Reports of Cases Adjudged and Determined in the Supreme Court of Judicature and Court for the Trial of Impeachments and Correction of Errors of the State of New York New York (State). Supreme Court, Edwin Burritt Smith, Ernest Hitchcock, 1883 *Racing to the Bottom?* Kathryn Harrison, 2011-11-01 The spectre of a race to the bottom is increasingly prominent in debates about globalization and also within federal systems where the mobility of both capital and individuals prompts fears of interjurisdictional competition with respect to taxes and environmental and welfare standards While there has been no shortage of either political rhetoric or academic theorizing on this subject empirical studies have been in shorter supply This volume seeks to fill that gap by asking Are Canadian provinces engaged in a race to the bottom and if so what are the consequences The contributors apply insights from economics and political science to several policy fields What emerges is a theoretical and empirical picture of interprovincial competition that shows it to be more complex than the popular image of a race to the bottom and that also contradicts predictions of an inexorable downward spiral This timely practical volume will be of interest to public policy practitioners as well as to students and scholars of economics and political science *Selected Judgments and Rulings of the Court of the Judicial Commissioner, and of the Special Court, Lower Burma for the Period Extending from 1872-1892* Burma, Lower. invaluable guide for public historians and practitioners who wish to share an updated historic narrative that is inclusive of the full breadth of the movement including the pervasive bias and racism This book acknowledges the barriers faced by history practitioners from the difficulty in finding materials that document the political actions by women of color to our own reluctance to broach this disparity and then offers practical solutions and techniques for bringing about a larger shift in organizational culture To begin this book includes a chronological primer on the US women s suffrage movement and the events around the 50th 75th and finally the centennial of the ratification of the 19th Amendment that took place in 2020 Additionally four women s history practitioners share case studies from their work at the National Woman s Party the Frances Willard House and the General Federation of Women s Clubs Each organization is moving forward to confront the racist tactics or documented racism within their own history The final case study written by Chick History showcases their multi year project to digitize and make available family and local history related to African American women s political history in Tennessee before 1930 The case studies can be used as models for best practices cautionary examples of lessons learned and can be replicated at sites of all sizes Lastly the book provides an expansive list of online resources as well as a discussion guide on the history of women s voting rights Interpreting the Legacy of Women s Suffrage at Museums and Historic Sites will be helpful to both practitioners and community organizations as they engage in public discussions or convene focus groups around the sensitive topics of bias and racism within the larger women s suffrage movement

Toxic Diversity Dan Subotnik, 2005-07-01 *Toxic Diversity* offers an invigorating view of race gender and law in America Analyzing the work of preeminent legal scholars such as Patricia Williams Derrick Bell Lani Guinier and Richard Delgado Dan Subotnik argues that race and gender theorists poison our social and intellectual environment by almost deliberately misinterpreting racial interaction and data and turning white males into victimizers Far from energizing women and minorities Subotnik concludes theorists divert their energies from implementing America s social justice agenda Insisting in the words of James Baldwin that not everything that is faced can be changed but nothing can be changed until it is faced and that thoughtful Americans regardless of race and gender can handle frank conversations about difficult topics Subotnik s critique of race and gender theory pulls no punches as it confronts such inflammatory issues as single parenthood the merit system in academic and business settings gender privilege in the classroom and crime
