Buckland,1994-02 In The Committee world famous author Raymond Buckland brings his writing talents to the world of fiction for a rip roaring tale of espionage parapsychology and an attempt to conquer the U S The Cold War may be over for most of us but what if there were some die hard believers in their cause who won t let the Cold War end What if their weapons range from the leading edge of high tech destruction to the ancient powers of the mind That is exactly what takes place in this exciting novel In the world of The Committee the Cold War is in full swing and the weapons of power include astral projection and psychokinesis The battleground is on the earth in space and on the astral plane The prize for this war is the very future of the United States It begins with just a slight irregularity Stopping a satellite launch is not unusual but when two routine communications satellite launches are aborted for no reason the government does something very secretive it forms the Committee a team of psychic experts to find out what caused the missions to be halted As this group of talented people from around the nation begins what would become the supernatural adventure of a lifetime they discover a plan by incredibly powerful psychics under the control of an evil dictator to control the U S Unfortunately they have only days to stop the coup Can this group of strangers drawn together for a common cause defeat the most powerful enemy ever There is but one chance and that is to defeat them at their own game but is there enough time Surprise follows surprise in this incredible modern day thriller Get The Committee and read it soon

Revolution in Paradise Yehuda Moraly,2019-11-01 The era of the German Occupation of France constituted surprisingly a golden age for the arts literature theater popular music and cinema These works of art seem to be devoid of political impact The widespread trend of unrealistic and fantastic art during this period is explained by some scholars as the artists escape from the omnipotent eye of German censorship The purpose of the book is to show that contrary to the accepted view some of these films were intimately linked to the political situation They convey the demonization of characters that while not specifically presented as Jews nevertheless manifested anti Semitic stereotypes of the Jew as ugly rootless low hypocritical immoral cruel and power hungry All five movies analysed Les Inconnus dans la maison dir Henri Decoin 1942 Les Visiteurs du Soir dir Marcel Carne 1942 L Eternel retour dir Jean Delannoy 1943 Les Enfants du Paradis dir Marcel Carne 1943 present characters not identified as Jews but who exhibit negative Jewish traits in contrast to the aristocratic characters whom they aspire to emulate They demonstrate implicitly central themes of explicit anti Semitic propaganda Yehuda Moraly addresses two current major misconceptions regarding the Cinema of Occupied France 1 that the accepted view that there were almost no explicitly Jewish characters in the cinema of that time and place is patently incorrect and 2 that the feature films of Occupied France were not as it is commonly thought free of the propaganda messages that permeated the press the radio and documentary films Analysis of these films brings out the contradictory nature of European anti Semitism On one hand the Jew is the anti Christ throttling the world with disgusting materialism while on the other hand he is representative of an ancestral stifling morality which it is time to abolish
