Multiple Meanings J. Thomas Rimer, 1986 Papers from two symposia sponsored by the Center for the Book and the Asian Division of the Library of Congress

**Modernism in Practice** Leith Morton, 2004 Postwar modernist verse has been rarely discussed in English language works on Japanese literature despite the fact that it has been the dominant mode of poetic expression in Japan since World War II Now readers of modern Japanese poetry in translation have gained an impressive intellectual and linguistic companion in their enjoyment of modern Japanese verse Modernism in Practice combines close readings of individual Japanese postwar poets and poetry with historical and critical analysis Five of the seven chapters concentrate on the life and work of such outstanding poets as Soh Sakon Ishigaki Rin Ito Hiromi Asabuki Ryoji and Tanikawa Shuntaro Several of these writers have only come into prominence in recent decades so this work also serves to acquaint readers with contemporary Japanese verse A significant dimension of this volume is the detailed and extensive treatment afforded two important areas of postwar Japanese verse the poetry of women and of Okinawa Modernism in Practice is noteworthy not only as an introduction to postwar Japanese poets and their times but also for the numerous poems that appear in translation throughout the volume many for the first time in book form

Japanese Women Poets: An Anthology Hiroaki Sato, 2014-12-18 Throughout history Japanese women have excelled in poetry from the folk songs of the Kojiki Record of Ancient Matters compiled in 712 and the court poetry of the 9th to the 14th centuries on through the age of haikai and kanshi to the 19th century into the contemporary period when books of women's poems have created a sensation This anthology presents examples of the work of more than 100 Japanese women poets arranged chronologically and of all the major verse forms choka tanka haikai haiku kanshi verse written in Chinese and free verse The poems describe not just seasonal changes and the vagaries of love which form the thematic core of traditional Japanese poetry but also the devastations of war childbirth conflicts between child rearing and work experiences as refugees experiences as non Japanese residents in Japan and more Sections of poetry open with headnotes and the editor has provided explanations of terms and references for those unfamiliar with the Japanese language Other useful tools include a glossary of poetic terms a chronology and a bibliography that points the reader toward other works by and about these poets There is no comparable collection available in English Students and anyone who appreciates poetry and Japanese culture will treasure this magnificent anthology Editor and translator Hiroaki Sato is a past winner of the PEN America translator prize and the Japan United

States Friendship Commission's 1999 literary translation award      **Other Side River** Leza Lowitz, 1995 The second stunning volume of modern Japanese women poets      **Sleeping, Sinning, Falling** Mutsuo Takahashi, 1992-07 Sleeping Sinning Falling is a generous volume of selected and new poems written over the last twenty five years by one of the major voices in twentieth century Japanese poetry The translations are by Hiroaki Sato who has published over twelve books in English translation One of them From the Country of Eight Islands an anthology of Japanese poetry which he translated and edited with Burton Watson won the American PEN translation prize for 1982      **A Bridge of Words** Hiroaki Sato, 2022-10-25 Prolific award winning translator of classical and modern Japanese poetry Hiroaki Sato recorded his thoughts on American society in mainly two columns across 30 plus years collected here for the first time This anthology of over 60 of Sato's commentaries reflect the writer's wide ranging erudition and his unsentimental views of both his native Japan and his adopted American homeland Broadly he looks at the Pacific War and its aftermath and at war and our love of it in general at the quirks and curiosities of the natural world exhibited by birds and other creatures at friends and mentors who surprised and inspired and finally at other writers and their works many of them familiar the Beats and John Ashbery for example and Mishima but many others whose introduction is welcome Sato is neither cheerleader nor angry expatriate Remarkably clear eyed and engaged with American culture he is in the business of critical appraisal and translation of taking words seriously and of observing how well others write and speak to convey their own truths and ambitions      *Poems for the Millennium, Volume Three* Jerome Rothenberg, Jeffrey C. Robinson, 2009-01-19 The previous two volumes of this acclaimed anthology set forth a globally decentered revision of twentieth century poetry from the perspective of its many avant gardes Now editors Jerome Rothenberg and Jeffrey C Robinson bring a radically new interpretation to the poetry of the preceding century viewing the work of the romantic and post romantic poets as an international collective often utopian enterprise that became the foundation of experimental modernism Global in its range volume three gathers selections from the poetry and manifestos of canonical poets as well as the work of lesser known but equally radical poets Defining romanticism as experimental and visionary Rothenberg and Robinson feature prose poetry verbal visual experiments and sound poetry along with more familiar forms seen here as if for the first time The anthology also explores romanticism outside the European orbit and includes ethnopoetic and archaeological works outside the literary mainstream The range of volume three and its skewing of the traditional canon illuminate the process by which romantics and post romantics challenged nineteenth century orthodoxies and propelled poetry to the experiments of a later modernism and avant gardism

On Haiku Hiroaki Sato, 2018-10-30 Everything you want to know about haiku written by one of the foremost experts in the field and the finest translator of contemporary Japanese poetry into American English Gary Snyder Who doesn't love haiku It is not only America's most popular cultural import from Japan but also our most popular poetic form instantly recognizable more mobile than a sonnet loved for its simplicity and compression as well as its ease of composition Haiku is

an ancient literary form seemingly made for the Twittersphere Jack Kerouac and Langston Hughes wrote them Ezra Pound and the Imagists were inspired by them Hallmark s made millions off them first grade students across the country still learn to write them But what really is a haiku Where does the form originate Who were the original Japanese poets who wrote them And how has their work been translated into English over the years The haiku form comes down to us today as a cliché a three line poem of 5 7 5 syllables And yet its story is actually much more colorful and multifaceted And of course to write a good one can be as difficult as writing a Homeric epic or it can materialize in an instant of epic inspiration In *On Haiku* Hiroaki Sato explores the many styles and genres of haiku on both sides of the Pacific from the classical haiku of Basho Issa and Zen monks to modern haiku about swimsuits and atomic bombs to the haiku of famous American writers such as J D Salinger and Allen Ginsburg As if conversing over beers in your favorite pub Sato explains everything you wanted to know about the haiku in this endearing and pleasurable book destined to be a classic in the field     Obsessions with the Sino-Japanese Polarity in Japanese Literature Atsuko Sakaki,2005-11-30 Using close readings of a range of premodern and modern texts Atsuko Sakaki focuses on the ways in which Japanese writers and readers revised or in many cases devised rhetoric to convey Chineseness and how this practice contributed to shaping a national Japanese identity The volume begins by examining how Japanese travelers in China and Chinese travelers in Japan are portrayed in early literary works An increasing awareness of the diversity of Chinese culture forms a premise for the next chapter which looks at Japan s objectification of the Chinese and their works of art from the eighteenth century onward Chapter 3 examines gender as a factor in the formation and transformation of the Sino Japanese dyad Sakaki then continues with an investigation of early modern and modern Japanese representations of intellectuals who were marginalized for their insistence on the value of the classical Chinese canon and literary Chinese The work concludes with an overview of writing in Chinese by early Meiji writers and the presence of Chinese in the work of modern writer Nakamura Shin ichiro A final summary of the book s major themes makes use of several stories by Tanizaki Jun ichiro     *The Columbia Companion to Modern East Asian Literature* Joshua S. Mostow,2003-07-10 This extraordinary one volume guide to the modern literatures of China Japan and Korea is the definitive reference work on the subject in the English language With more than one hundred articles that show how a host of authors and literary movements have contributed to the general literary development of their respective countries this companion is an essential starting point for the study of East Asian literatures Comprehensive thematic essays introduce each geographical section with historical overviews and surveys of persistent themes in the literature examined including nationalism gender family relations and sexuality Following the thematic essays are the individual entries over forty for China over fifty for Japan and almost thirty for Korea featuring everything from detailed analyses of the works of Tanizaki Jun ichiro and Murakami Haruki to far ranging explorations of avant garde fiction in China and postwar novels in Korea Arrayed chronologically each entry is self contained though extensive cross referencing affords readers the opportunity to gain a

more synoptic view of the work author or movement The unrivaled opportunities for comparative analysis alone make this unique companion an indispensable reference for anyone interested in the burgeoning field of Asian literature Although the literatures of China Japan and Korea are each allotted separate sections the editors constantly kept an eye open to those writers works and movements that transcend national boundaries This includes for example Chinese authors who lived and wrote in Japan Japanese authors who wrote in classical Chinese and Korean authors who write in Japanese whether under the colonial occupation or because they are resident in Japan The waves of modernization can be seen as reaching each of these countries in a staggered fashion with eddies and back flows between them then complicating the picture further This volume provides a vivid sense of this dynamic interplay

**The Routledge Global Haiku Reader** James Shea, Grant Caldwell, 2023-06-30 The Routledge Global Haiku Reader provides a historical overview and comprehensive examination of haiku across the world in numerous languages poetic movements and cultural contexts Offering an extensive critical perspective this volume provides leading essays by poets and scholars who explore haiku s various global developments demonstrating the form s complex and sometimes contradictory manifestations from the twentieth century to the present The sixteen chapters are carefully organized into categories that reflect the salient areas of practice and study Haiku in Transit Haiku and Social Consciousness Haiku and Experimentation and The Future of Global Haiku An insightful introduction surveys haiku s influence beyond Japan and frames the collection historically and culturally questioning commonly held assumptions about haiku and laying the groundwork for new ways of seeing the form Haiku s elusiveness its resistance to definition is partly what keeps it so relevant today and this book traces the many ways in which this global verse form has evolved The Routledge Global Haiku Reader ushers haiku into the twenty first century in a critically minded and historically informed manner for a new generation of readers and writers and will appeal to students and researchers in Asian studies literary studies comparative literature creative writing and cultural studies
