**Wisdom & Metaphor** Jan Zwicky, 2014-04-17 In the foreword to Wisdom Metaphor Jan Zwicky observes that those who think metaphorically are enabled to think truly because the shape of their thinking echoes the shape of the world Wisdom Metaphor explores the ways we come to understand the world through analogical structures and the relation of this form of knowing to conventional epistemology and ontology Zwicky uses the nature of the book itself with its facing pages to create resonant structures of aphorism and quotation which allow the reader to experience the kind of thinking she describes The author's wide ranging influences coupled with an understated largely spatial style of discourse make this a remarkably original approach to long standing questions about meaning and language It offers a unique and compelling argument for the fundamental importance of metaphor to philosophy *Basic Reference Sources* Margaret Taylor, Ronald R.
