Erickson Bill Harvey and James Ward Lee speak to the powerful influence that Graves has had on fellow writers In addition to these personal observations nine scholars analyze essential aspects of Graves's work These include the place of *Goodbye to a River* within environmental literature and how its writing was a rite of passage for its author Graves as a prose stylist and a literary rather than polemical writer the ways in which Graves's major works present different aspects of a single narrative about our relationship to the land the question of gender in Graves's work and Graves's sometimes contentious relationship with Texas Monthly magazine Mark Busby introduces the volume with a critical overview of Graves's life and work and Don Graham concludes it with a discussion of Graves's reception and literary reputation A bibliography of works by and about Graves rounds out the book John Graves Writer confirms Graves's stature not only within Texas letters but also within American environmental writing where Graves deserves to be more widely known *Writing Begins with the Breath* Laraine Herring, 2007-09-11 In this distinctive guide to the craft of writing author Laraine Herring shows us how to tune into our bodies and connect with our emotions so that our writing becomes an expression of our full beings rather than just an intellectual exercise With warmth and wisdom Herring offers a path to discovering deep writing prose that is unique expressive and profoundly authentic Lessons and imaginative exercises show you how to stay with your writing when your mind or body starts to pull you away explore the five senses in your writing and approach your writing without judgment

Writing the Character-Centered Screenplay, Updated and Expanded edition Andrew Horton,2000-02-23 We need good screenwriters who understand character Everywhere Andrew Horton traveled in researching this book from Hollywood to Hungary he heard the same refrain Yet most of the standard how to books on screenwriting follow the film industry s earlier lead in focusing almost exclusively on plot and formulaic structures With this book Horton a film scholar and successful screenwriter provides the definitive work on the character based screenplay Exceptionally wide ranging covering American international mainstream and off Hollywood films as well as television the book offers creative strategies and essential practical information Horton begins by placing screenwriting in the context of the storytelling tradition arguing through literary and cultural analysis that all great stories revolve around a strong central character He then suggests specific techniques and concepts to help any writer whether new or experienced build more vivid characters and screenplays Centering his discussion around four film examples including *Thelma Louise* and *The Silence of the Lambs* and the television series *Northern Exposure* he takes the reader step by step through the screenwriting process starting with the development

of multi dimensional characters and continuing through to rewrite Finally he includes a wealth of information about contests fellowships and film festivals Espousing a new character based approach to screenwriting this engaging insightful work will prove an essential guide to all of those involved in the writing and development of film scripts
