Parliamentary Power in Russia, 1994-2001 T. Troxel, 2002-12-09 This book is the first study of the power of the Russian Parliament in the policy process from 1994 2001 within the context of executive legislative relations It challenges the widely held view that between 1994 and 2001 Russia had a presidential system with a strong authoritarian leader who ruled by decree and a weak parliament which did not have much power *Legislative Politics and Economic Power in Russia* P.

Chaisty, 2006-04-12 Chaisty looks at the legislative actors and institutions that have shaped economic law making in Russia since 1990 Assessing the influence of partisan bureaucratic regional and corporate interests in Russia s post communist parliaments the book considers Russia s political stability and economic development **Privatization and Transition in**

Russia in the Early 1990s Carol Scott Leonard, David Pitt-Watson, 2013-06-19 Few economic events have caused such controversy as the privatization process in Russia Some see it as the foundation of political and economic freedom For others it was economics gone wrong and ended in Russians stealing money from their own country As Russia reasserts itself and its new brand of capitalism it is ever more important that policy makers and scholars understand the roots of the economic structure and governance of that country what was decided who made the decisions and why what actually transpired and what implications this has for the future of Russia This work written by two senior advisors to the Russian government has unique access to documentation tracking the decision making process in the Russian Mass Privatization process By close reference to events and supplemented by interviews with many of the key participants it shows that the policies adopted were often influenced and shaped by different forces than those cited by current popular accounts The book challenges the interpretation of Russian privatization by some of the West s most eminent economists It underlines that economists of all schools who bring assumptions from the West to the analysis of Russia may reach false or misleading conclusions It is an essential guide for anyone interested in Russian economic reform and anyone who seeks to understand this enigmatic country and its actions today **Handbook of Parliamentary Studies** Cyril Benoît, Olivier Rozenberg, 2020-11-27 This

comprehensive Handbook takes a multidisciplinary approach to the study of parliaments offering novel insights into the key aspects of legislatures legislative institutions and legislative politics Connecting rich and diverse fields of inquiry it illuminates how the study of parliaments has shaped a wider understanding surrounding politics and society over the past decades

The Origins of Dominant Parties Ora John Reuter, 2017-04-27 In many autocracies regime leaders share power with a ruling party which can help generate popular support and reduce conflict among key elites Such ruling parties are often called dominant parties In other regimes leaders prefer to rule solely through some combination of charisma patronage and coercion rather than sharing power with a dominant party This book explains why dominant parties emerge in some nondemocratic regimes but not in others It offers a novel theory of dominant party emergence that centers on the balance of power between rulers and other elites Drawing on extensive fieldwork in Russia original data on Russian political

Melvin,2003-11-04 Drawing upon extensive archival and other original sources *Soviet Power and the Countryside* offers a new approach to understanding the political dynamics that led to the collapse of the Soviet order A detailed analysis of the design implementation and collapse of Soviet policy toward the countryside is used to explore the implications of a broadening of participation in the policy process from the 1960s Neil J Melvin argues that the new knowledge about rural society created as a result of this process provided the basis for a fundamental change in the nature of power relations in the Soviet order leading to the decay and eventual collapse of policy making institutions **Anti-Apartheid and the Emergence**
