Mark R. Warren

Racial Attitudes In The 1990s Continuity And Change:

Racial Attitudes in the 1990s Jack Martin, Steven A. Tuch, 1997-10-28 More than half a century has passed since the publication of *An American Dilemma The Negro Problem and Modern Democracy* Gunnar Myrdal's agonizing portrait of the pervasiveness of racially prejudiced attitudes and discriminatory practices in American life Central to Myrdal's work was the paradox posed by the coexistence of race based social economic and political inequality on the one hand and the cherished American cultural values of freedom and equality on the other In the five decades since the publication of this work there has been a dramatic decline in white Americans overt expressions of anti black and anti integrationist sentiments and in many of the inequalities Myrdal highlighted in his monumental work Yet the persistence of racial antipathy is evidence of the continuing dilemma of race in American society This collection of original essays by leading race relations experts focuses on the recent history and current state of racial attitudes in the United States It addresses key issues and debates in the literature and it includes chapters on the racial attitudes of African Americans as well as whites The volume will be of great importance to students and scholars concerned with the sociology and politics of contemporary American race relations

Race, Racial Attitudes and Stratification Beliefs Matthew O. Hunt, George Wilson, 2011-06-09 This book presents readers with a collection of cutting edge studies by leading scholars of inequality and race looking specifically at racial attitudes and stratification beliefs research

Racial Attitudes in America Howard Schuman, 1997 This new edition brings fully up to date a book widely praised for its clear and objective presentation of changes in American racial attitudes during the second half of the twentieth century The book retains the division of racial attitudes into principles of equality government implementation of those principles and social distance but adds questions concerning affirmative action and beliefs about sources of inequality A conceptual section now opens the book evidence on social desirability has been added and a new chapter deals with cohort effects and with the impact of income education and gender In key instances randomized experiments are introduced that test hypotheses more rigorously than is ordinarily possible with survey data Throughout the authors have reconsidered earlier ideas and introduced new thinking

The Changing Terrain of Race and Ethnicity Maria Krysan, Amanda E. Lewis, 2004-11-11 The legal institutions of overt racism in the United States have been eliminated but social surveys and investigations of social institutions confirm the continuing significance of race and the enduring presence of negative racial attitudes This shift from codified and explicit racism to more subtle forms comes at a time when the very boundaries of race and ethnicity are being reshaped by immigration and a rising recognition that old systems of racial classification inadequately capture a diverse America In *The Changing Terrain of Race and Ethnicity* editors Maria Krysan and Amanda Lewis bring together leading scholars of racial dynamics to study the evolution of America's racial problem and its consequences for race relations in the future *The Changing Terrain of Race and Ethnicity* opens by attempting to answer a puzzling question how is it that so many whites think racism is no longer a problem but so many

nonwhites disagree Sociologist Lawrence Bobo contends that whites exhibit what he calls laissez faire racism which ignores historical and structural contributions to racial inequality and does nothing to remedy the injustices of the status quo Tyrone Forman makes a similar case in his chapter contending that an emphasis on color blindness allows whites to be comforted by the idea that all races are on a level playing field while not recognizing the advantages they themselves have reaped from years of inequality The book then moves to a discussion of the new ways that Americans view race Eduardo Bonilla Silva and Karen Glover argue that the United States is moving from a black white divide to a tripartite system where certain light skinned non threatening minority groups are considered honorary whites The book s final section reexamines the theoretical underpinnings of scholarship on race and ethnicity Joe Feagin argues that research on racism focuses too heavily on how racial boundaries are formed and needs to concentrate more on how those boundaries are used to maintain privileges for certain groups at the expense of others Manning Marable contends that racism should be addressed at an institutional level to see the prevalence of structural racism deeply entrenched patterns of inequality that are coded by race and justified by stereotypes The Changing Terrain of Race and Ethnicity provides an in depth view of racism in modern America which may be less conspicuous but not necessarily less destructive than its predecessor Jim Crow The book s rich analysis and theoretical insight shed light on how despite many efforts to end America s historic racial problem it has evolved and persisted into the 21st century

Racism Without Racists Eduardo Bonilla-Silva,2010 This edition includes a chapter examining the Obama mystery the election of a black President even though racial progress has stagnated in the country since the 1980s Bonilla Silva argues that this development is not a breakthrough in race relations but a continuation of racial trends in the last 40 years including the sedimentation of color blind racism as the dominant ideology in the nation

Advances in Group Processes Shane R. Thye,Edward J. Lawler,2021-10-27 This volume includes papers that address theoretical and empirical issues related to occupational deference structures emotions generated by social identities racial threat sticky expectations status and response latency race and moral expectations in employment comparison processes and competition and models of intergroup association

Prismatic Metropolis Lawrence D. Bobo,Melvin L. Oliver,Jr. James H. Johnson,Abel, Jr. Valenzuela,2000-11-02 This book cuts through the powerful mythology surrounding Los Angeles to reveal the causes of inequality in a city that has weathered rapid population change economic restructuring and fractious ethnic relations The sources of disadvantage and the means of getting ahead differ greatly among the city s myriad ethnic groups The demand for unskilled labor is stronger here than in other cities allowing Los Angeles s large population of immigrant workers with little education to find work in light manufacturing and low paid service jobs A less beneficial result of this trend is the increased marginalization of the city s low skilled black workers who do not enjoy the extended ethnic networks of many of the new immigrant groups and who must contend with persistent negative racial stereotypes Patterns of residential segregation are also more diffuse in Los Angeles with many once black neighborhoods now split evenly between

blacks Hispanics Asians and other minorities Inequality in Los Angeles cannot be reduced to a simple black white divide Nonetheless in this thoroughly multicultural city race remains a crucial factor shaping economic fortunes A Volume in the Multi City Study of Urban Inequality **American Politics and the African American Quest for Universal Freedom** Hanes Walton, Jr, Robert C. Smith, Sherri L. Wallace, 2017-03-30 This dynamic and comprehensive text from nationally renowned scholars continues to demonstrate the profound influence African Americans have had and continue to have on American politics Through the use of two interrelated themes the idea of universal freedom and the concept of minority majority coalitions the text demonstrates how the presence of Africans in the United States affected the founding of the Republic and its political institutions and processes The authors show that through the quest for their own freedom in the United States African Americans have universalized and expanded the freedoms of all Americans New to the Eighth Edition A new co author Sherri L Wallace is renowned for her teaching scholarship and participation in APSA's American government textbook assessment for coverage of race ethnicity and gender She is the perfect addition following an election year that included female presidential candidates as well as candidates of color and issues focusing on racial tension and inequality Offers a new Media Integration Guide for the first time Provides the first overall assessment of the Obama administration in relation to domestic and foreign policy and racial politics in particular Updated through the 2016 elections connecting the Obama years with the new administration Looks at candidates Hillary Clinton and Ben Carson in particular in relation to the themes of the book Adds a new section on State Politics and Elections Includes new sections on intersectionality dealing with issues of race gender and sexuality LGBT issues as another manifestation of the struggle for universal freedom a discussion of the Black Lives Matter movement and a new section focusing on the changing character of black ethnicity as result of increased immigration from Africa and the Caribbean Discusses the way in which race contributed to the polarization of American politics the connections to the Tea Party and the Obama Presidency and the 2016 presidential campaign as the most polarized since the advent of polling Previews the impact of the Trump Administration on matters of race and ethnicity

The Enigma of Ethnicity Wilbur Zelinsky, 2001-04 In *The Enigma of Ethnicity* Wilbur Zelinsky draws upon more than half a century of exploring the cultural and social geography of an ever changing North America to become both biographer and critic of the recent concept of ethnicity In this ambitious and encyclopedic work he examines ethnicity's definition evolution significance implications and entanglements with other phenomena as well as the mysteries of ethnic identity and performance Zelinsky begins by examining the ways in which ethnic groups and ethnicity have been defined his own definitions then become the basis for the rest of his study He next focuses on the concepts of heterolocalism the possibility that an ethnic community can exist without being physically merged and personal identity the relatively recent idea that one can concoct one's own identity In his final chapter which is also his most provocative he concentrates on the multifaceted phenomenon of multiculturalism and its relationship to ethnicity Throughout he includes a close look at African Americans

Hispanics and Jews as well as such less studied groups as suburbanized Japanese Cubans in Washington Koreans Lithuanian immigrants in Chicago Estonians in New Jersey Danish Americans in Seattle and Finns Reasonable nonpolemical and straightforward Zelinsky's text is invaluable for readers wanting an in depth overview of the literature on ethnicity in the United States as well as a well thought out understanding of the meanings and dynamics of ethnic groups ethnicity and multiculturalism

Experiencing Racism Richard A. Seltzer, Nicole E. Johnson, 2009-01-01 Collecting essays on personal experiences of race and racism from a wide spectrum of college students the authors employ existing social science literature and textual analysis to illustrate common themes and departures This valuable collection is a depiction of race in America that goes beyond black and white to show how the changing racial contours of America are impacting the ways we view and experience racism

The Oxford Handbook of Moral Psychology Manuel Vargas, John Doris, 2022 The Oxford Handbook of Moral Psychology is a comprehensive multidisciplinary state of the art overview of moral psychology The 50 chapters written by leading figures in both philosophy and psychology cover many of the most important topics in the field and form the definitive survey of contemporary moral psychology

Racism Albert J. Wheeler, 2000 Of all mankind's vices racism is one of the most pervasive and stubborn Success in overcoming racism has been achieved from time to time but victories have been limited thus far because mankind has focused on personal economic gain or power grabs ignoring generosity of the soul This bibliography brings together the literature providing access by subject groupings as well as author and subject indexes Contents Racial Attitudes Racism and Poverty Hate Groups Racial Justice Racism and Politics Race Discrimination Racial Identity Racism Around the World

Who is White? George A. Yancey, 2003 Yancey demonstrates how and why the definition of whiteness is changing rapidly in the United States

Preventing Prejudice Joseph G. Ponterotto, Shawn O. Utsey, Paul B. Pedersen, 2006-03-28 A unique and refreshing book that tackles two of the most interrelated and problematic issues in our society prejudice and racism The First Edition was unanimously acclaimed as a major contribution to the field and this second edition is destined to be a classic It represents one of the most clear concise and honest looks at the origins manifestations dynamics and psychological costs of prejudice and racism written thus far This is truly a superb book that makes a major contribution to the field and should be read by everyone Derald Wing Sue Ph D Teachers College Columbia University This text is an authentic expression and plea that challenges each of us to build alliances across demographic boundaries in order to fight an insidious social disease Drs Ponterotto Utsey and Pedersen succeed in dislodging us from our comfortable categories of intellectual emotional behavioral and spiritual apathy and invite us to transcend the amount of social disappointment and despair and strive towards a more hopeful and optimistic future Thomas A Parham Ph D Distinguished Psychologist Association of Black Psychologists A critical resource book for educators counselors and parents to learn more about how to handle prejudice and should be required reading for all of us who work with diverse populations It is a powerful book that helps us to see that we can make a difference in fighting prejudice Nadya A Fouad Ph D University

of Wisconsin Milwaukee An impressive deliberate and problem oriented second edition Prejudice has no boundaries and spares no one Preventing Prejudice offers hope and resources to all of us counselors educators and parents We are all agents of change Patricia Arredondo Ed D Arizona State University and President American Counseling Association The Second Edition of Preventing Prejudice A Guide for Counselors Educators and Parents has been completely revised and expanded to provide the most up to date and extensive coverage of prejudice and racism available The new edition of this bestselling text presents a comprehensive overview of these topics and also includes practical tools for combating prejudice development in children adolescents and adults Key Features Stresses the importance of critical role models The text emphasizes the critical role counselors educators and parents must play in the fight against prejudice and racism Pragmatic in nature the book includes strategies that can be used by parents teachers and counselors in working to reduce prejudice across the lifespan Encourages healthy identity development The text reviews an extensive body of empirical research on the link between identity development prejudice and mental health The book summarizes racial biracial multiracial and gay and lesbian identity models A major new theory highlights the link of multicultural personality development to prejudice free attitudes and behavior as well as to quality of life Offers field tested tools The text provides concrete easy to implement exercises on preventing prejudice and increasing multicultural awareness In addition the book includes a review of tests and instruments that measure prejudice and a list of films and books that serve as a resource guide for readers The authors draw on theory and research in social developmental counseling and cross cultural psychology as well as in sociology and education Intended Audience This text is designed for advanced undergraduate and graduate courses on prejudice and racism in the fields of multicultural education counseling social work developmental psychology and human development It is also an ideal resource for teachers counselors administrators managers and parents

Understanding Prejudice, Racism, and Social Conflict
Martha Augoustinos, Katherine Jane Reynolds, 2001-09-25 This book stands out for a number of reasons the result is an authoritative provocative and challenging collection which will doubtless help to stimulate further debate in the field Susan Condor Department of Psychology Lancaster University The authors are to be commended for assembling an unusually stimulating collection of chapters the book is clearly distinguished by the breadth of its coverage and the theoretical insights it offers It is a valuable addition to any collection on this topic Jack Dovidio Department of Psychology Colgate University This is a comprehensive text that is extremely well written by top social psychologists with all of the major theoretical perspectives represented The editors should be commended for putting together this lively and engaging text Nyla Branscombe Department of Psychology University of Kansas A range of international events have recently focused attention on issues of prejudice racism and social conflict increasing tensions in former Eastern bloc countries political conflict in Northern Ireland and the United States as well as racial conflict in the Baltic States Middle East Africa and Australasia In light of these events Understanding Prejudice Racism and Social Conflict presents a timely and important update to the

literature and makes a fascinating textbook for all students who need to study the subject. A variety of theoretical and conceptual approaches are necessary to fully understand the themes of prejudice and racism. This textbook successfully presents these uniquely by examining how these themes manifest themselves at different levels at the individual, interpersonal, intergroup and institutional levels. It aims to integrate the different approaches to understanding racism and prejudice and to suggest new ways to study these complex issues. This integrated international focus should make it key reading for students in many countries. With contributions from world leading figures, *Understanding Prejudice, Racism and Social Conflict* should prove to be an invaluable teaching resource and an accessible volume for students in social psychology as well as some neighbouring disciplines.

Colorblind Racism Meghan Burke, 2018-11-26 How can colorblindness, the idea that race does not matter, be racist? This illuminating book introduces the paradox of colorblind racism: how dismissing or downplaying the realities of race and racism can perpetuate inequality and violence. Drawing on a range of theoretical approaches and real life examples, Meghan Burke reveals colorblind racism to be an insidious presence in many areas of institutional and everyday life in the United States. She explains what is meant by colorblind racism, uncovers its role in the history of racial discrimination and explores its effects on how we talk about and treat race today. The book also engages with recent critiques of colorblind racism to show the limitations of this framework and how a deeper, more careful study of colorblindness is needed to understand the persistence of racism and how it may be challenged. This accessible book will be an invaluable overview of a key phenomenon for students across the social sciences and its far reaching insights will appeal to all interested in the social life of race and racism.

Fire in the Heart Mark R. Warren, 2010-09-02 *Fire in the Heart* uncovers the dynamic processes through which some white Americans become activists for racial justice. The book reports powerful accounts of the development of racial awareness drawn from in depth interviews with fifty white activists in the fields of community organizing, education and criminal justice reform. Drawing extensively on the rich interview material, Mark Warren shows how white Americans can develop a commitment to racial justice not just because it is the right thing to do but because they embrace the cause as their own. Contrary to much contemporary thinking on racial issues focused on altruism or interests, Warren finds that cognitive and rational processes alone do little to move whites to action. Rather, the motivation to take and sustain action for racial justice is profoundly moral and relational. Warren shows how white activists come to find common cause with people of color when their core values are engaged as they build relationships with people of color that lead to caring and when they develop a vision of a racially just future that they understand to benefit everyone themselves, other whites and people of color. Warren also considers the complex dynamics and dilemmas white people face in working in multiracial organizations committed to systemic change in America's racial order and provides a deeper understanding and appreciation of the role that white people can play in efforts to promote racial justice. The first study of its kind, *Fire in the Heart* brings to light the perspectives of white people who are working day to day to build not a post racial

America but the foundations for a truly multiracial America rooted in a caring human community with equity and justice at its core

Intersections of Race, Gender, and Precarity Stephanie M. Baran, 2022-01-28 In *Intersections of Race Gender and Precarity Navigating Insecurities in an American City* Stephanie Baran argues that when it comes to assistance the United States government often creates more problems than it solves These institutions are not in the business of creating a pathway for people to escape poverty often compounding that poverty instead Through a two year ethnographic study of poverty and insecurity in Milwaukee Wisconsin the author shows how people navigate situations of poverty through interviews with recipients and organizations as well as those working at a local community pantry Consequently research uncovered how local food organizations with connections to the Milwaukee Chapter of the Black Panther Party hide their more radical roots to protect food donations from white donors in essence protecting white fragility People are far closer to experiencing poverty than they realize as shown by the Government Shutdown of 2019 and the ongoing COVID 19 pandemic and typically have incomplete and inaccurate ideas of poverty as well as how people can experience upward mobility *Intersections of Race Gender and Precarity* reveals this gap through a focus on how all these factors show up in Milwaukee Wisconsin

Is It Racist? Is It Sexist? Jessi Streib, Betsy Leondar-Wright, 2025-01-14 How can the judgment calls we make in everyday life create or help eradicate social inequality Is It Racist Is It Sexist Two questions that seem simple on their face but which invite a host of tangled responses In this book Jessi Streib and Betsy Leondar Wright offer a new way of understanding how inequalities persist by focusing on the individual judgment calls that lead us to decide what's racist what's sexist and what's not Racism and sexism often seem like optical illusions with some people sure they see them and others sure they're not there but the lines that most consistently divide our decisions might surprise you Indeed white people's views of what's racist and sexist are increasingly up for grabs As the largest racial group in the country and the group that occupies the most and the highest positions of power what they decide is racist and sexist helps determine the contours of inequality By asking white people Southerners and Northerners Republicans and Democrats working class and professional middle class men and women to decide whether specific interactions and institutions are racist sexist or not Streib and Leondar Wright take us on a journey through the decision making processes of white people in America By presenting them with a variety of scenarios the authors are able to distinguish the responses as being characteristic of different patterns of reasoning They produce a framework for understanding these patterns that invites us all to engage with each other in a new way even on topics that might divide us *Is It Racist Is It Sexist* will leave you questioning how you decide whether a joke a hiring decision or a policy change is or isn't racist or sexist and will give you new tools for making more accurate and productive judgment calls

The International Handbook of the Demography of Race and Ethnicity Rogelio Sáenz, David G. Embrick, Néstor P. Rodríguez, 2015-06-03 Examining key countries in every region of world this handbook presents population profiles and analyses concerning racial ethnic disparities and changing intergroup relations Inside prominent

scholars from various parts of the world and disciplines address the links between stratification demography and conflict across the globe Organized by region continent coverage for each profiled country includes demographic information a historical overview that addresses past racial ethnic conflict identification of the most salient demographic trends and issues that the country faces theoretical issues related to the linkages between stratification demography and conflict methodological issues including quality of data and cutting edge methods to better understand the issue at hand and details on the possible future of the existing trends and issues with particular emphasis on public policy and human rights This handbook will help readers to better understand the commonalities and differences that exist globally in the interplay between stratification demography and conflict In addition it also provides an excellent inventory of theoretical perspectives and methodological approaches that are needed to better comprehend this issue This handbook will appeal to students researchers and policy analysts in the areas of race and ethnic relations demography inequality international sociology international relations foreign studies social geography and social development

Racial Attitudes In The 1990s Continuity And Change Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Racial Attitudes In The 1990s Continuity And Change PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals

fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Racial Attitudes In The 1990s Continuity And Change PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Racial Attitudes In The 1990s Continuity And Change free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Racial Attitudes In The 1990s Continuity And Change Books

What is a Racial Attitudes In The 1990s Continuity And Change PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Racial Attitudes In The 1990s Continuity And Change PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Racial Attitudes In The 1990s Continuity And Change PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Racial Attitudes In The 1990s Continuity And Change PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Racial Attitudes In The 1990s**

Continuity And Change PDF? Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
