Burney,2016-01-30 Although Cottontip wants to practice for the big race with his friends his mother needs his help first He doesn't realize it but by helping Mother Rabbit Cottontip gets his wish and it pays off in the end Race? Ian Tattersall,Rob DeSalle,2011-09-01 Race has provided the rationale and excuse for some of the worst atrocities in human history Yet according to many biologists physical anthropologists and geneticists there is no valid scientific justification for the concept of race To be more precise although there is clearly some physical basis for the variations that underlie perceptions of race clear boundaries among races remain highly elusive from a purely biological standpoint Differences among human populations that people intuitively view as racial are not only superficial but are also of astonishingly recent origin In this intriguing and highly accessible book physical anthropologist Ian Tattersall and geneticist Rob DeSalle both senior scholars from the American Museum of Natural History explain what human races actually are and are not and place them within the wider perspective of natural diversity They explain that the relative isolation of local populations of the newly evolved human species during the last Ice Age when Homo sapiens was spreading across the world from an African point of origin has now begun to reverse itself as differentiated human populations come back into contact and interbreed Indeed the authors suggest that all of the variety seen outside of Africa seems to have both accumulated and started reintegrating within only the last 50 000 or 60 000 years the blink of an eye from an evolutionary perspective The overarching message of *Race Debunking a Scientific Myth* is that scientifically speaking there is nothing special about racial variation within the human species These distinctions result from the working of entirely mundane evolutionary processes such as those encountered in other organisms *Pre-Race Tensions* Gordon Bell,2014-08-19 A high octane adventure set in the fast paced world of Formula 1 It's only a few days until the British Grand Prix the closing race of the Formula One season and Ray Swan Britain's Top Driver is missing Pre race tensions have rarely been greater *Accidents of Nature* David L. Brannon,2013-11 The 26 stories include topics for about women men children military dogs aviation politics and sci fi Most of the stories are humorous or ironic Some may scare the pants off of you There is a story about the invasion of the United States because of a failure in our leadership There is a story about a secret society in our midst that loses control of one of its members There is a story about ghosts and another about ghost dogs It's a book for people who want to have fun reading as well as stories that may cause you to wonder about our future **RuPaul's Drag Race and Philosophy** Hendrik Kempt,Megan Volpert,2019-12-03 As RuPaul has said this is the Golden Age of Drag and that's chiefly the achievement of RuPaul's Drag Race which in its eleventh year is more popular than ever and has now become fully mainstream in its appeal The show has
