Slusser, Jaume Martí-Olivella, 2022-06-08 The Fantastic Other is a carefully assembled collection of essays on the increasingly significant question of alterity in modern fantasy the ways in which the understanding and construction of the Other shapes both our art and our imagination The collection takes a unique perspective seeing alterity not merely as a social issue but as a biological one Our fifteen essays cover the problems posed by the Other which after all go well beyond the bounds of any single critical perspective With this in mind we have selected studies to show how insights from deconstruction Marxism feminism and Freudian Jungian and evolutionary psychology help us understand an issue so central to the act of reading Obra completa: Quizá nos lleve el viento al infinito Gonzalo Torrente Ballester, 1998 *Manuel Martín Serrano*, 1984 **Espanoles y extranjeros** Pedro Carrero Eras, 1990 *The Contemporary Spanish Novel* Samuel Amell, 1996-01-19 Although there are several annotated bibliographies of contemporary Spanish novelists this book covers critical works published on the post civil war Spanish novel as a literary form The volume cites books and articles and each citation is accompanied by a descriptive and evaluative annotation The work contains a section of entries on books and another on articles Entries within each section are arranged alphabetically Included are entries primarily for studies published in English or Spanish though some in Catalan French Galician and Italian are also cited In the last decades there has been an explosion of critical works on the post civil war Spanish novel This proliferation of material causes serious problems for scholars conducting research on the subject While there are bibliographies of particular novelists this book deals with general studies of trends topics and comparative approaches The volume primarily cites works published in English or Spanish but it also includes some in Catalan French Galician and Italian The volume is divided into two sections books and articles Within each section entries are arranged alphabetically Each citation is accompanied by a descriptive and evaluative annotation The annotations provide information about the topic content and methodology of the works cited and express an opinion of the works value The length of the annotations varies according to the importance of the topic Author and title indexes add to the utility of the work Magical Realism and Beyond Roy Boland, Sally Harvey, 1991 **Host**
