Secrets Of The Space Age An American Gift To Humanity:

Secrets of the Space Age Lt Col William E. Winterstein Sr, William E. Winterstein, 2005 This unique and intriguing book is an excellent account of what really happened before and after Man walked on the moon Information from insiders reveals events that fill in the gaps about the history of space exploration No matter how skilled the writers of history you are always getting the story secondhand This book offers readers the opportunity to go right to the source These men were there It may be shocking but it will also enhance the appreciation of the glories of this great human adventure The book contains the little known history of the early years of man s desire to travel into space and reveals the events that took place after the Americans walked on the moon the true story about what caused the breakup of the German rocket team as told by Werhner von Braun to his personal secretary details the practices of a sinister group within the U S Justice Department and most importantly the humiliation actively brought to bear against the very people who struggled to put Americans on the moon

Air Force and Space Digest ,1960 *The Next-To-Last American President* Shawn O'Reilly, 2011-02-21 The downfall of the United States of America has been expedited by the recent election of Barack Hussein Obama The country may not survive his regime but giving him the benefit of the doubt author Shawn O'Reilly describes him as The Next to Last American President O'Reilly a proud conservative who is deeply worried about Americas survival describes a future date when the country no longer exists in this political satire that is only half joking around He details the downfall aftermath and most importantly the rebirth of the American people Its still possible for the country to recover from the economic social and moral decay being promoted by Obama and his band of liberals The new government however must resemble what the founding fathers envisioned a land that has few regulations and taxes and no violations of personal freedoms The end is approaching and its time to prepare if you want to survive Take every step necessary to ensure the well being of you and your family with *The Next to Last American President* *Arun Deep's Self-Help To I.S.C.  Nelson died in 1975 he was no longer a household name For a guy who had created the longest running TV sitcom in history
 invented the rock video and fronted one of the most successful big bands of the 1930s it s baffling that Nelson has faded so
 far from American media memory Larger than life offscreen an attorney college football star cartoonist songwriter major
 band leader Ozzie created a smaller than life TV persona the bumbling average Dad who became known to the rock
 generation which included his teen idol son Rick Nelson as the essence of blandness But America also saw Ozzie as their
 iconic Dad not a father knows best since his pontifications usually proved flawed by the end of each episode but the father
 who tried his best This book is the only full length biography of Ozzie Nelson since he published his memoirs in 1973 It treats
 the big band and early TV icon with affection and hints that American pop culture may owe more to Ozzie than is generally
