Racine's Iphigénie. Literary rehearsal and tragic recognition Russell Pfohl, 1974 **The Tragic Middle** Richard E. Goodkin, 1991 This is an extraordinary book brilliantly conceived and beautifully written Its approach to the well worn subject of tragic drama is quite fresh While Goodkin draws on the best of traditional scholarship in philosophy classical philology and literary criticism he argues with an intellectual style that is entirely his own Every reader will be stimulated in his own particular way so great is the range and power of this book to extend the book's argument toward or from his own area of interest William Levitan Princeton University *Damned* J.-L. Roland Bélangier, 1975 *The Color-keys to "A la Recherche Du Temps Perdu"* Allan H. Pasco, 1976 **A Critical Bibliography of French Literature: The seventeenth century** David Clark Cabeen, 1947 The numerous selections in this volume give for the first time a true idea of the range of Swift's writing over half a century Besides many familiar works the editors have included correspondence political pamphlets poetry a sermon and pieces for the popular press *La Nouvelle Héloïse* James F. Jones, 1977 *Racine* David Maskell, 1991 This original and innovative study is the first systematic exploration of Racine's theatricality It is based on a close examination of all Racine's plays and on evidence for performance of them from the seventeenth century to the present day David Maskell considers with the help of illustrations the relationship between verbal and visual effects He shows how the decor in plays such as *Andromaque* *Britannicus* and *Berenice* is significant for the action and indicates the rich often symbolic implication of stage properties and physical gestures particularly in *Mithridate* *Phedre* and *Athalie* Racine's usually neglected single comedy *Les Plaideurs* is shown to cast light on the theatrical language of his eleven tragedies Some familiar topics of tragedy moral ambiguity error and transcendence emerge in a fresh light and the concept of the tragic genre is critically examined from the theatrical standpoint This study challenges many long established views of Racine and lays the foundation for a reassessment of his role in French drama It also opens new perspectives on his relationship with dramatists writing in other languages **The French Review** James Frederick Mason, Hélène Harvitt, 1982 *Proust and the Middle Ages* Richard Bales, 1975 **Hidden Tragedies** Véronique Desnain, 2002 *The Tragic Drama of Corneille and Racine* Henry Thomas Barnwell, 1982 *En Marge Du Classicisme* Alan Howe, Richard Waller, 1987 **Comparative Literature**, 1974 **Recognitions** Terence Cave, 1988 This is the first comprehensive study in any language of anagnorisis recognition one of the least familiar terms in Aristotelian poetics yet used to describe one of the most familiar features of drama and

narrative fiction The book traces the history of the term anagnorisis and explores some of the ways in which it continues to be of value as a focus for theoretical reflection Then in a series of critical essays the author analyses examples of recognition plots drawn from French German and English literature including Corneille Racine and Goethe Shakespeare James and Conrad Examined thus from many angles recognition can at last been seen to deserve its place in the limelight as a topic of the first importance perhaps the most strictly literary of all topics in poetics The book is aimed at a very wide readership with English translations provided for quotations where necessary *French Studies* ,1979
