Gardens for All Seasons Mary Horsfall, 2012 *Gardens for All Seasons* is a gardening lifestyle book by bestselling author Mary Horsfall celebrating the role of gardens in our lives and advising on the timing of jobs in the gardening year throughout Australia. Monthly chapters include topics such as planning bushfire preparation, watering, pot plant care, mulching, weeding, fertilising, pruning, propagating, pest control, what to plant for different climate zones and what garden venues and events to visit. Mary details her own gardening year including jobs done, fruits and vegetables harvested, food cooked based on the harvest, what was in flower, and wildlife observations all on a month-by-month basis. Beautiful at All Seasons Elizabeth Lawrence, 2007-02-28 A collection of gardening columns by Elizabeth Lawrence that were published in her column *The Garden Gate* which appeared weekly in the *Charlotte Observer*. *Trees for Everyone - Easy Tree Studies for All Seasons of the Year* Julia Ellen Rogers, 2015-02-15 It was late April when I came by. As I looked up into that tree top the sunlight was shining through and at first I thought I must be dreaming. Instead of buds I saw what seemed like lighted candles, each with a silken frill like the recurved petals of an iris. Below the tip of flame I had never seen a tree thus illuminated and the sight was enchanting. The warm spring air had brought out the hickory buds with those of other trees and while I was looking for flowers on the ground the buds above had swollen, cast off the winter covers, revealing the silky inner wrappings of the young shoots. The rich, downward curving petals were only the inner scales of the great buds grown long and wide, their vivid orange setting off the compact yellow buds that still stood erect. I had never seen a hickory tree opening its iris-like buds before, but I have never missed it since.
