Tenold, M. Jes Iversen, E. Lange, 2011-12-12 This anthology aims to explain why some Nordic shipping companies became world leaders while others failed to respond effectively to the challenges and opportunities of globalization The authors analyse political and institutional patterns alongside the various corporate responses to the many upheavals of global shipping *Innovations in Shipping* Peter Lorange, 2020-04-16

Innovations are dramatically changing the traditionally conservative global ocean shipping industry as it works to become more efficient and more sustainable. Academic and former shipping company owner Peter Lorange is best placed to make sense of how to approach and keep ahead of these changes. This book explains what the key innovations are, how to ensure a return on investment, the barriers to innovation and how to overcome them. Drawing on a number of specialist case studies, Lorange outlines the specific analytical and decision making steps to consider and the actions to take to arrive at a new strategic blueprint for modern shipping companies. This book is invaluable for practising shipping company executives, advanced students of shipping logistics, port management and maritime economics and investors deciding whether to invest in a particular shipping firm.

British Shipping in the Mediterranean during the Napoleonic Wars Katerina Galani, 2017-09-11. In British shipping in the Mediterranean, Katerina Galani investigates the impact of the French and Napoleonic wars on British maritime economic activity. Due to the close cooperation of the public and private sector at sea, the British adopted flexible business strategies to mitigate economic warfare and sustain shipping and trade in the Mediterranean. The book offers a comprehensive approach by combining the study of international relations, ports, ships, business organisation, deep sea voyages and intra-Mediterranean navigation. Katerina Galani conceptualises the Mediterranean as an economic entity and she insightfully examines for the first time free traders along with the chartered Levant Company. Her analysis draws upon a unique collection of British and Mediterranean sources to construct a multifaceted view of British maritime activity.
