Seeking And Serving The Truth:

To Serve in Truth & Justice Hairat A. Balogun, 2011-03 This book has brought into sharp focus the parts played and contributions made to the Legal Profession in Nigeria from Independence till today by Hairat Balogun. Hers has been a Life of service driven by truth and a commitment to Justice. Service, Truth and Justice three words adherence to just one of them can define someone as a person of integrity and honour and when all three are found in one person they set that person apart as an icon, a yardstick for her peers and a model for the generation following after. As the first lady Attorney General of the foremost Nigerian state i.e. Lagos State during the military regime she exhibited for the first time obedience of the Executive arm of government to court orders in the celebrated case of *Ojukwu vs Attorney General of Lagos State and others* 1986 3 NWLR part 26 39 Court of Appeal. She thereby laid the foundation of the precedence of putting a stop to the disobedience of court orders by the Military Government dubbed as Executive Lawlessness. The contribution of the Author to the political history of this country was appreciated by her appointment as a member of The Transition to Civil Rule Tribunal in 1987 by the then Military Government. I commend this book to all cadres of people, lawyers, humanists, religious people of Christian and Muslim faith as they all will find a lesson or two to learn. I particularly recommend this book to our youths i.e. pupils of secondary schools, graduates of our universities especially lawyers and teacher training colleges who from this book will learn the importance of hard work, dedication, honesty and loyalty which are important virtues that are gradually being eroded from our society.

Seeking Truth Crae F. Hancock, 2005-12-19 Seeking Truth motivates a person to find truth. Most of us exist within a psychological illusion of the truth. This illusion of truth exists in a holographic sense. We literally exist within our thoughts. While covered within an analogous shell, one filters any new ideas and thoughts through preconceived parameters. In this sense, you could hear, see or experience bonafide truth but be unable to accept it as the truth for this reason. The scientific method for establishing truth necessitates that an experiment must be performed time and time again with the same results. In common law, the truth shall be established by two or more witnesses. May your shell illusion vaporize. May you see, hear, understand and intuit truth.

Seeking Truth and Speaking Truth Robert George, 2025-07-08 A wide ranging collection of essays from one of America's leading public intellectuals. In *Seeking Truth and Speaking Truth*, acclaimed political philosopher and legal scholar Robert P. George tackles one of the most vexing issues dividing Americans today. He argues that the Age of Faith of the Medieval period and the Age of Reason of the European Enlightenment have been followed by a modern Age of Feeling in which people derive their beliefs not from faith or reason or faith and reason but from emotion which becomes the central source of truth. And so many have embraced a fierce moral absolutism on the basis of beliefs that are the products of nothing more than subjective inclinations and experiences. This collection of essays challenges the Age of Feeling by appealing to reason in the pursuit of sound moral understanding on crucial and contentious topics of human dignity, the definition of marriage, philosophy of law, constitutional law, the nature of civil liberties, free

markets and others Robert George has taught generations of students at Princeton University and Harvard Law School and he has long proclaimed that a teacher's sacred mission is to form his students to be determined truth seekers and courageous truth speakers In *Seeking Truth and Speaking Truth* he shows us how it is done
