Eco-tracking Daniel Shaw, 2010-12-16 In this much needed work for our nation s youth Daniel Shaw tracks the interconnections of small regional ecosystems to larger ones and in the process demonstrates the accessibility of nature to everyone As Shaw notes in his introduction the story that is too often told about the environment is one about despair and destruction which basically suggests to young people that all is lost and everything was better before their time Instead this book tells true life success stories of young people involved in citizen science efforts and how others can join in tracking climate change local wildlife and other parts of the natural world Shaw s work demonstrates by example a story of hope for a natural environment that exists in the world At the core of this book is the notion that humans are components of their ecosystems Shaw encourages readers to learn what becomes of their outputs and to understand human contributions to various ecological cycles Sidebars and activities give readers a chance to discover these cycles right in their backyards and to link their discoveries to neighborhood environments

Two Months in a London Hospital Arnold James Cooley, 1865 **Look Wot I Dun: Don Powell of Slade** Don Powell, Lise Lyng Falkenberg, 2013-10-11 Look What I Dun is the story of Slade told through the eyes of drummer Don Powell whose life was shattered when in 1973 at the height of the group s fame he was involved in a horrific car crash Unflinching in his honesty Powell deals frankly with the aftermath of the accident that took the life of his girlfriend and left him with injuries that affect him to this day Leaders of the glam rock movement Slade were the UK s biggest singles band in the years 1971-74 Their many hits have become rock n roll standards not least Merry Christmas Everybody arguably Britain s all time favourite Christmas song For Don Powell though success came at a price Lucky to survive the aftermath of his accident included alcoholism financial woes and a life of reckless promiscuity Now sober and settled in Denmark with an adopted family of his own Don Powell s story as told to Lise Lyng Falkenberg is a no nonsense journey to the heights and depths of the rock world

The Impact of Heir Property on Black Rural Land Tenure in the Southeastern Region of the United States Emergency Land Fund (U.S.), 1980 **How to Be Multiple** Helena de Bres, 2023-11-07 Philosopher Helena de Bres uses the curious experience of being a twin as a lens for reconsidering our place in the world with illustrations by her identical twin Julia Wait are you you or the other one Which is the evil twin Have you ever switched partners Can you read each other s mind Twins

get asked the weirdest questions by strangers loved ones even themselves For Helena de Bres a twin and philosophy professor these questions are closely tied to some of philosophy s most unnerving unknowns What makes someone themselves rather than someone else Can one person be housed in two bodies What does perfect love look like Can we really act freely At what point does wonder morph into objectification Accompanied by her twin Julia s drawings Helena uses twinhood to rethink the limits of personhood consciousness love freedom and justice With her inimitably candid wry voice she explores the long tradition of twin representations in art myth and popular culture twins peculiar social standing and what it s really like to be one of two With insight hope and humor she argues that our reactions to twins reveal our broader desires and fears about selfhood fate and human connection and that reflecting on twinhood can help each of us twins and singletons alike recognize our own multiplicity and approach life with greater curiosity imagination and courage
