Ayers, Bradley C. Mittendorf, 1997 The Oxford Book of the American South resonates with the words of black people and white women and men the powerless as well as the powerful The collection presents the most telling fiction and nonfiction produced in the South from the late eighteenth century to the present Renowned authors such as James Agee Richard Wright Maya Angelou Lee Smith Eudora Welty William Faulkner and Flannery O'Connor appear in these pages but so do people whose writing did not immediately reach a large audience For example Harriet A Jacobs book Incidents in the Life of a Slave Girl which is now recognized as one of the most illuminating narratives of a former slave was neglected for generations And Sarah Morgan's powerful Civil War Diary has only recently come to widespread attention The Oxford Book of the American South presents compelling autobiographies diaries memoirs and journalism as well as stories and selections from novels and runs the spectrum from the conservative to the radical the traditional to the innovative Editors Edward L. Ayers and Bradley C. Mittendorf have arranged these diverse readings so that they fit together into a rich mosaic of Southern life and history The sections of the book The Old South The Civil War and Its Consequences Hard Times and The Turning unfold a vivid record of life below the Mason Dixon line We see the antebellum period both from the perspective of those who

experienced it first hand such as Thomas Jefferson and former slaves Olaudah Equiano and Frederick Douglass and then from the perspective of authors looking back on that era including William Styron and Sherley Anne Williams Likewise we see the Civil War through the eyes of witnesses such as Sam Watkins through the eyes of later writers trying to make sense of the conflict such as Robert Penn Warren and through the eyes of those using the war's intense passions to fuel their fiction such as Margaret Mitchell and Barry Hannah The classic authors of the Southern Renaissance in the 1920s and 1930s appear here in the context of the hard times in which they wrote The years since World War II are chronicled in the powerful words of Martin Luther King Jr's Letter from Birmingham Jail George Garrett's Good bye Good bye Be Always Kind and True and Peter Taylor's The Decline and Fall of the Episcopal Church in the Year of Our Lord 1952 The editors have selected these readings their Preface tells us to convey the passions that have surfaced time and again in more than two hundred years of Southern writing Indeed the struggles defeats and triumphs chronicled in *The Oxford Book of the American South* speak not just to the South but to all of the American experience They document and evoke some of the most dramatic episodes in the nation's life

The Real South Scott Romine, 2008-06 In this stimulating study Scott Romine explores the impact of globalization on contemporary southern culture and the South's persistence in an age of media and what he terms cultural reproduction Rather than being compromised Romine asserts southern cultures are both complicated and reconfigured as they increasingly detach from tradition in its conventional sense In considering Souths that might appear fake the Souths of the theme restaurant commercial television and popular regional magazines for example Romine contends that authenticity and reality emerge as central concepts that allow groups and individuals to imagine and navigate social worlds Romine addresses a major critical problem authenticity in a fundamentally new manner Less concerned with what actually constitutes an authentic or real South than in how these concepts are used today *The Real South* explores a wide range of southern narratives that describe and travel through virtual simulated and commodified Souths Where earlier critics have tended to assume a real or authentic South Romine questions such assumptions and whether the authentic South ever truly existed From *Gone with the Wind* Civil War reenactments and a tennis community outside Atlanta called Tara to the work of Josephine Humphreys the travel narrative of V S Naipaul and the historical fiction of Lewis Nordan Romine examines how narratives and spaces are used to fashion social solidarity and cultural continuity in a time of fragmentation and change Far from deteriorating or disappearing in a global economy Romine shows the South continues to be reproduced and used by diverse groups engaged in diverse cultural projects

All Equally Real: Femininities and Masculinities Today Anna Pilińska, Harmony Sigamporia, 2019-01-04

This volume was first published by Inter Disciplinary Press in 2014 This volume is a collection of research papers which deem gender identities to be dynamic and multiple categories refusing resolutely to reduce their complexity to fit neat extant binaries It attempts to grapple with the dialectic which emerges from the fact that while there is a certain resistance to being labeled in contemporary discourses on sexuality gender identities actively influence how we interpret the world and how we function within it we exist amongst patterns models and behaviours as well as among people who virtually demand to be labeled because to them this forms the basis of a stable identity Various cultural perspectives and realities are here given voice bringing to bear upon the reader the need to identify privileges they might take for granted but which are unobtainable elsewhere As the curtain of one's own cultural context is lifted this volume hopes that these privileges are even if for a moment no longer invisible
