maybe it is the two fingers missing from his right hand or perhaps it is the way he declines accepting Dom's change and instead stares Franklin right in the eye before hissing I want yours The next day Dom is dead and Franklin returns home to find that the man who answers the desperate terrified cries of his wife and children is missing two fingers from his right hand and seems to take a terrible pleasure from throwing Franklin out of his own home to the streets From there Franklin embarks on a quest to reclaim his family from the clutches of a madman a thief of lives whose body count stretches back centuries
