Classrooms Erin A. Mikulec,Paul Chamness Iida,2016-11-01 Teacher Education programs have largely ignored the needs of LGBTIQ learners in their preparation of pre service teachers At best in most of such programs their needs are addressed in a single chapter in a book or as the topic of discussion in a single class discussion However is this minimal discussion enough What kind of impact does this approach have on future teachers and their future learners This book engages the reader in a dialogue about why teacher education must address LGBTIQ issues more openly and why teacher education programs should revise their curriculum to more fully integrate the needs of LGBTIQ learners throughout their curriculum rather than treat such issues as a single isolated topic in an insignificant manner Through personal narratives research and conceptual chapters this volume also examines the different ways in which queer youth are present or invisible in schools the struggles they face and how teachers can be better prepared to reach them as they should any student and to make them more visible The authors of this volume provide insight into the needs of future teachers with the aim of bringing about change in how teacher education programs address LGBTIQ needs to better equip those entering the field of teaching *Unraveling Assumptions* Karen L. Suyemoto,Roxanne A. Donovan,Grace S. Kim,2022-06-01 *Unraveling Assumptions* A Primer for Understanding Oppression and Privilege offers fundamental understandings of concepts and frameworks related to diversity and social justice Aimed at university and community audiences it offers an introductory exploration of power privilege and oppression as foundations of systems of inequality and examines complexities within meanings and lived experiences of race ethnicity gender sexuality disability and social class After considering why it is so difficult to engage these issues the authors

explore meanings and impacts of power privilege and oppression as a primary lens of analysis Subsequent chapters offer definitions of race ethnicity gender sexuality disability and social class identifying erroneous assumptions and challenging the tendency to oversimplify and decontextualize Meanings identities and effects of oppression and privilege are central foci within each chapter The book ends with a chapter examining ways that individuals may take action as allies and advocates to resist oppression Throughout the book *Unraveling Assumptions* makes connections among individual interpersonal and systemic levels of inequality while focusing on relational and psychological implications for lived experience including the reader's lived experience By integrating social science research with concrete examples and personal reflection this concise introductory level text invites the reader to consider the costs of systemic hierarchies for all people and envision possible alternatives to participating in oppressive hierarchy *Unraveling Assumptions* is a book for students and community to learn about privilege and oppression The authors companion book *Teaching Diversity Relationally* offers process oriented guidance for educators teaching this material to successfully negotiate the inherent psychological and relational challenges

Arrested Justice Beth E. Richie, 2012-05-22 Illuminates the threats Black women face and the lack of substantive public policy towards gendered violence Black women in marginalized communities are uniquely at risk of battering rape sexual harassment stalking and incest Through the compelling stories of Black women who have been most affected by racism persistent poverty class inequality limited access to support resources or institutions Beth E. Richie shows that the threat of violence to Black women has never been more serious demonstrating how conservative legal social political and economic policies have impacted activism in the U.S. based movement to end violence against women Richie argues that Black women face particular peril because of the ways that race and culture have not figured centrally enough in the analysis of the causes and consequences of gender violence As a result the extent of physical sexual and other forms of violence in the lives of Black women the various forms it takes and the contexts within which it occurs are minimized at best and frequently ignored *Arrested Justice*

Mississippi Praying Carolyn Renée Dupont, 2015-09 Winner of the 2013 Frank S and Elizabeth D Brewer Prize presented by the American Society of Church History *Mississippi Praying* examines the faith communities at ground zero of the racial revolution that rocked America This religious history of white Mississippians in the civil rights era shows how Mississippians intense religious commitments played critical rather than incidental roles in their response to the movement for black equality During the civil rights movement and since it has perplexed many Americans that unabashedly Christian Mississippi could also unapologetically oppress its black population Yet as Carolyn Ren e Dupont richly details white southerners evangelical religion gave them no conceptual tools for understanding segregation as a moral evil and many believed that God had ordained the racial hierarchy Challenging previous scholarship that depicts southern religious support for segregation as weak Dupont shows how people of faith in Mississippi rejected the religious argument for black equality and actively supported the effort to thwart the civil rights movement At the same time faith motivated a small number of white Mississippians to challenge the methods and tactics of do or die segregationists Racial turmoil profoundly destabilized Mississippi s religious communities and turned them into battlegrounds over the issue of black equality Though Mississippi s evangelicals lost the battle to preserve segregation they won important struggles to preserve the theology that had sustained the racial hierarchy Ultimately this

history sheds light on the eventual rise of the religious right by elaborating the connections between the pre and post civil rights South
