## Secrets Of The Deepest:

**Deep Secrets** Niobe Way, 2013-05-06 Boys are emotionally illiterate and don't want intimate friendships. In this empirically grounded challenge to our stereotypes about boys and men, Niobe Way reveals the intense intimacy among teenage boys, especially during early and middle adolescence. Boys not only share their deepest secrets and feelings with their closest male friends; they claim that without them they would go wacko. Yet as boys become men, they become distrustful, lose these friendships, and feel isolated and alone. Drawing from hundreds of interviews conducted throughout adolescence with black, Latino, white, and Asian American boys, *Deep Secrets* reveals the ways in which we have been telling ourselves a false story about boys' friendships and human nature. Boys' descriptions of their male friendships sound more like something out of *Love Story* than *Lord of the Flies*. Yet in late adolescence, boys feel they have to man up by becoming stoic and independent. Vulnerable emotions and intimate friendships are for girls and gay men. No homo becomes their mantra. These findings are alarming given what we know about links between friendships and health and even longevity. Rather than a boy crisis, Way argues that boys are experiencing a crisis of connection because they live in a culture where human needs and capacities are given a sex female and a sexuality gay and thus discouraged for those who are neither. Way argues that the solution lies with exposing the inaccuracies of our gender stereotypes and fostering these critical relationships and fundamental human skills.

*Dark Secrets, Deep Bayous* Meg Hennessy, 2014-08-26 *Dark Secrets, Deep Bayous* A *Secrets of the Bayous* Novel by Meg Hennessy. A love kindled behind two masks. A wealthy woman of mixed blood, Aur lie Fentonot, has few options for marriage, but she also carries a burden she must break: a curse placed on the land of her ancestors. She sells herself to an American planter to reclaim the land he stole, though he stirs a deep burning passion that could too easily distract her. But her American has dark secrets that threaten her plans and could shatter her heart. A curse that demands their unmasking. Jordan Kincaid must marry the Creole beauty or face arrest as a pirate before he completes his dire mission. Though he'll risk everything for revenge, Aur lie's soothing and seductive ways remind him there's more to life than vengeance. But he's not as he pretends, and when danger closes in on them, Jordan soon learns neither is she.

**Legal Secrets** Kim Lane Scheppelle, 1988 Does the seller of a house have to tell the buyer that the water is turned off twelve hours a day Does the buyer of a great quantity of tobacco have to inform the seller that the military blockade of the local port which had depressed tobacco sales and lowered prices is about to end Courts say yes in the first case no in the second How can we understand the difference in judgments And what does it say about whether the psychiatrist should disclose to his patient s girlfriend that the patient wants to kill her Kim Lane Scheppelle answers the question Which secrets are legal secrets and what makes them so She challenges the economic theory of law which argues that judges decide cases in ways that maximize efficiency and she shows that judges use equality as an important principle in their decisions In the course of thinking about secrets Scheppelle also explores broader questions about judicial reasoning how judges find meaning in legal texts and how they infuse every fact summary with the values of their legal culture Finally the specific insights about

secrecy are shown to be consistent with a general moral theory of law that indicates what the content of law should be if the law is to be legitimate a theory that sees legal justification as the opportunity to attract consent This is more than a book about secrets It is also a book about the limits of an economic view of law Ultimately it is a work in constructive legal theory one that draws on moral philosophy sociology economics and political theory to develop a new view of legal interpretation and legal morality     *Popular Radio* ,1924     *A Dictionary of Thoughts* ,1891     *Death by Deep Dish Pie* Sharon Short,2013-12-17 Like nearly everyone else in Paradise Ohio local laundromat owner and stain removal expert Josie Toadfern eagerly awaits the upcoming July 4th Founders Day celebration with its highlight the annual Breitenstrater Pie Company pie eating contest sponsored by the owners of the town s upper crust enterprise But things may not be so sweet this year what with juicy rumors flying that a black sheep Breitenstrater wants to spill the beans about some deep dark family secret And when a pie making bigwig suspiciously drops dead after sampling the company s latest wares Josie leaps into action She loves her teeny weeny community despite its blemishes and any stain on its reputation must be eradicated But if she sticks her thumb or her nose into this particular pastry she s going to pull out more than a plum and she may end up getting her own lethal just desserts     **The Secret of Happiness** Edmond Holmes,1919     **Responsible Citizens, Irresponsible States** Avia Pasternak,2021-08-13 States are often held responsible for their wrongdoings States pay compensation for their unjust wars as did Iraq in the aftermath of its invasion of Kuwait States pay reparations for their historical wrongdoings as did Chile to the victims of the Pinochet Regime or Germany to Israel and other countries because of the Holocaust Some argue that they should pay punitive damages for their international crimes as well But state responsibility has a troubling feature states are corporate agents comprising flesh and blood citizens When they turn to the public purse to finance their corporate liabilities it is their citizens who pay the price Even citizens who protested against their state s policies did not know about them or had no influence on policy makers end up sharing the burden Why should these citizens pay for their state s wrongdoings if they don t carry the blame Responsible Citizens Irresponsible States develops a fresh justification for citizens duties to share the burden of their state s wrongdoings This justification revolves around citizens participation in their state drawing on recent debates in the philosophy of collective action Avia Pasternak shows that citizens are acting together in their state and that their state policies are the product of this collective action Given this participation citizens ought to share the burden of remedying harmful wrongs their state policies bring about However she also argues that not all citizens in all states are participating in their state In many authoritarian states citizens participation in the state is highly restricted or coerced Here ordinary citizens do not share responsibility for their state policies and should not be forced to pay for them These conclusions carry significant real world implications for the way domestic international law holds various types of states and their citizens responsible for their wrongdoings This work is essential for political theorists and philosophers grappling with citizen responsibility and duty     *Sharing Secrets with Stalin* Bradley F.
