## Shipwrecks Of South Devon:

**Shipwrecks of South Devon** Richard Larn, Bridget Larn, 2000-02-01      **South Devon's Shipwreck Trail** Jessica Berry, 2013-09-15 There is always a good story in a shipwreck The tales from survivors or frequently from those who tried to rescue them are often astonishing in the accounts of bravery and self sacrifice they reveal Britain's long maritime past can be traced through the shipwrecks off our coasts The South Devon coast has a rich maritime past which archaeologists have been able to link to the Bronze Age Some of the oldest shipwrecks in Northern Europe lie off this coast and there is evidence of a seaborne prehistoric trade in metals and a later trade with Byzantium Ships in the area helped transport troops to Brittany at the beginning of the Hundred Years War four ships were sent to fight the Spanish Armada of 1588 and during the Second World War the area served as a staging post for the Normandy Landings This guide with original illustrations is essential reading for coastal walkers and kayakers with an interest in good stories to accompany them Rather than a blank canvas as they look out to sea readers will be able to relive these gripping stories seeing the shipwrecks in their mind's eye

Shipwrecks and the Bounty of the Sea David Cressy, 2022-08-11 Shipwrecks and the Bounty of the Sea is a work of social history examining community relationships law and seafaring over the long early modern period It explores the politics of the coastline the economy of scavenging and the law of wreck of the sea from the beginning of the reign of Elizabeth I to the end of the reign of George II England's coastlines were heavily trafficked by naval and commercial shipping but an unfortunate percentage was cast away or lost Shipwrecks were disasters for merchants and mariners but opportunities for shore dwellers As the proverb said it was an ill wind that blew nobody any good Lords of manors local officials officers of the Admiralty and coastal commoners competed for maritime cargoes and the windfall of wreckage which they regarded as providential godsend or entitlements by right A varied haul of commodities wines furnishings and bullion came ashore much of it claimed by the crown The people engaged in salvaging these wrecks came to be called wreckers and gained a reputation as violent and barbarous plunderers Close attention to statements of witnesses and reports of survivors shows this image to be largely undeserved Dramatic evidence from previously unexplored manuscript sources reveals coastal communities in action collaborating as well as competing as they harvested the bounty of the sea      *South West Sea Kayaking* Mark
