## **Race First:**

Race First Tony Martin, 1986 A classic study of the Garvey movement this is the most thoroughly researched book on Garvey's ideas by a historian of black nationalism      The Ultimate African Solution, Race...First Brick CC Crawford, 2018-04-05 Ever since I came into being I've often wondered about the real purpose for my existence I observe the surrounding elements the sun the moon the astronomical number of stars and galaxies and to be a part of this universal expanse makes me believe that there is much more to this equation than being born live then die I arrived on this earth through the African bloodline and it didn't take long to notice the vast discrepancies amongst the races where Africans are thoroughly overlooked on the world stage We are underrepresented in regards to important decisions been made above our heads and disrespect of the Black race is IN YOUR FACE blatant A Black person born today will endure the same fate as Black people did a hundred years ago and the system is designed to maintain Africans in the same dependent position for many generations to come Black people in the western hemisphere has been geared to only strive for an elusive equality when reunification with Mother Africa should be our ultimate goal to achieve racial parity THE ULTIMATE AFRICAN SOLUTION will solve all of Black people's problems and provide the whole African race with one hundred percent employment for this and future generations The negative effects that slavery and colonialism has on the African's psyche must be affectively nullified first and foremost in order to step up in race There are numerous steps to take to overcome the mental struggles caused from the enslavement of the mind syndrome and ridding the African race of self hate tops the list Africans It is imperative that we revel in each other's successes and instead of willfully keeping ourselves down we offer helping hands to pick each other up Africa is due reparation for the atrocities that our ancestors had to bear in order for the two races here in question to be able to truly coexist as nature intended Fighting on their behalf to make right them being wronged throughout five hundred years of recent history and still counting will allow our deserving ancestors to finally rest in peace THE ULTIMATE AFRICAN SOLUTION will be achieved without any human beings losing their lives No one have to die      *The Writing and Reception of Race First* Martin Tony, 1978 This is Tony Martin's account of the writing of *Race First* the seminal work on Marcus Garvey and the Universal Negro Improvement Association      *Race Or Ethnicity?* Jorge J. E. Gracia, 2007 What is race What is ethnicity Should we think of them as identities Can they be effectively individuated How are they related How do the relations between them influence pressing issues concerned with social identity gender racism assimilation exploitation justice the law and public policy And how are the answers to these questions affected by the Black and Latino experience in the United States From the Preface This collection of new essays explores the relation between race and ethnicity and its social and political implications Although much work has been done on the philosophy of race in the past century in the United States the concept of ethnicity has only recently awoken the interest of American philosophers and the relations between race and ethnicity remain largely unexamined The discussion is divided into two parts dealing on the

one hand with the nature and the relation between race and ethnicity and on the other with the social consequences of the complex relations between them Part I explores in particular the debated topic of racial and ethnic identities Does it make sense to speak of racial and ethnic identities and especially of black and Latino identities And if it does make sense how should these identities be conceptualized and how are they related to gender Part II examines how race and ethnicity have influenced the lot of some social groups in significant ways How do racially defined institutions deal with racial assimilation How do different conceptions of race and ethnicity influence public policy and various forms of racism How can exploited racial and ethnic groups be effectively recognized And what is the role of affect in social justice as dispensed by the courts
