*Science is to Save Us* Martin Rees,2022-09-07 There has never been a time when following the science has been more important for humanity At no other point in history have we had such advanced knowledge and technology at our fingertips nor had such astonishing capacity to determine the future of our planet But the decisions we must make on how science is applied belong outside the lab and should be the outcome of wide public debate For that to happen science needs to become part of our common culture Science is not just for scientists if it were it could never save us from the multiple crises we face For science can save us if its innovations mesh carefully into society and its applications are channelled for the common good As Martin Rees argues in this expert and personal analysis of the scientific endeavour on which we all depend we need to think globally we need to think rationally and we need to think long term empowered by twenty first century technology but guided by values that science alone cannot provide Also available as an audiobook

*Saving Europe* Tammy M. Proctor,2025 Saving Europe offers a transnational and intersectional history of American

intervention in Europe between 1914 and 1924 a period when the United States simultaneously tightened its borders and expanded its reach I argue that in the crucial decade following the outbreak of World War I Americans saw themselves in a novel role abroad as protectors of European cultural heritage and as rescuers of vulnerable populations This experience had important long term implications for later US and United Nations humanitarian aid programs

**Soviet Propaganda as a Foreign Policy Tool** Marian Leighton,1991-01-29 With extensive documentation and illustrative examples Leighton makes clear one of the great political success stories of modern history the Soviet Union s use of propaganda to influence Western and public opinion Behind the successes and failures of Soviet policy is the constant flow of propaganda overt and covert subtle and direct Marian Leighton shows what the Soviets have planned and how they operate After a brief glance at the Russian tradition of propaganda the text focuses specifically on Soviet propaganda directed against the United States Beginning at the time of the establishment of diplomatic relations between the United States and the U S S R the author brings her examination into the Gorbachev era

*Higher Education and Disaster Capitalism in the Age of COVID-19* Marina Vujnovic,Johanna E. Foster,2022-11-09 This book reveals the layered effects of the corporatization of higher education situated within the phenomenon of disaster capitalism The authors argue that higher education administrators have seized on the Covid 19 pandemic as an opportunity to advance a corporate higher education agenda consistent with the principles of disaster capitalism This crisis deeply impacts what and how students in the United States learn who gets to learn and the very mission of the academy Chapters also address neoliberalism as a policy statement that has reshaped and continues to shape higher education in the United States and in much of Western societies
