## **Racist And Rightwing Violence In Scandinavia:**

Racist and Right-wing Violence in Scandinavia Tore Bjørgo, 1997 The dissemination of fear International Handbook of Violence Research Wilhelm Heitmeyer, John Hagan, 2005-08-12 An international manual is like a world cruise a once in a lifetime experience All the more reason to consider carefully whether it is necessary This can hardly be the case if previous research in the selected field has already been the subject of an earlier review or even several competing surveys On the other hand more thorough study is necessary if the intensity and scope of research are increasing without comprehensive assessments That was the situation in Western societies when work began on this project in the summer of 1998 It was then too that the challenges emerged any manual especially an international one is a very special type of text which is anything but routine It calls for a special effort the state of the art has to be documented for selected subject areas and its presentation made as compelling as possible The editors were delighted therefore by the cooperation and commitment shown by the eighty one contributors from ten countries who were recruited to write on the sixty two different topics by the constructive way in which any requests for changes were dealt with and by the patient response to our many queries This volume is the result of a long process It began with the first drafts outlining the structure of the work which were submitted to various distinguished colleagues Friedheim Neidhardt of Berlin Gertrud Nunner Winkler of Munich and Roland Eckert of Trier to name only a few supplied valuable comments at this stage Extreme Right Wing Political Violence and Terrorism Max Taylor, P.M. Currie, Donald Holbrook, 2013-02-14 In this collection senior experts explore all aspects of extreme right wing political violence from the nature of the threat processes of engagement and ideology to the lessons that can be drawn from exiting such engagement Further right wing activism and political violence are compared with Jihadi violence and engagement Also the European experience is placed within a greater framework including that of the United States and the Arab Spring The book opens with an essay on U S far right groups investigating their origins and processes of recruitment It then delves into violence against UK Mosques and Islamic centers the relationship between Ulster loyalism and far right extremism the Dutch extremist landscape and the July 2011 Norway attacks Also discussed are how narratives of violence are built and justified at what point do individuals join into violence and how differently states respond to left wing vs right wing extremism This comparative work offers a unique look into the very nature of right wing extremism and will be a must read for anyone studying political violence and terrorism **Strategies for Combating Right-Wing Extremism in Europe** Bertelsmann Stiftung, 2010-07-30 Right wing extremism is a phenomenon that can be found throughout Europe All democratic societies are threatened by racist anti pluralistic and authoritarian ideas Even though the so called radical right differs in character and ideology in the various European countries it strives to restrict civic and human rights as well as to change the constitutional structures that are based on the principles of democracy and liberty Individual European countries deal with this challenge differently The various policy approaches found in these countries are a good source for developing

improved practices for fighting rightwing extremism in Germany and worldwide With this publication the Bertelsmann Stiftung presents an overview of the radical right in Austria Belgium Denmark France Germany Great Britain Hungary Italy the Netherlands Sweden and Switzerland It also includes the most successful strategies against right wing extremism found in these countries The main focus of this publication is the actions pursued by the governments political parties and actors of the civil society Judicial provisions are highlighted as well as the implementation of laws special action programs the effectiveness of prosecution of right wing crimes cooperation of parties institutional responsibilities cooperation of authorities with NGOs and civil commitment against right wing extremism

**Racist Violence in Europe** Rob Witte,Tore Bjorgo,2016-07-27 All over Europe asylum seekers immigrants and minorities are increasingly finding themselves under violent attack Who are the perpetrators What are their motives To what extent are right wing or neo Nazi organizations involved How do the authorities and the police respond What are the roles of the media the public opinion and anti racist movements What can be done to stop the violence These are questions addressed in this volume by some of Europe s leading experts on racism and racist violence

**Right-Wing Extremism in Canada and the United States** Barbara Perry,Jeff Gruenewald,Ryan Scrivens,2022-06-29 This book is the first collection of scholarship featuring both Canadian and American scholarship on the resurgent right wing extremist movement in the two countries It is particularly timely given the recent rise in political populism that has engendered renewed activism from extreme right contingents Trump s right wing populist and white nationalist political campaign has galvanized Canadian and American white supremacist ideologies identities movements and practices Leading Canadian and American scholars are brought together to explore a contemporary array of current dynamics patterns and characteristics associated with the movement in each country Split into four sections it provides an introduction to extremism in the 21st century it examines studying extremism forms of extremist activity and violence and the responses The collection allows comparisons to be drawn out from the distinct treatments of each country It speaks to students as well as scholars in social sciences departments including criminology sociology social justice and terrorism peace and security studies and political violence related programs

**“When neo-Nazis march on Norwegian streets, you hear a lot of Swedish”** Kotonen, Tommi,Andersson Malmros, Robin,Sivenbring, Jennie,Bundgård Christensen, Claus,Karcher, Nicola,Löow, Heléne,Malkki, Leena,Mattsson, Christer,Ravik Jupskås, Anders,Ritola, Venla,Sallamaa, Daniel,Silvennoinen, Oula,2023-03-28 This report constitutes the first comprehensive review of right wing extremism RWE in the Nordics Denmark Finland Norway and Sweden In it a team of 13 leading researchers have compiled and reviewed academic texts written about the topic The result is a descriptive and analytical report of how the Nordic RWE milieu has developed from 1918 until today with a specific focus on the pan Nordic and transnational dimensions of the milieu In the report we also compile the practices used to prevent RWE in the Nordics and analyze how well they are situated to handle the threat RWE poses to society Available online <https://pub.norden.org/temanord2023/503>

*Right-Wing Terrorism in the*

*21st Century* Daniel Koehler, 2016-10-04 This book is the first comprehensive academic study of German right wing terrorism since the early 1960s available in the English language It offers a unique in depth analysis of German violent extremist right wing movements terrorist events groups networks and individuals In addition the book discusses the so called National Socialist Underground NSU terror cell which was uncovered in late 2011 by the authorities The NSU had been active for over a decade and had killed at least ten people as well as executing numerous bombings and bank robberies With an examination of the group s support network and the reasons behind the failure of the German authorities this book sheds light on right wing terrorist group structures tactics and target groups in Germany The book also contains a complete list of all the German right wing terrorist groups and incidents since the Second World War Based on the most detailed dataset of right wing terrorism in Germany this book offers highly valuable insights into this specific form of political violence and terrorism which has been widely neglected in international terrorism research Street Gangs Throughout the World

Herbert C. Covey, 2010 This updated and expanded new edition continues the theme of the first edition of emphasizing the substantial growth of street gangs throughout the world Although a substantial amount of research on street gangs has been conducted in recent decades much of it has focused on the United States This book summarizes much of the research being conducted in many other countries where the street gang phenomenon is currently developing which includes poverty the retreat of the state increasing income inequality urbanization population growth exploitation marginalization underground economie **German Perspectives on Right-Wing Extremism** Johannes Kiess, Oliver Decker, Elmar Brähler, 2016-05-20

This book discusses right wing extremism by analysing Germanophone research on this topic for the first time in English including unique survey data from Germany and Austria Highlighting how questions of terminology can become complicated when country cases are compared the authors analyse theoretical and methodological issues in relation to the question of right wing extremism In Anglo American academia the term is often associated with fairly rare phenomena in the form of extremist political groups whereas in Germany the term is often applied to a wide range of attitudes behaviours and parties including those which operate more within the mainstream political sphere Covering an array of sub fields such as right wing terrorism iconography of the extreme right and the Germanophone discussion on the differentiation of right wing populism and right wing extremism the authors account not only for the centrality of right wing extremist attitudes in Germanophone research but also point at its often overlooked relevance for the phenomenon in general Offering an important insight into the nuanced definition of right wing extremism across Europe and enhancing both international debate and cross country comparative research this book will be of interest to students and scholars researching extremism German politics and European politics more generally Crime, Violence, Justice and Social Order Paul Ponsaers, Adam Crawford, Jacques de Maillard, Joanna Shapland, Antoinette Verhage, 2013 This book contains a selection of papers which were presented and discussed at the first GERN Summer School for PhD students held in September 2012 at Ghent University Belgium

Backcover      **The Radical Right in Switzerland** Damir Skenderovic, 2009-09-01 There has been a tendency amongst scholars to view Switzerland as a unique case and comparative scholarship on the radical right has therefore shown little interest in the country Yet as the author convincingly argues there is little justification for maintaining the notion of Swiss exceptionalism and excluding the Swiss radical right from cross national research His book presents the first comprehensive study of the development of the radical right in Switzerland since the end of the Second World War and therefore fills a significant gap in our knowledge It examines the role that parties and political entrepreneurs of the populist right intellectuals and publications of the New Right as well as propagandists and militant groups of the extreme right assume in Swiss politics and society The author shows that post war Switzerland has had an electorally and discursively important radical right since the 1960s that has exhibited continuity and persistence in its organizations and activities Recently this has resulted in the consolidation of a diverse Swiss radical right that is now established at various levels within the political and public arena      *The Oxford Handbook of the Radical Right* Jens Rydgren, 2018 The radical right an introduction Jens Rydgren Ideology and discourse The radical right and nationalism Tamir Bar On The radical right and islamophobia Aristotle Kallis The radical right and anti semitism Ruth Wodak The radical right and populism Hans Georg Betz The radical right and fascism Nigel Copsey The radical right and euroscepticism Sofia Vasilopoulou Issues Explaining electoral support for the radical right Kai Arzheimer Party systems and radical right wing parties Herbert Kitschelt The radical right and gender Hilde Coff Globalization cleavages and the radical right Simon Bornschier Party organization and the radical right David Art Charisma and the radical right Roger Eatwell Media and the radical right Antonis A Ellinas The non party sector of the radical right John Veugelers and Gabriel Menard The political impact of the radical right Michelle Hale Williams The radical right as social movement organizations Manuela Caiani and Donatella Della Porta Youth and the radical right Cynthia Miller Idriss Religion and the radical right Michael Minkenberg Cross national links and international cooperation Manuela Caiani Political violence and the radical right Leonard Weinberg and Eliot Assoudeh Case studies The radical right in France Nonna Mayer The radical right in Germany Austria and Switzerland Uwe Backes The radical right in Belgium and the Netherlands Joop J M van Holsteyn The radical right in Southern Europe Carlo Ruzza The radical right in the UK Matthew J Goodwin and James Dennison The radical right in the Nordic countries Anders Widfeldt The radical right in Eastern Europe Lenka But kov The radical right in post soviet Russia Richard Arnold and Andreas Umland The radical right in post soviet Ukraine Melanie Mierzejewski Voznyak The radical right in the United States of America Christopher Sebastian Parker The radical right in Australia Andy Fleming and Aurelien Mondon The radical right in Israel Arie Perliger and Ami Pedhazur The radical right in Japan Naoto Higuchi      **Radicalization and Disengagement in Neo-Nazi Movements** Christer Mattsson, Thomas Johansson, 2021-09-27 This book offers an in depth study of personal accounts of men and women who have at one time entered participated in and ultimately exited the neo Nazi movement with a focus on advanced Western states Through

detailed stories of the movement's violence, hatred and ideology coupled with narratives of the individuals' life plans and dreams when entering the movement and reintegrating into society. The work provides knowledge, hope and new directions for readers to better understand and react to a reinvigorated extreme right across Western nations. The book provides innovative research on the relationship between the life trajectories of neo Nazis and their significant others, enabling better and more evidence-based strategies for preventing radicalization and promoting deradicalization. The extensive case studies include the voices of those who returned to the movement or never left at all, providing a rare opportunity to compare active former and returned right wing extremists. The main contribution of the book is to provide an innovative approach to the oral history of young men and women who have participated in different national and local neo Nazi movements in Western countries, namely Sweden and the United States. In order to understand the current trends within the movement and their relationship to the surrounding society, this shift calls for in-depth analyses based on social psychological and sociological perspectives. Stressing the importance of having a gender theory, sociocultural, historical and both a national and contextual perspective on the neo Nazi movement, this book contributes new knowledge to this field of research. This book will be of much interest to students of political extremism, radicalization, terrorism studies and social psychology. *Even in Sweden* Allan Pred, 2000-11-21. A tour de force. Orvar L. Fjörén, co-author of *Culture Builders: A Historical Anthropology of Middle Class Life*. Written in a striking, experimental style, this is an insightful and impressive book on a topic of enormous contemporary significance. James Ferguson, author of *Expectations of Modernity*. Pred works with a powerful set of ideas and arresting empirical materials to create a series of interlocking, overlapping and superimposed spaces within which modern racism is brought into view with a shocking clarity. Derek Gregory, author of *Geographical Imaginations*. **Fascism and Neofascism** E. Weitz, A. Fenner, 2016-09-27. The dramatic transformations of the 1990s, the end of the Cold War, the establishment of political liberties and market economies in Eastern Europe, German unification quickly led commentators to proclaim the end of all ideologies and the complete triumph of liberal capitalism. Just as quickly, however, right wing extremism began a surge in Europe that has not significantly abated to this day. *Fascism and Neofascism* is a collection of essays that is distinctive in two important ways. First, unlike most volumes which cover either historical fascism or the recent radical right, *Fascism and Neofascism* spans both periods. Secondly, this volume also aims to bring newer modes of inquiry rooted in cultural studies into dialogue with more traditional ways of viewing fascism. The editors' approach is deliberately interdisciplinary, even eclectic.

Terror from the Extreme Right Tore Bjørgo, 2014-03-05. This first volume in a new series comprises nine contributions originally presented at a workshop supported by the Norwegian Ministry of Foreign Affairs in Berlin in August 1994. Topics range from right wing violence in North America to the development patterns and causes of violence against foreigners. Leaving Terrorism Behind Tore Bjørgo, John G. Horgan, 2008-11-28. This new edited volume expands our understanding of the processes by which individuals and groups disengage from terrorism. While there has been a growing awareness of the need

to understand and prevent processes of radicalization into terrorism disengagement and deradicalization from terrorism have long been neglected areas in research on terrorism This book uses empirical data to explore how and why individuals and groups disengage from terrorism and what can be done to facilitate it The work also presents a series of case studies of disengagement programmes from Colombia northern Europe Italy Yemen Saudi Arabia Indonesia Singapore and Malaysia comparing and assessing their various strengths and weaknesses In light of the lessons learned from these cases this book describes and explains the potential for new developments in counter terrorism This book will be of great interest to all students of terrorism studies war and conflict studies international security and politics in general as well as professionals in the field of counter terrorism      *Social Movement Studies in Europe* Olivier Fillieule, Guya Accornero, 2016-03-01 Bringing together over forty established and emerging scholars this landmark volume is the first to comprehensively examine the evolution and current practice of social movement studies in a specifically European context While its first half offers comparative approaches to an array of significant issues and movements its second half assembles focused national studies that include most major European states Throughout these contributions are guided by a shared set of historical and social scientific questions with a particular emphasis on political sociology thus offering a bold and uncommonly unified survey that will be essential for scholars and students of European social movements      *Vigilantism against Migrants and Minorities* Tore Bjørgo, Miroslav Mareš, 2019-10-18 This edited volume traces the rise of far right vigilante movements some who have been involved in serious violence against minorities migrants and other vulnerable groups in society whereas other vigilantes are intimidating but avoid using violence Written by an international team of contributors the book features case studies from Western Europe Eastern Europe North America and Asia Each chapter is written to a common research template examining the national social and political context the purpose of the vigilante group how it is organised and operates its communications and social media strategy and its relationship to mainstream social actors and institutions and to similar groups in other countries The final comparative chapter explores some of the broader research issues such as under which conditions such vigilantism emerges flourishes or fails policing approaches masculinity the role of social media responses from the state and civil society and the evidence of transnational co operation or inspiration This is a groundbreaking volume which will be of particular interest to scholars with an interest in the extreme right social movements political violence policing and criminology
