Rabindranath Tagore I Wont Let You Go Selected Poems

Rabindranath Tagore I Won't Let You Go Selected Poems:

I Won't Let You Go Rabindranath Tagore, 2011 In this stunning collection of poems by Nobel laureate Rabindranath Tagore acclaimed translator Ketaki Kushari Dyson brilliantly captures the energy and lyricism of the legendary poet's verses. The title poem evokes the inner turmoil of a man who must return to the drudgery of work after visiting his home for the Durga Puja vacation. Haunted by his four-year-old daughter's parting words, "I won't let you go," he finds his anguish reflected in the vagaries of nature, with the earth echoing his pain. The other poems in this collection brim with Tagore's compassionate humanity and delicate sensuousness. From detailing the nuances of intimate relationships to ruminating on the vast cosmos, these poems glow with a burning awareness of man's place in the universe, reaffirming Tagore's reputation as one of India's greatest modern poets. In what a profound sadness are sky and earth immersed. The further I go, the more I hear the same piteous note, "I won't let you go."

I Won't Let You Go Rabindranath Tagore, 2010 Poetry Book Society Recommended Translation Rabindranath Tagore 1861-1941 is India's greatest modern poet and the most brilliant creative genius produced by the Indian Renaissance. As well as poetry, he wrote songs, stories, and novels, plays, essays, memoirs, and travelogues. He was both a restless innovator and a superb craftsman, and the Bengali language attained great beauty and power in his hands. He created his own genre of dance drama and is one of the most important visual artists of modern India. He won the Nobel Prize for Literature in 1913. Tagore's poetry has an impressive wholeness, a magnificent loving warmth, a compassionate humanity, a delicate sensuousness, an intense sense of kinship with nature, and a burning awareness of man's place in the universe. He moves with effortless ease from the literal to the symbolic, from the part of the whole, from a tiny detail to the vast cosmos. He is religious in the deepest sense, wavering between a faith that sustains the spirit in times of crisis or fills it with energy and joy in times of happiness, and a profound questioning that can find no enduring answers. To him, the earth is a vulnerable mother who clings to all her offspring, saying, "I won't let you go," to the tiniest blade of grass that springs from her womb, but who is powerless to prevent the decay and death of her children. This is the revised and enlarged second edition of a substantial selection of Tagore's poems and songs, translated with an illustrated introduction, notes, and glossary by the bilingual writer Ketaki Kushari Dyson, who lives in Oxford. Poet, novelist, playwright, translator, linguist, and critic, she is one of the outstanding Bengali writers of her generation and has published more than thirty titles in her two languages, including acclaimed scholarly works on Tagore.

Selected Poems Rabindranath Tagore, 2005-03-31 The poems of Rabindranath Tagore 1861-1941 are among the most haunting and tender in Indian and in world literature, expressing a profound and passionate human yearning. His ceaselessly inventive works deal with such subjects as the interplay between God and the world, the eternal and the transient, and with the paradox of an endlessly changing universe that is in tune with unchanging harmonies. Poems such as "Earth" and "In the Eyes of a Peacock" present a picture of natural processes unaffected by human concerns, while others, as in "Recovery 14," convey the poet's bewilderment about his place in the world. And exuberant works

such as New Rain and Grandfather's Holiday describe Tagore's sheer joy at the glories of nature or simply in watching a grandchild play

Mystic Modernity Ashim Dutta, 2021-12-05 This is a transnational and bilingual investigation of the cross fertilisation of mystical religiosity and modern poetical imagination in the works of the Bengali poet Rabindranath Tagore and the Irish poet W B Yeats The book demonstrates how their commitments to transnational mysticism deeply form and inform the modernist literary projects of these poets as well as their understanding of cultural modernity Although its primary interest lies in their poetry and poetics the monograph also includes some of their relevant prose works This study begins with a close look at and around the phase of 1912-1913 when Yeats and Tagore met over the collection of the latter's English translations of his spiritual verses Gitanjali and took mutual interests in each other's works and cultural significances The monograph then expands on both sides of that phase selectively covering the whole career of the poets in its exploration of their parallel mystic modern cultural poetical projects

Discourses of Empire and Commonwealth Sandra Robinson, Alastair Niven, 2016-11-01 In Discourses of Empire and Commonwealth a range of prominent writers and critics reflect on the legacy of imperialism and the role of writers in forging a new more cosmopolitan identity The contributors writing about a wide range of countries affirm the freedom of the human spirit even within unjust or oppressive social systems They show the power of words to illuminate injustices and unite different peoples Salman Rushdie famously declared that Commonwealth Literature has had its day this book provides a vital antidote to this idea Editors Sandra Robinson and Alastair Niven have put together this mixture of personal reflections critical overviews historical re-evaluations and creative works to illustrate the vitality of this genre

"Gitanjali" of Rabindranath Tagore: With Critical Evaluations SAMIRAN KUMAR PAUL, 2020-04-14 Gitanjali of Rabindranath Tagore With Critical Evaluations which was originally published with the same title and content in 2006 depicts Tagore's spiritual journey towards the Supreme Being It is a collection of devotional songs in which he offers his prayer to God But the religious fervour of these songs never affects the poetic beauty It appeals to the readers with its oceanic depth expressed in simplicity optimism and spiritual affirmation richness and variety humanization of the divine use of domestic image and symbols The relationship between the Supreme Being and human being is shown This book is a modest endeavour to evaluate the complete poems Nature common people music humanity sympathy and sense perceptions are the core feelings of these poems Tagore uses a wide range of vivid and picturesque image and symbols which are drawn from everyday life as well as from age old myths Several symbols like light boat cloud pitcher flute palace flowers river star sky recur in his songs These natural objects are used to convey deeper

spiritual truth **Righteous Republic** Ananya Vajpeyi, 2012-10-31 What India's founders derived from Western political traditions is widely understood. Less well known is how India's own rich knowledge traditions of 2 500 years influenced these men. Ananya Vajpeyi furnishes this missing account showing how five founders turned to classical texts to fashion an original sense of Indian selfhood.

Universalist Hopes in India and Europe Ana Jelnikar, 2016-02-18 In 1913 Rabindranath Tagore received the Nobel Prize in Literature. World famous overnight, he was translated into numerous languages. Meanwhile in Slovenia a young, still anonymous poet felt strongly drawn to the newly available works of the Indian bard. This young man was Sre ko Kosovel, who is today hailed as Slovenia's leading avant garde poet of the interwar period. But what could Kosovel then barely out of his teens have in common with a figure of Tagore's stature? Deeply affected by Italy's conquest of parts of Slovene populated territory, Kosovel was able to identify with Tagore and relate to the historical predicament of colonial subjugation. Despite coming from different backgrounds, they were kindred spirits: a dynamic creative ideal of universalism lay at the core of their concerns. As a true universalist in the sense of feeling empathy with the less fortunate, it was more in the spirit of equality that Kosovel approached Tagore. This volume is the first comparative study of the writings of these two poets who lived worlds apart but spoke in strikingly similar voices. It explores the links between India and East Central Europe in the early decades of the twentieth century and gives expression to responses from within Europe that have largely been overlooked in postcolonial and cultural studies.

Handbook of Twentieth-Century Literatures of India Nalini Natarajan, 1996-09-09 India has a rich literary assemblage produced by its many different regional traditions, religious faiths, ethnic subcultures, and linguistic groups. The published literature of the 20th century is a particularly interesting subject and is the focus of this book, as it represents the provocative conjuncture of the transitions of Indian modernity. This reference book surveys the major regional literatures of contemporary India in the context of the country's diversity and heterogeneity. Chapters are devoted to particular regions, and the arrangement of the work invites comparisons of literary traditions. Chapters provide extensive bibliographies of primary works, thus documenting the creative achievement of numerous contemporary Indian authors. Some chapters cite secondary works as well, and the volume concludes with a list of general works providing further information. An introductory essay overviews theoretical concerns, ideological and aesthetic considerations, developments in various genres, and the history of publishing in regional literatures. The introduction provides a context for approaching the chapters that follow, each of which is devoted to the literature of a particular region. Each chapter begins with a concise introductory section. The body of each chapter is structured according to social and historical events, literary forms, or broad descriptive or analytic trends, depending on the particular subject matter. Each chapter then closes with an extensive bibliography of primary works, thus documenting the rich literary tradition of the region. Some chapters also cite secondary sources as an aid to the reader. The final chapters of the book address special topics such as sub-cultural literatures or the interplay between literature and film. A list of additional sources of general information concludes

the volume Tagore and the Margins of the Nation under Colonialism Amartya Mukhopadhyay, 2023-12-12 This book focuses on India's anti colonial politics which Rabindranath Tagore 1861-1941 brought into the mainstream of nationalist thinking. It browses through the entire corpus of Tagore's writings in the genres of poetry, fiction and essays to glean both used and hitherto unused untranslated writings that illumine Tagore's gender consciousness and proto feminist thought and empathy presenting it in a wholly new light. It teases out Tagore's original views on India's industrial capitalist development and his views on the roles of applied scientists and engineers in it to highlight his critique of the nature of science teaching in colonial India. The volume also delineates Tagore's Upaniadic ecologism that creatively evoked anticolonialism and patriotism. Lucid and topical, the book will be indispensable for students and researchers in the fields of comparative literature, history, political science, international relations and sociology at all levels and anybody interested in literary criticism and cultural studies.

Christian Mindfulness Peter Tyler, 2018-09-28 Many Christian commentators have been taken aback by the seemingly unstoppable rise of the mindfulness revolution that has occurred over the past decade. But there are many Christians who worry that mindfulness techniques constitute a covert import from Buddhism. How far are Christians adopting Buddhist techniques, ideas and ideologies? Do we risk squaring Buddhist ideology and approaches to fit the Christian circle? Beginning with an exploration of the practice of mindfulness in its Buddhist origins, Peter Tyler reflects on the practical use of mindfulness, its place within the Christian tradition of prayer and its future within the Christian tradition. Tyler argues that far from a foreign import, mindfulness is not only endemic but essential to the Christian understanding of how the human person relates to the divine. Each chapter concludes with practical exercises to help the reader in their understanding of mindfulness in the Christian context.

Empire, the National, and the Postcolonial, 1890-1920 Elleke Boehmer, 2005-01-06 *Empire the National and the Postcolonial 1890-1920* explores the political co-operations and textual connections which linked anti colonial nationalist and modernist groups and individuals in the empire in the years 1890-1920. By developing the key motifs of lateral interaction and colonial interdiscursivity, Boehmer builds a picture of the imperial world as an intricate network of surprising contacts and margin to margin interrelationships and of modernism as a far more constellated cultural phenomenon than previously understood. Individual case studies consider Irish support for the Boers in 1899-1902, the path breaking radical partnership of the Englishwoman Sister Nivedita and the Bengali extremist Aurobindo Ghose, Sol Plaatje's conflicted South African nationalism and the cross border cosmopolitan involvements of W.B. Yeats, Rabindranath Tagore and Leonard Woolf. Underlining Frantz Fanon's perception that a colonized people is not alone, Boehmer significantly questions prevailing postcolonial paradigms of the self defining nation, syncretism and mimicry and dismantles still dominant binary definitions of the colonial relationship.
