Shevchenkoznavchi Studii:

The Exile Zinaida Tulub, 2018-01-01 Zinaida Tulub's novel *The Exile* is one of the most brilliant works in the canon of fiction about Taras Shevchenko, the outstanding Ukrainian poet and artist. The idea of writing about Taras Shevchenko first occurred to her when she was in her thirties during a period spent living in exile in Kazakhstan, 1947-1956. Initially, Tulub worked on the screenplay for a film called *Kobzar and Yakin*, which can be seen as an early prototype for the novel. She was only able to start work on the latter after her return to Kiev in 1956 when she was granted access to archival material and memoirs. She completed the novel in 1962. Tulub's primary goal in the novel was to celebrate Taras Shevchenko's indomitable will and his burning desire to fight for the liberation of the nation even when he was in exile. Armed with a wealth of detailed biographical information about Shevchenko, Zinaida Tulub created a thrilling portrait of the poet that is both historically accurate and artistically convincing. Depicting the first period of Shevchenko's exile in a detailed comprehensive manner, Zinaida Tulub adheres strictly to the historical timeline, tracing step by step the path that fate had in store for the exiled poet. She doesn't leave out a single detail from Shevchenko's life, adding light and shade to every important moment or turning point along that treacherous path. **B Is for Ballet: A Dance Alphabet (American Ballet Theatre)** John Robert

Edward H. Tarr, 2003 The waning years of the Russian Empire witnessed the development of a rich tradition of trumpet playing. Noted trumpet scholar and performer Edward Tarr's latest book illuminates this tradition, which is little known in the West. Tarr's extensive research in hitherto inaccessible Russian archives has uncovered many documents that illuminate the careers of noted performers. These documents are reproduced here for the first time. A concise chronological summary of Russian political and musical developments provides an effective backdrop for this inventory of trumpeters. The author ably demonstrates how profoundly Russian trumpet playing and pedagogy were influenced by emigrés, particularly from Germany. Wilhelm Wurm, Willy Brandt, Oskar Böhme, and how Russian-born trumpeters like Vladimir Drucker subsequently influenced the American musical scene. In his *Lexicon of Trumpeters*, both Russian and Foreign Active in Russia, Tarr supplements his own research with information from valuable but obscure secondary sources in Russian. This lexicon carries the story into the late twentieth century and includes modern legendary figures such as Timofey Dokshitzer. Members of the International Trumpet Guild will receive a discount of 15% on purchases of this title. **Archives in Russia: A Directory and**

Not According to Plan Maria Belodubrovskaya, 2017-10-15 In Not According to Plan Maria Belodubrovskaya reveals the limits on the power of even the most repressive totalitarian regimes to create and control propaganda Belodubrovskaya's revisionist account of Soviet filmmaking between 1930 and 1953 highlights the extent to which the Soviet film industry remained stubbornly artisanal in its methods especially in contrast to the more industrial approach of the Hollywood studio system Not According to Plan shows that even though Josef Stalin recognized cinema as a mighty instrument of mass agitation and propaganda and strove to harness the Soviet film industry to serve the state directors such as Eisenstein Alexandrov and Pudovkin had far more creative control than did party appointed executives and censors
