**Captain Cook** Frank McLynn,2011-06-07 This thoroughly researched and sharply opinionated biography presents a nuanced portrait of the renowned 18th century navigator The Wall Street Journal The age of discovery was at its peak in the eighteenth century with bold adventurers charting the furthest reaches of the globe Foremost among these explorers was Captain James Cook of the British Royal Navy Recent writers have viewed Cook through the lens of colonial exploitation regarding him as a villain While they raise important issues many of these critical accounts overlook his major contributions to science navigation and cartography In Captain Cook Frank McLynn re-creates the voyages that took the famous navigator from his native England to the outer reaches of the Pacific Ocean Although Cook died in a senseless avoidable conflict with the people of Hawaii McLynn illustrates that to the men with whom he served Cook was master of the seas and nothing less than a titan McLynn reveals Cook's place in history as a brave and brilliant yet tragically flawed man

**The Arts of Kingship** Stacy L. Kamehiro,2009-07-27 The Arts of Kingship offers a sustained and detailed account of Hawaiian public art and architecture during the reign of David Kalakaua the nativist and cosmopolitan ruler of the Hawaiian Kingdom from 1874 to 1891 Stacy Kamehiro provides visual and historical analysis of Kalakaua's coronation and regalia the King Kamehameha Statue Iolani Palace and the Hawaiian National Museum drawing them together in a common historical political and cultural frame Each articulated Hawaiian national identities and navigated the turbulence of colonialism in distinctive ways and has endured as a key cultural symbol These cultural projects were part of the monarchy's concerted effort to promote a national culture in the face of colonial pressures internal political divisions and declining social conditions for Native Hawaiians which in combination posed serious threats to the survival of the nation The Kalakaua leadership endorsed images that boosted international relations and appeased foreign agitators in the kingdom while addressing indigenous political cleavages Kamehiro interprets the images spaces and institutions as articulations of the complex cultural entanglements and creative engagement with international communities that occur with prolonged colonial contact Nineteenth century Hawaiian sovereigns celebrated Native tradition history and modernity by intertwining indigenous

conceptions of superior chiefly leadership with the apparati and symbols of Asian American and European rule The resulting symbolic forms speak to cultural intersections and historical processes claims about distinctiveness and commonality and the power of objects institutions and public display to create meaning and enable action The Arts of Kingship pursues questions regarding the nature of cultural exchange how precolonial visual culture engaged and shaped colonial contexts and how colonial art informs postcolonial visualities and identities It will be welcomed by readers with a general and scholarly interest in Hawaiian history and art As it contributes to discussions about colonial cultures nationalism and globalization this interdisciplinary work will appeal to art and architectural historians as well as those studying Pacific history cultural and museum studies and anthropology
