How does television's influence differ from that of other media such as newspapers and magazines, radio, movies, and the Internet? These are just a few of the questions explored in the three volume encyclopedia **TV in the USA: A History of Icons, Idols, and Ideas**. This expansive set covers television from 1950 to the present day, addressing shows of all genres, well known programs, and short lived series alike broadcast on the traditional and cable networks. All three volumes lead off with a keynote essay regarding the technical and historical features of the decade's covered. Each entry on a specific show investigates the narrative themes and history of the program, provides comprehensive information about when the show started and ended and why, and identifies the star players, directors, producers, and other key members of the crew of each television production. The set also features essays that explore how a particular program or type of show has influenced or reflected American society, and it includes numerous sidebars packed with interesting data, related information, and additional insights into the subject matter.

**Free Speech and Censorship** Cari Lee Skogberg Eastman, 2022-02-15 This annotated document collection surveys the history and evolution of laws and attitudes regarding free speech and censorship in the United States, with a special emphasis on contemporary events and controversies related to the First Amendment. The United States' collective understanding of First Amendment freedoms was formed by more than 200 years of tensions between the power of word and the power of the government. During that time, major laws and legal decisions defined the circumstances and degree to which personal expression could be rightfully expressed and rightfully limited. This struggle to define the parameters of free speech continues today. Vibrant and passionate debates about First Amendment limitations, once inspired by the dissemination of birth control information, now address such issues as kneeling during the national anthem, removing controversial books from public libraries, attempts by the Trump administration to discredit the press, and disseminating false or hateful information through social media platforms. By exploring diverse examples of censorship, victories, and triumphs of free expression, readers will better understand the enormous impact of First Amendment freedoms on American society.

**Eisenhower for Our Time** Steven Wagner, 2024-04-15 **Eisenhower for Our Time** provides an introduction to the Eisenhower presidency, extracting lessons for today's world. Steven Wagner proposes that the need to maintain balance defines Eisenhower's presidency. Wagner examines a series of defining moments that were among Eisenhower's greatest challenges, some of which resulted in his greatest accomplishments: the decision to run for president, his political philosophy of the Middle Way, the

creation of a national security policy the French Indochina War Senator Joseph McCarthy the Little Rock Desegregation Crisis the Race for Space and the famous Farewell Address Wagner looks at Eisenhower's executive ability leadership decision making and willingness to compromise as well as the qualities of duty integrity and good character The moments detailed in Eisenhower for Our Time show Eisenhower as a president intimately engaged in the decisions that defined America in his time and that apply to ours today The President's actions place him among the most successful presidents and provide many lessons to guide us in our time and in the future

**Perspectives**, 2004      **The Oxford Handbook of American Women's and Gender History** Ellen Hartigan-O'Connor, Lisa G. Materson, 2018-09-04 From the first European encounters with Native American women to today's crisis of sexual assault The Oxford Handbook of American Women's and Gender History boldly interprets the diverse history of women and how ideas about gender shaped their access to political and cultural power in North America Over twenty nine chapters this handbook illustrates how women's and gender history can shape how we view the past looking at how gender influenced people's lives as they participated in migration colonialism trade warfare artistic production and community building Theoretically cutting edge each chapter is alive with colorful historical characters from young Chicanas transforming urban culture to free women of color forging abolitionist doctrines Asian migrant women defending the legitimacy of their marriages and transwomen fleeing incarceration Together their lives constitute the history of a continent Leading scholars across multiple generations demonstrate the power of innovative research to excavate a history hidden in plain sight Scrutinizing silences in the historical record from the inattention to enslaved women's opinions to the suppression of Indian women's involvement in border diplomacy the authors challenge the nature of historical evidence and remap what counts in our interpretation of the past Together and separately these essays offer readers a deep understanding of the variety and centrality of women's lives to all dimensions of the American past even as they show that the boundaries of women American and history have shifted across the centuries

**OAH Annual Meeting** Organization of American Historians. Meeting, 2004      **On Trial** Robert D. Marcus, Anthony Marcus, 1998-08-06 The trials and hearings presented in the two volumes of On Trial capture much of American history in the intensity of courtroom confrontation and argument Judicial proceedings have long fascinated both historians and the general public Newspapers give extensive coverage both to trials that command national attention and to the many that appeal to local interest Examining these trials and hearings makes possible not only an understanding of the larger issues surrounding them but a deepened perception of the society in which each occurred As Natalie Zemon Davis writes a remarkable dispute can sometimes uncover motivations and values that are lost in the welter of the everyday On Trial is the first anthology based on edited transcripts of trials and hearing that is intended for use in American history survey classrooms

**Hearings** United States. Congress. House. Committee on Ways and Means, 1959      *Routledge Revivals: Encyclopedia of American Civil Liberties (2006)* Paul Finkelman, 2018-04-17 Originally published in 2006 the Encyclopedia of American Civil Liberties is a
