Blanksten,2023-11-15 Ecuador Constitutions and Caudillos is a scholarly exploration of the political system and instability of Ecuador offering valuable insights into Latin American governance The book addresses the broader issues of political instability that have plagued many Latin American countries particularly in relation to revolution caudillismo and ineffective constitutional structures Professor Blanksten s study based on both library research and fieldwork in Ecuador examines the country s political landscape including its chronic problems and the broader implications for similar issues in other nations with large indigenous populations Ecuador is presented as a classic case for studying Latin American political instability and while the book does not offer a definitive solution to these problems it contributes to a deeper understanding of the challenges faced by Ecuador and other Hispano American states The volume aims to make two key contributions First it provides an interpretation of political instability in Ecuador which may help shed light on comparable issues in other Latin American republics Second it contributes to the development of political science literature on Latin America by filling in a crucial gap in basic knowledge about the individual countries The author s personal connection to Ecuador having lived there for six months and interacted with people from various regions of the country adds depth to the study The book is not only a research project but also a personal reflection on the Ecuadorian people and their political struggles balanced with the academic rigor needed for understanding the broader political issues in Latin America This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1951
