Seeing Beyond The Circle:

Seeing Beyond the Circle Swami Vivekananda, Swami Brahmaavidyananda, 2005 There has always been an ongoing dispute between the realists and the idealists as to what is ultimate and fundamental The realists see matter as absolute whereas the idealists see mind as absolute Swami Vivekananda sees both mind and matter as aspects of a larger reality The human soul is not separate from other souls but is an expression of one singular spiritual Ocean out of which the whole of creation arises Our problem is that we are clinging to the waves rather than opening out and resting in the Ocean or Source Itself This is all explained in the ancient Sankhyan model of perception and evolution which Swami Vivekananda empowers with the philosophy of non dualism Among other things Vivekananda puts the traditional Sankhyan idea of the gunas into a familiar psychological context tamas being attraction rajas being aversion and sattva being balance Almost a century earlier Georg Wilhelm Friedrich Hegel the German philosopher framed this dynamic as thesis or status quo tamas antithesis or breaking free rajas and synthesis or ongoing levels of integration sattva In light of Swami Vivekananda's message the Vedic position gives this process a higher evolutionary direction that direction being an experience of a spiritual Reality that is omnipresent and ever free

The 49th Mystic (Beyond the Circle Book #1) Ted Dekker, 2018-05-15 Some say the great mystery of how one can live in two worlds at once died with Thomas Hunter many years ago Still others that the gateway to that greater reality was and is only the stuff of dreams They are wrong In the small town of Eden Utah a blind girl named Rachelle Matthews is about to find out just how wrong When a procedure meant to restore Rachelle's sight goes awry she begins to dream of another world so real that she wonders if Earth might only be a dream experienced when she falls asleep in that reality Who is a simple blind girl to have such strange and fantastic dreams She's the prophesied one who must find and recover five ancient seals in both worlds before powerful enemies destroy her If Rachelle succeeds in her quest peace will reign If she fails both worlds will forever be locked in darkness So begins a two volume saga of high stakes and a mind bending quest to find an ancient path that will save humanity The clock is ticking the end rushes forward Ready Set Dream

Bluestockings Now! Deborah Heller, 2016-03-03 Bringing together top specialists in the field this edited volume challenges the theory that the eighteenth century British intellectual women known as the Bluestockings were an isolated phenomenon spanning the period from the 1750s through the 1790s On the contrary the contributors suggest the Bluestockings can be conceptualized as belonging to a chain of interconnected networks taking their origin at a threshold moment in print media and communications development and extending into the present The collection begins with a definition of the Bluestockings as a social role rather than a fixed

group a movement rather than a static phenomenon an evolving dynamic reaching into our late modern era Essays include a rare transcript of a Bluestocking conversation new previously unknown Bluestockings brought to light for the first time and descriptions of Bluestocking activity in the realms of natural history arts and crafts theatre industry travel and international connections The concluding essay argues that the Blues reimagined and practiced women s work in ways that adapted to and altered the course of modernity decisively putting a female imprint on economic social and cultural modernization

Demonstrating how the role of the Bluestocking has evolved through different historical configurations yet has structurally remained the same the collection traces the influence of the Blues on the Romantic Period through the nineteenth century and proposes the reinvention of Bluestocking practice in the present Love Unveiled A.
