While the question Is faith reasonable has continually occupied philosophers and theologians little attention has been paid to what faith itself is The Act of Faith remedies this neglect by looking at what it means for a person of Christian faith to believe Eric Springsted contrasts modern views of faith with the Christian tradition running from Augustine through Aquinas and Calvin In reviewing such thinkers as Locke and Hume Springsted discovers that behind modern discussions of the reasonableness of faith lie key assumptions about the human self including the views that the good is a matter of choice and that we can exercise objective uninvolved reason According to Springsted however the church has not viewed faith in this way His survey of the Augustinian tradition shows that the self our most esteemed Christian thinkers had in mind when talking about faith was a moral self one defined by character and self involvement Christian faith is at root a participation in the good and reasoning within faith is reasoning within the life of God Drawing on contemporary philosophers and theologians like John Henry Newman and Simone Weil Springsted builds a fresh understanding of faith for today He shows how the inner act of faith is ultimately a radical willingness to be open to God and he argues that the faithful self is one that develops within a community that shapes its members through the morally formative activities of interaction teaching and sacramental practice **A Dictionary of the English Language** Noah Webster, 1851 **George Berkley** Charlotte Connelly, 2013-05-30 George Berkley was a normal seventeen year old boy in the fishing village of Hidney He dreamt of travelling yet never left the village Until one night he finds a stranger on the beach and his life is changed forever There s an evil in the world one no one even believes exists and George has to get to the King before the Kingdom is consumed But how can you make the journey when you cant even trust the Shadows **Eccentric Biography; Or, Sketches of Remarkable Characters, Ancient and Modern ...
