Sherborne Missal:

The Sherborne Missal Janet Backhouse,1999-01-01 This superbly illustrated study introduction explores its creation and history of the 15th century Sherborne Missal and assesses its importance as a masterpiece in the history of English art

Medieval Birds in the Sherborne Missal Janet Backhouse,British Library,2001-01-01 The majority are accompanied by their names written out in middle English offering an almost unparalleled source of vernacular bird names in common use during the generation after Chaucer wrote his Canterbury Tales This is the first time that all birds from the Sherborne Missal have been reproduced together in sequence and this beautifully illustrated book provides an insight into a fascinating aspect of England's natural history in the middle ages BOOK JACKET *The Sherborne Missal* Janet Backhouse,1999 The

Sherbourne Missal is considered one of the finest examples of book painting and was commissioned in the 14th century for Sherbourne Abbey in Dorset This study explores its creation and history and assesses its importance as a masterpiece in the history of English art *John de Foxton's Liber Cosmographiae (1408)* John de Foxton,1988-12-01 An elaborate Latin encyclopedia compiled in 1408 *The Gilded Page* Mary Wellesley,2021-10-12 A breathtaking journey into the hidden history of medieval manuscripts from the Lindisfarne Gospels to the ornate Psalter of Henry VIII A delight immersive conversational and intensely visual full of gorgeous illustrations and shimmering description Helen Castor author of *She Wolves* Medieval manuscripts can tell us much about power and art knowledge and beauty Many have survived because of an author's status part of the reason we have so much of Chaucer's writing for example is because he was a London based government official first and a poet second Other works by the less influential have narrowly avoided ruin like the book of illiterate Margery Kempe found in a country house closet the cover nibbled on by mice Scholar Mary Wellesley recounts the amazing origins of these remarkable manuscripts surfacing the important roles played by women and ordinary people the grinders binders and scribes in their creation and survival *The Gilded Page* is the story of the written word in the manuscript age Rich and surprising it shows how the most exquisite objects ever made by human hands came from unexpected places Mary Wellesley is a born storyteller and *The Gilded Page* is as good as historical writing gets This is a sensational debut by a wonderfully gifted historian Dan Jones bestselling author of *The Plantagenets* and *The Templars* *The Liturgy in Medieval England* Richard W. Pfaff,2009-09-24 This book provides a comprehensive historical treatment of the Latin liturgy in medieval England Richard Pfaff constructs a history of the worship carried out in churches cathedral monastic or parish primarily through the surviving manuscripts of service books and sets this within the context of the wider political ecclesiastical and cultural history of the period The main focus is on the mass and daily office treated both chronologically and by type the liturgies of each religious order and each secular use being studied individually Furthermore hagiographical and historiographical themes respectively which saints are prominent in a given witness and how the labors of scholars over the last century and a half have both furthered and in some cases impeded our understandings are explored throughout The

Brown, 2025-06-12 Incandescent with illustrations a history of Britain as told through a remarkable collection of illuminated manuscripts at once chronicles of their time and works of art Illumino explores the history of medieval Britain through the biographies of twelve remarkable illuminated manuscripts and their creators Each manuscript serves as a gateway into the lives of its makers and commissioners and as a springboard into the era of its creation Illuminated manuscripts are among the most intricate and fascinating forms of medieval evidence blending literature art science faith and human thought with the materiality of their production By undertaking the detective work needed to determine the nature of each project and the underlying human interest stories this book reveals their social economic and cultural contexts and charts the exchange of ideas and materials across time and space Featuring over a hundred beautiful illustrations this is a unique and accessible introduction to Britain's history as well as art and book history over a thousand years **Object Fantasies** Philippe Cordez, Romana Kaske, Julia Saviello, Susanne Thürigen, 2018-09-10 In the modern lexicon object refers to an entity that is materially constituted spatially defined and functionally determined In contrast the Latin word fantasia has since antiquity referred to an apparition or the ability to imagine something that could be equally an object an image or a concept This tension prompts further inquiry into the interrelations and differences between the experience of tangible objects their perception and handling and the creation of new objects their conception and formation What correlations exist between object fantasies the self consciousness of subjects and the concrete and imagined conditions of human beings social lives By addressing this question this interdisciplinary book opens new perspectives in the field of object studies English Birth Girdles Mary Morse, 2024-05-06 In medieval England women in labor wrapped birth girdles around their abdomens to protect themselves and their unborn children These parchment or paper rolls replicated the girdle relics of the Virgin Mary and other saints loaned to queens and noblewomen extending childbirth protection to women of all classes This book examines the texts and images of nine English birth girdles produced between the reigns of Richard II and Henry VIII Cultural artifacts of lay devotion within the birthing chamber the birth girdles offered the solace and promise of faith to the parturient woman and her attendants amid religious dissent political upheaval recurring epidemics and the onset of print *Notices of the Proceedings* Royal Institution of Great Britain, 1928 *The Use of Hereford* William Smith, 2017-05-15 The Use of Hereford a local variation of the Roman rite was one of the diocesan liturgies of medieval England before their abolition and replacement by the Book of Common Prayer in 1549 Unlike the widespread Use of Sarum the Use of Hereford was confined principally to its diocese which helped to maintain its individuality until the Reformation This study seeks to

catalogue and evaluate all the known surviving sources of the Use of Hereford with particular reference to the missals and gradual which so far have received little attention In addition to these a variety of other material has been examined including a number of little known or unknown important fragments of early Hereford service books dismembered at the Reformation and now hidden away as binding or other scrap in libraries and record offices This is the fullest examination of Hereford liturgical sources ever undertaken and may stimulate similar and much needed studies of other diocesan uses in particular Sarum and York As well as describing in detail the various manuscript sources the rare single edition printed Hereford texts the missals and breviaries are also discussed Unlike books of the Sarum and York rites these one offs were never revised and reissued In addition to the examination of these sources William Smith discusses the possible origins of the rite and provides an analysis of the Hereford liturgical calendar of the festa including those of the cathedral s patron St Ethelbert and the no less famous St Thomas Cantilupe that helped to make Hereford use so distinctive
