R Frank Atwood An Oral History:

R. Frank Atwood Roy Franklin Atwood, 2003-01-01 **John Spellman** John Charles Hughes, 2013 *Slavery and Freedom in the Bluegrass State* Gerald L. Smith, 2023-02-21 Stephen Foster's My Old Kentucky Home has been designated as the official state song and performed at the Kentucky Derby for decades. In light of the ongoing social justice movement to end racial inequality, many have questioned whether the song should be played at public events given its inaccurate depiction of slavery in the state. In *Slavery and Freedom in the Bluegrass State*, editor Gerald L. Smith presents a collection of powerful essays that uncover the long forgotten stories of pain, protest, and perseverance of African Americans in Kentucky. Using the song and the museum site of My Old Kentucky Home as a central motif, the chapters move beyond historical myths to bring into sharper focus the many nuances of Black life. Chronologically arranged, they present fresh insights on topics such as the domestic slave trade, Black Shakers rebellion, and racial violence prior to the Civil War. Reconstruction, the fortitude of Black women as they pressed for political and educational equality, the intersection of race and sports, and the controversy over a historic monument. Taken as a whole, this groundbreaking collection introduces readers to the strategies African Americans cultivated to negotiate race and place within the context of a border state. Ultimately, the book gives voice to the thoughts, desires, and sacrifices of generations of African Americans whose stories have been buried in the past. Collins, 1993 *The U.S. Army Combat Historian and Combat History Operations* Kathryn Roe Coker, Jason Wetzel, 2023-09-14 How is history useful for an operational commander or to soldiers in general? What role does history have for doctrine and training to the U.S. Army as an institution? These are questions this book answers as the authors narrate the development of combat historians and the evolving role of combat historians as they develop history into a useful tool for informing training operations and doctrine development. New York: Journal of Books. In World War I, Major General Pershing proposed the idea of establishing a historical office within the AEF headquarters. The War Department reorganized the General Staff to include a Historical Branch. Evidence shows that soldiers acting as historians went down range, albeit not into combat. By World War II, the situation had changed. Whether S. L. A. Marshall's popping out of a billet in Sibret as a shell exploded on the road, Forrest Pogue's typing on a little camp desk under an apple tree, Chester Starr's terrain reconnaissance in the Mediterranean theater, or Ken Hechler's command of a four-man historical team interviewing soldiers at the Remagen Bridge and searching through secret documents, the World War II combat historians were there, behind and on the front lines, with a notebook in one hand and their carbine in the other, ever ready to collect battlefield information. Eight historical service detachments were deployed to Korea. The youngest commander, 1st Lieutenant Bevin Alexander, noted, "We were on the front lines the whole time."

We would interview the people afterwards and create a battle study After the Korean War the duties of the combat historian further evolved as what became the Center of Military History published doctrine about military history detachments MHDs As America's immersion in Vietnam escalated there was concern regarding historical coverage Chief of Military History Brigadier General Hal Pattison established a network of historical teams to collect information on the U S Army in the war A major development in the history program and in deploying MHDs came with the establishment of Headquarters U S Army Vietnam USARV under General William C Westmoreland's command In 1965 the history office was organized at Headquarters U S Army Vietnam USARV MHDs were deployed across Vietnam conducting combat after action interviews and collecting documents This study focuses on U S Army historical programs during combat operations from World War I to the Vietnam War with particular attention on the combat historians those individuals deployed to a theater of war with the mission of documenting the actions of that theater for current and future historical use [Guide to Research Collections of Former United States Senators 1789-1982](#) United States. Brute Robert Coram, 2010-11-10 The author of *American Patriot* details the life of an innovative U S Marine Corps veteran of World War II the Korean War and the Vietnam War From the earliest days of his thirty four year military career Victor Brute Krulak displayed a remarkable facility for applying creative ways of fighting to the Marine Corps He went on daring spy missions

was badly wounded pioneered the use of amphibious vehicles and masterminded the invasion of Okinawa In Korea he was a combat hero and invented the use of helicopters in warfare In Vietnam he developed a holistic strategy in stark contrast to the Army's Search and Destroy methods but when he stood up to LBJ to protest he was punished And yet it can be argued that all of these accomplishments pale in comparison to what he did after World War II and again after Korea Krulak almost single handedly stopped the U S government from abolishing the Marine Corps Praise for Brute Coram captures General Krulak's striding march across the Marine Corps and across the American century and is a meticulous investigator of the things that drove Brute Krulak not all of them pretty Brute is plainspoken and absorbing and captures its subject in strokes that are sharp simple and often funny Dwight Garner The New York Times A well written tale about a complicated yet admirable man James Srodes The Washington Times A revealing and troubling portrait of a much revered figure Kirkus Reviews

Kevin C. Murphy, 2014-09-24 For two weeks during the spring of 1942 the Bataan Death March one of the most widely condemned atrocities of World War II unfolded The prevailing interpretation of this event is simple American prisoners of war suffered cruel treatment at the hands of their Japanese captors while Filipinos sympathetic to the Americans looked on Most survivors of the march wrote about their experiences decades after the war and a number of factors distorted their accounts The crucial aspect of memory is central to this study how it is constructed by whom and for what purpose This book questions the prevailing interpretation reconsiders the actions of all three groups in their cultural contexts and suggests a far greater complexity Among the conclusions is that violence on the march was largely the result of a clash of cultures undisciplined individualistic Americans encountered Japanese who valued order and form while Filipinos were active even ambitious participants in the drama **Standing on a Volcano** Harper Barnes, 2001 Standing on a Volcano The Life and
