Rachid Ghannouchi A Democrat Within Islamism:

Rachid Ghannouchi Azzam Tamimi, 2001 In fact Ghannouchi contends that civil society is an Islamic concept whereas secularism especially in the model imported to the Muslim world under the guise of modernization weakens it Jacket **The New Spirit of Islamism** Ezgi Basaran, 2024-05-02 This book explains the aspirations and concerns of Islamist actors in the aftermath of the Arab Uprisings by looking at two sets of relationships between Turkey's ruling AKP and the Egyptian Muslim Brotherhood and the AKP and Tunisia's Ennahda It presents a unique analysis of the interplay between the AKP Ennahda and the Muslim Brotherhood characterizing the actors the structure and the main features of the relationship and thereby illuminating a political confluence among these three critical Islamist entities in the aftermath of the Arab Uprisings Existing scholarship has assumed that this relationship revolves primarily around an ideological Islamist agenda however this research demonstrates a more complex and nuanced situation Ezgi Basaran puts forward that the interplay was not based on an aspiration of building an ideological Islamist bloc in the MENA region but rather revolved around the concept of political success and had a strong neoliberal ethos Basaran draws on data collected from over 60 interviews with high level members of the AKP Ennahda and Muslim Brotherhood to demonstrate how in the hope of achieving success and legitimization Ennahda and the Muslim Brotherhood have relied on the managerial prescriptions provided by the AKP The contents of this success formula were derived from the AKP's experience as an Islamist party in power since 2002 and includes tactics on crisis evasion legitimization winning elections and maintaining power **Islamist Politics in the Middle East** Samer Shehata, 2012-08-06 For over three decades Islamist politics or political Islam has been one of the most dynamic and contentious political forces in the Middle East Although there is broad consensus on the importance of political Islam there is far less agreement on its character the reasons for Islamist's success the role of Islamist movements in domestic and international affairs or what these movements portend for the future This volume addresses a number of central questions in the study of Islamist politics in the Middle East through detailed case studies of some of the region's most important Islamist movements Chapters by leading scholars in the field examine the Egyptian Muslim Brotherhood Hamas Hizbullah Morocco's Justice and Benevolence the Jordanian Muslim Brotherhood the Sunni Insurgency in Iraq and Islamist politics in Turkey and Iran The topics addressed within this volume include social networks and social welfare provision Islamist groups as opposition actors Islamist electoral participation the intersection of Islam and national liberation struggles the role of religion in Islamist politics and Islam and state politics in Iran among other topics All of the contributing authors are specialists with deep knowledge of the subject matter who are committed to empirically based research These scholars take Islamists seriously as modern sophisticated and strategic political players Together their work captures much of the diversity of Islamist politics in the region and will contribute to the scholarship on a topic that continues to be important for the Middle East and the world **Islam and Democratization in Asia** , **Political Islam in Tunisia** Anne Wolf, 2017-07-15

Political Islam in Tunisia uncovers the secret history of Tunisia's main Islamist movement Ennahda from its origins in the 1960s to the present. Banned until the popular uprisings of 2010-11 and the overthrow of Ben Ali's dictatorship, Ennahda has until now been impossible to investigate. This is the first in-depth account of the movement, one of Tunisia's most influential political actors. Drawing on more than four years of field research, over 400 interviews, and access to private archives, Anne Wolf masterfully unveils the evolution of Ennahda's ideological and strategic orientations within changing political contexts and at times conflicting ambitions amongst its leading cadres. She also explores the challenges to Ennahda's quest for power from both secularists and Salafis. As the first full history of Ennahda, this book is a major contribution to the literature on Tunisia, Islamist movements, and political Islam in the Arab world. It will be indispensable reading for anyone seeking to understand the forces driving a key player in the country most hopeful of pursuing a democratic trajectory in the wake of the Arab Spring.

Political Islam at the Crossroads Ayfer Erdogan, Shaimaa Magued, 2025-07-24. A comparative analysis of Islamist groups' ideological positioning toward nation-state secularism and democracy across different countries in the MENA region. Authoritarian reassertion following the Arab uprisings in the Middle East has restrained Islamists' political participation and challenged their survival as both opposition groups and rulers. In light of national sociopolitical variations across the region, this book explores Islamists' means of adaptation and resilience in the face of this political exclusion, unpacking Islamists' sociopolitical persistence and ideological sustainability. In doing so, this book sheds light on the following questions: How did Islamists adapt to contextual restrictions in terms of repression and stigmatization? How did the Arab uprisings impact their internal debates, ideological revisions, and reconsideration of tools of action? Individual chapters explore similarities and divergences among Islamist groups and parties in terms of ideological affiliations, means of survival, and political participation strategies, drawing on comparative cases from across the MENA region. Examples include the Muslim Brotherhood in Egypt, Al Nahda in Tunisia, the AKP Justice and Development Party in Turkey, Hezbollah in Lebanon, Hamas in Palestine, and the Islamic State in Syria and Iraq. These studies engage critically with conceptual debates related to Islamism, post-Islamism, Jihadist Islam, and the Islamic nation/community (ummah) to determine the trajectory of political Islam in the MENA.

Democratic Transition in the Muslim World Alfred Stepan, 2018-03-13. In early 2011, widespread protests ousted dictatorial regimes in both Tunisia and Egypt. Within a few years, Tunisia successfully held parliamentary and presidential elections and witnessed a peaceful transition of power, while the Egyptian military went on to seize power and institute authoritarian control. What explains the success and failure of transitions to democracy in these two countries, and how might they speak to democratic transition attempts in other Muslim majority countries? *Democratic Transition in the Muslim World* convenes leading scholars to consider the implications of democratic success in Tunisia and failure in Egypt in comparative perspective. Alongside case studies of Indonesia, Senegal, and India, contributors analyze similarities and differences among democratizing countries with large Muslim populations, considering universal challenges as well as each nation's particular

obstacles A central theme is the need to understand the conditions under which it becomes possible to craft pro democratic coalitions among secularists and Islamists Essays discuss the dynamics of secularist fears of Islamist electoral success the role of secular constituencies in authoritarian regimes resilience and the prospects for moderation among both secularist and Islamist political actors They delve into topics such as the role of the army and foreign military aid Middle Eastern constitutions and the role of the Muslim Brotherhood The book also includes an essay by the founder and president of Tunisia s Ennadha Party Rachid Ghannouchi who discusses the political strategies his party chose to pursue

After the Arab Spring John R. Bradley, 2025-06-25 From the author of the book that uniquely predicted the Egyptian revolution a new message about the Middle East everything we re told about the Arab Spring is wrong When popular revolutions erupted in Tunisia and Egypt the West assumed that democracy and pluralism would triumph Greatly praised author and foreign correspondent John R Bradley draws on his extensive firsthand knowledge

of the region's cultures and societies to show how Islamists will fill the power vacuum in the wake of the revolutions. This vivid and timely book gives an original analysis of the new Tunisia, Egypt, Syria, Yemen, Libya, and Bahrain by highlighting the dramatic spread of Saudi-funded Wahhabi ideology, inter-tribal rivalries, and Sunni-Shia divisions. Bradley gives a boots-on-the-ground look at how the revolutions were first ignited and the major players behind them, and shows how the local population participated in and responded to the uprisings. In Tunisia, he witnesses secularists under violent attack, and in Egypt, observes radical Islamists taking control of the streets. He illuminates the ancient sectarian strife shaking Bahrain, fierce civil war pitching tribe against tribe in Libya and Yemen, and ethnic divisions threatening to tear apart Syria and Iran. Taking it one step further, Bradley offers a comprehensive look at how, across countries, liberal progressive voices that first rallied the Arab masses were drowned out by the slogans of the better organized and more popular radical Islamists. With the in-depth knowledge of a local and the keen perspective of a seasoned reporter, *After the Arab Spring* offers a piercing analysis of what the empowerment of Islamism bodes for the future of the Middle East and the impact on the West.
