Renaissance Configurations Gordon McMullan, 1998

Renaissance Configurations G. McMullan, 2016-01-08

Renaissance Configurations is a ground breaking collection of essays on the structures and strategies of Early Modern culture as embodied in issues of gender sexuality and politics by a group of critics from the new generation of Early Modern specialists. The essays focus on the relations of public and private of verbal and spatial of textual and material reading and re-reading texts both canonical and non canonical with a textual and historical rigour often considered lacking in work with theoretical premises. The collection as a whole offers a clear sense of the direction to be taken by Early Modern studies over the next decade.

Beyond Boundaries Linda Phyllis Austern, Candace Bailey, Amanda Eubanks Winkler, 2017-02-13 English music studies often apply rigid classifications to musical materials their uses their consumers and performers. The contributors to this volume argue that some performers and manuscripts from the early modern era defy conventional categorization as amateur or professional native or foreign. These leading scholars explore the circulation of music and performers in early modern England reconsidering previously held ideas about the boundaries between locations of musical performance and practice.

Gender and Song in Early Modern England Leslie C. Dunn, Katherine R. Larson, 2016-04-15

Song offers a vital case study for examining the rich interplay of music gender and representation in the early modern period. This collection engages with the question of how gender informed song within particular textual social and spatial contexts in sixteenth and seventeenth century England. Bringing together ongoing work in musicology literary studies and film studies it elaborates an interdisciplinary consideration of the embodied and gendered facets of song and of song's capacity to function as a powerful and flexible gendered signifier. The essays in this collection draw vivid attention to song as a situated textual and musical practice and to the gendered processes and spaces of song's circulation and reception. In so doing they interrogate the literary and cultural significance of song for early modern readers performers and audiences.

Gender and Representations of the Female Subject in Early Modern England Akiko Kusunoki, 2015-09-29 This book examines the interactions between social assumptions about womanhood and women's actual voices represented in plays and writings by authors of both genders in Jacobean England placing the special emphasis on Lady Mary Wroth.

Constructions of Female Homoeroticism in Early Modern Drama D. Walen, 2005-09-16 This book explores representations of love and desire between female characters in nearly seventy plays written between 1580 and 1660. The work argues that playwrights of late sixteenth and early seventeenth century England recognized and constructed richly diverse tropes of female homoerotic desire. Writers place female characters in erotic situations with other female characters in playful scenarios of mistaken identity in anxious moments of amorous intrigue in predatory situations and in enthusiastic utopian representations of romantic love. These plays indicate an awareness of female homoeroticism in early modern England and belie statements that literary evidence of homosexuality was concerned primarily with men.

Shakespeare and Emotional Expression Bríd Phillips, 2022-03-31 Shakespeare and Emotional Expression offers an exciting new way of considering emotional transactions in Shakespearean drama The book is significant in its scope and originality as it uses the innovative medium of colour terms and references to interrogate the early modern emotional register By examining contextual and cultural influences this work explores the impact these influences have on the relationship between colour and emotion and argues for the importance of considering chromatic references as a means to uncover emotional significances Using a broad range of documents it offers a wider understanding of affective expression in the early modern period through a detailed examination of several dramatic works Although colour meanings fluctuate by paying particular attention to contextual clues and the historically specific cultural situations of Shakespeare's plays this book uncovers emotional significances that are not always apparent to modern audiences and readers Through its examination of the nexus between the history of emotions and the social and cultural uses of colour in early modern drama Shakespeare and Emotional Expression adds to our understanding of the expressive and affective possibilities in Shakespearean drama

Marriage Relationships in Tudor Political Drama Michael A. Winkelman, 2019-07-12 Originally published in 2005 While several recent studies have investigated the political dimensions of sixteenth century English drama until now there has not been a monograph that tells the story of how and why royal marital selection was examined By linking court interludes neoclassical university tragedies and popular plays by late Elizabethan dramatists Christopher Marlowe John Lyly Thomas Kyd and William Shakespeare to the inflammatory topic of Tudor marriage Michael Winkelman demonstrates their cultural centrality This new work interrogates the symbolic allusive and mimetic aspects of marital relationships in such plays Winkelman argues that they were crucial battlegrounds for a series of consequential debates about the future of the monarchy especially during the reigns of the oft married King Henry VIII and his unmarried daughter the Virgin Queen Elizabeth I Marriage as a critically important political metaphor as well as a pressing realpolitik quandary was the subject of major debate in the drama and government of Tudor England Royal conduct in the domestic sphere had a tremendous impact on the entire English social order and in an age before widespread freedom of speech court drama was often the only venue where the voicing of criticism was tolerated The fascinating soap opera story of Tudor marriage thus provides the author with a reference point for an interdisciplinary study of sixteenth century theatre and politics Drawing on evidence from playbooks and historical chronicles as well as contemporary work in gender studies audience response theory and anthropology this book explores how during a time of anxiety inducing change

playwrights discussed controversies and propounded remedies theatre played a pivotal role in shaping society

Christopher Marlowe at 450 Sara Munson Deats, Robert A. Logan, 2016-05-23 There has never been a retrospective on Christopher Marlowe as comprehensive complete and up to date in appraising the Marlovian landscape Each chapter has been written by an eminent international Marlovian scholar to determine what has been covered what has not and what scholarship and criticism will or might focus on next The volume considers all of Marlowe's dramas and his poetry including his translations as well as the following special topics Critical Approaches to Marlowe Marlowe's Works in Performance Marlowe and Theatre History Electronic Resources for Marlovian Research and Marlowe's Biography Included in the discussions are the native continental and classical influences on Marlowe and the ways in which Marlowe has interacted with other contemporary writers including his influence on those who came after him The volume has appeal not only to students and scholars of Marlowe but to anyone interested in Renaissance drama and poetry Moreover the significance for readers lies in the contributors approaches as well as in their

content Interest in the biography of Christopher Marlowe and in his works has burgeoned since the turn of the century It therefore seems especially appropriate at this time to present a comprehensive assessment of past and present traditional and innovative lines of inquiry and to look forward to future developments Women, Reading, and the Cultural Politics of Early Modern England Edith Snook, 2017-07-05 A study of the representation of reading in early modern Englishwomen's writing this book exists at the intersection of textual criticism and cultural history It looks at depictions of reading in women's printed devotional works maternal advice books poetry and fiction as well as manuscripts for evidence of ways in which women conceived of reading in sixteenth and early seventeenth century England Among the authors and texts considered are Katherine Parr Lamentation of a Sinner Anne Askew The Examinations of Anne Askew Dorothy Leigh The Mothers Blessing Elizabeth Grymston Miscelanea Meditations Memoratives Aemelia Lanyer Salve Deus Rex Judaeorum and Mary Wroth The First Part of the Countess of Montgomery's Urania Attentive to contiguities between representations of reading in print and reading practices found in manuscript culture this book also examines a commonplace book belonging to Anne Cornwallis Folger Folger MS V a 89 and a Passion poem presented by Elizabeth Middleton to Sarah Edmondes Bod MS Don e 17 Edith Snook here makes an original contribution to the ongoing scholarly project of historicizing reading by foregrounding female writers of the early modern period She explores how women's representations of reading negotiate the dynamic relationship between the public and private spheres and investigates how women might have been affected by changing ideas about literacy as well as how they sought to effect change in devotional and literary reading practices Finally because the activity of reading is a site of cultural conflict over gender social and educational status and the religious or national affiliation of readers Snook brings to light how these women when they write about reading are engaged in structuring the cultural politics of early modern England The Painted Closet of Lady Anne Bacon Drury H.L. Meakin, 2017-07-05 Lady Anne Bacon Drury 1572 1624 was the granddaughter and niece of two of England's Lord Keepers of the Great Seal Sir Nicholas Bacon and Sir Francis Bacon Lady Anne was also the friend and patroness of John Donne and Joseph Hall however she deserves to be remembered in her own right Within her massive country house Lady Anne created a tiny painted room that she seems to have used as a kind of three dimensional book The walls consisted of panels of pictures and mottoes grouped under Latin sentences These panels can still be viewed in a Suffolk museum Christchurch Mansion in Ipswich Some panels point to classical and Biblical sources and to popular emblem books The sources of other panels are more recondite while still others are original compositions by Lady Anne The panels exhibit a contemptus mundi theme and reflect a struggle with ambition pride and even despair Some panels also appear to register carefully veiled but pointed critiques of political and religious events and figures Lady Anne's painted closet or architext is thus relevant to a wide range of early modern scholarship in various disciplines but is as yet largely unappreciated For the first time in four hundred years this book fully describes the closet and places it in its personal social intellectual and aesthetic contexts It argues for the painted closet's importance for

understanding early modern conceptualizations of private and public spaces and for illuminating fundamental early modern habits of seeing and reading especially combinations of text and image Finally this book explores the closet as an example of the ingenious ways in which female subjectivity found ways to express itself even within the constraints of early modern patriarchal society in England

Early Modern Women in Conversation K. Larson, 2011-09-02 In 16th and 17th century England conversation was an embodied act that held the capacity to negotiate manipulate and transform social relationships Early Modern Women in Conversation illuminates the extent to which gender shaped conversational interaction and demonstrates the significance of conversation as a rhetorical practice for women
