Sherman Crunchley:

Sherman Crunchley Laura Joffe Numeroff, Nate Evans, 2005-11-03 Sherman Crunchley is Biscuit City's nicest police officer but that's just the problem. He's too nice. Sherman comes from a long line of police chiefs but it's hard to be a great police officer when you're the kind of guy who can't say no. Can Sherman find the courage to tell his father he doesn't want to be the next chief of police? Beautifully illustrated and filled with canine capers, this silly story barks out a serious message: being true to oneself. *Project-Based Inquiry Units for Young Children* Colleen MacDonell, 2006-11-01 Set in the wider context of the project approach to learning, this book addresses the needs of both library media specialists and teachers in preschool, kindergarten, and primary grades. Educators who want to use stories and nonfiction to promote independent learning in young children will love this book. The reader will find practical hands-on activities where each sample lesson includes content learning goals and strategies for teaching and assessing learning. Librarians and teachers will learn not only how to guide young children through the research process but also the important why to do this. These developmentally appropriate research lessons are ready to teach for grades preschool through second. **The Bravest of the Brave** Shutta Crum, 2011-04-27 Late one day I hurried home. Stepping through the wood alone. It was deep and dim. I could barely see. But I thought brave thoughts to comfort me. A young skunk heads home through the woods alone. Or maybe not. Could there be robbers or pirates or ghosts or trappers in the woods? And is our hero brave enough to keep away? With bouncy rhymes, charming art, a subtle counting theme, and a surprise ending, this story will entertain and reassure any child who's ever been afraid. *I Can Read It All by Myself* Paul V. Allen, 2021-05-28 In the late 1950s, Ted Geisel took on the challenge of creating a book using only 250 unique first-grade words, something that aspiring readers would have both the ability and the desire to read. The result was an unlikely children's classic, *The Cat in the Hat*. But Geisel didn't stop there. Using *The Cat in the Hat* as a template, he teamed with Helen Geisel and Phyllis Cerf to create Beginner Books, a whole new category of readers that combined research-based literacy practices with the logical insanity of Dr. Seuss. The books were an enormous success, giving the world such authors and illustrators as P. D. Eastman, Roy McKie, and Stan and Jan Berenstain, and beloved bestsellers such as *Are You My Mother?*, *Go Dog Go*, *Put Me in the Zoo*, and *Green Eggs and Ham*. The story of Beginner Books and Ted Geisel's role as president, policymaker, and editor of the line for thirty years has been told briefly in various biographies of Dr. Seuss, but *I Can Read It All by Myself: The Beginner Books Story* presents it in full detail for the first time. Drawn from archival research and dozens of brand-new interviews, *I Can Read It All by Myself* explores the origins, philosophies, and operations of Beginner Books from *The Cat in the Hat* in 1957 to 2019's *A Skunk in My Bunk* and reveals the often fascinating lives of the writers and illustrators who created them. *A to Zoo* Rebecca L. Thomas, 2018-06-21 Whether used for thematic story times, program and curriculum planning, readers advisory, or collection development, this updated edition of the well-known companion makes finding the right picture books for your library a breeze. Generations of savvy librarians and educators have

relied on this detailed subject guide to children's picture books for all aspects of children's services and this new edition does not disappoint. Covering more than 18 000 books published through 2017 it empowers users to identify current and classic titles on topics ranging from apples to zebras. Organized simply with a subject guide that categorizes subjects by theme and topic and subject headings arranged alphabetically this reference applies more than 1 200 intuitive as opposed to formal catalog subject terms to children's picture books making it both a comprehensive and user friendly resource that is accessible to parents and teachers as well as librarians. It can be used to identify titles to fill in gaps in library collections to find books on particular topics for young readers to help teachers locate titles to support lessons or to design thematic programs and story times. Title and illustrator indexes in addition to a bibliographic guide arranged alphabetically by author name further extend access to titles.

Lets delve into the realm of popular books, exploring the fascinating narratives that have enthralled audiences this year. Sherman Crunchley : Colleen Hoovers "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
