Canadian military history and military matters have not been well represented in general in retrospective bibliographies of Canadian or in international military bibliographies What has been attempted in this document is a bibliography of published primary sources and secondary works on Canadian military topics excluding poetry and fiction covering the period from Confederation to the present Entries in the bibliography represent printed monographs books and pamphlets and serial titles The prime criteria of inclusion were that the work be chiefly or uniquely both Canadian and military in its contents Many in house publications of the training pamphlet or regulations type have been included but only insofar as they tell us something of the armed forces themselves rather than details of tactical doctrine or of pieces of equipment Works by or about Canadians serving with the armed forces of other countries have been included as well as materials relating to the military history of Newfoundland since 1867

Atlantic Convoys and Nazi Raiders Bruce A. Watson, 2005-12-30 In November of 1940 the German pocket battleship Admiral Scheer attacked British Convoy HX 84 The merchant cruiser HMS Jervis Bay a converted passenger liner that was the convoy s only escort armed only with antique 6 inch guns charged the Nazi raider While the Jervis Bay did not stand a chance of surviving the battle her crew s fatalistic bravery inspired awe in all who witnessed the fight Watson recounts how the Scheer s 11 inch guns turned the ship into a burning hulk in twenty two minutes but most of the convoy escaped In November of 1940 the German pocket battleship Admiral Scheer attacked British Convoy HX 84 The Armed Merchant Cruiser HMS Jervis Bay the only escort and mounting antique 6 inch guns charged the Nazi raider While the Jervis Bay did not stand a chance of surviving the battle her crew s fatalistic bravery inspired awe in all who witnessed the fight Watson describes how the Scheer s 11 inch guns turned the converted passenger liner into a burning hulk in twenty two minutes but most of the convoy escaped How did this confrontation come to pass Both the necessity of arming a passenger liner and pretending it was a warship and the building of the Admiral Scheer and her sister ships for the express purpose of commerce raiding find their roots in the events political decisions re armament policies war plans naval traditions and blunders that arose in pre war Britain and Germany But this event holds a significance beyond the battle itself The sinking of the Jervis Bay symbolizes the end of an era in naval warfare The Armed Merchant Cruisers of the Second World War inherited a long sometimes noble and sometimes ignoble history Long employed in blockade or patrol duty armed merchant cruisers ventured out for the first time to escort convoys a defensive duty for which they were eminently unsuited

and for which the Jervis Bay paid a fearful price *Canadiana* ,1990-05 *Canada's Great War, 1914-1918* Brian Douglas Tennyson,2014-11-25 Canada's Great War 1914 1918 How Canada Helped Save the British Empire and Became a North American Nation describes the major role that Canada played in helping the British Empire win the greatest war in history and somewhat surprisingly resulted in Canada's closer integration not with the British Empire but with its continental neighbor the United States When Britain declared war against Germany and Austria Hungary in August 1914 Canada was automatically committed as well because of its status as a Dominion in the British Empire Despite not having a say in the matter most Canadians enthusiastically embraced the war effort in order to defend the Empire and its values In Canada's Great War 1914 1918 historian Brian Douglas Tennyson argues that Canada's participation in the war weakened its relationship with Britain by stimulating a greater sense of Canadian identity while at the same time bringing it much closer to the United States especially after the latter entered the war Their wartime cooperation strengthened their relationship which had been delicate and often strained in the nineteenth century This was reflected in the greater integration of their economies and the greater acceptance in Canada of American cultural products such as books magazines radio broadcasting and movies and was symbolized by the astonishing American response to the Halifax explosion in December 1917 By the end of the war Canadians were emerging as a North American people no longer fearing close ties to the United States even as they maintained their ties to the British Commonwealth Canada's Great War 1914 1918 will interest not only Canadians unaware of how greatly their nation's participation in the First World War reshaped its relationship with Britain and the United States but also Americans unacquainted with the magnitude of Canada's involvement in the war and how that contribution drew the two nations closer together Du littoral à la mer William Johnston,William G.P. Rawling,Richard H. Gimblett,John MacFarlane,2011-01-14 La création de la Marine royale du Canada MRC en 1910 et ses premières années d'existence ont été marquées par un débat politique quant à la nécessité d'un service naval au Canada Du littoral à la mer le premier d'une série de trois volumes relatant l'histoire officielle de la MRC retrace les trois premières décennies de la Marine de ses débuts comme marine de pacotille tablie par le Premier ministre sir Wilfrid Laurier et constituée de deux croiseurs britanniques obsolètes jusqu'à son entrée dans la Seconde Guerre mondiale en tant que force composée de six destroyers modernes et de quatre dragueurs de mines L'histoire de la MRC au cours du conflit de 1939 1945 a déjà été racontée dans la partie 1 Rien de plus noble et la partie 2 Parmi les puissances navales du volume II de la série publiées par le Fonds de la recherche en archivistique approfondies l'ouvrage Du littoral à la mer relate les précédents qui ont finalement mené à l'établissement de la MRC en 1910 son existence précaire après le remplacement soudain du gouvernement de Laurier par celui de Robert Borden un an plus tard ainsi que les difficultés de la Marine au cours de la Première Guerre mondiale lorsqu'elle a dû défendre les eaux canadiennes avec très peu de ressources Des conséquences désastreuses de la terrible explosion survenue à Halifax en décembre 1917 jusqu'à la campagne menée par les sous-marins allemands au large de la côte Est du Canada en 1918 le volume I examine

dans quelle mesure les conseils souvent incohérents qu'Ottawa recevait de l'Amirauté britannique à Londres ont compliqué la tâche de la MRC. La dernière section de cet important ouvrage historique bien illustré traite de l'expérience de la MRC pendant la Première Guerre mondiale, alors que le sentiment antiguerre et une dépression économique menaçaient sa survie même.
