A wind band transcription of Sergei Rachmaninoff's Piano Concerto No 2 in C Minor Op 18 Allegro Scherzando offered ample opportunity to experiment with different tone colors and orchestrations as it was a work that translated well to the wind band medium In the transcription the integrity and character of the original work for solo piano and orchestra remained intact through a transformation to a solo piano and reduced wind band instrumentation The continual demand for quality wind band repertoire and the recent need for reduced instrumentation repertoire due to the COVID 19 pandemic were both addressed through this transcription Additionally wind band repertoire is lacking a substantial representation of works transcribed by females As a female composer arranger and transcriber I felt an immense amount of responsibility to represent females in a positive light in the field of wind band transcriptions and to promote advocate and support fellow and future female transcribers *The NPR Curious Listener's Guide to Classical Music*
