It captures the shocks horrors and sensations of the past while presenting plenty of real facts. Shock Therapy Edward Shorter, David Healy, 2007 Shock therapy is making a comeback today in the treatment of serious mental illness. Despite its reemergence as a safe and effective psychiatric tool, however, it continues to be shrouded by a longstanding negative public image, not least due to films such as the classic *One Flew over the Cuckoo's Nest* where the inmate of a psychiatric clinic played by Jack Nicholson is subjected to electro shock to curb his rebellious behavior. Beyond its vilification in popular culture, the stereotype of convulsive therapy as a dangerous and inhumane practice is fuelled by professional posturing and public misinformation. Electroconvulsive therapy or ECT has in the last thirty years been considered a method of last resort in the treatment of debilitating depression, suicidal ideation and other forms of mental illness. Yet ironically its effectiveness in treating these patients would suggest it as a frontline therapy bringing relief from acute symptoms and saving lives. However, the mood and mind altering characteristics of some have led to the widespread abuse and legal controls we see today. *Investigative Reporting* David Spark, 2012-11-12 This important book defines what investigative reporting is and what qualities it requires. Drawing on the experience of many well known journalists in the field, the author identifies the skills, common factors and special circumstances involved in a wide variety of investigations. It

examines how opportunities for investigations can be found and pursued how informants can be persuaded to yield needed information and how and where this information can be checked It also stresses the dangers and legal constraints that have to be contended with and shows real life examples such as the Cook Report formula the Jonathan Aitken investigation and the Birmingham Six story David Spark himself a freelance writer of wide experience examines how opportunities for investigations can be found and pursued how informants can be persuaded to yield needed information and how and where this information can be checked He also stresses the dangers and legal constraints that have to be contended with and shows investigators at work in two classic inquiries The mysterious weekend spent in Paris by Jonathan Aitken then Minister of Defence Procurement The career of masterspy Kim Philby Investigative Reporting looks at such fields for inquiry as company frauds including those of Robert Maxwell consumer complaints crime police malpractice the intelligence services local government and corruption in Parliament and in overseas and international bodies The author believes that the conclusions that emerge from this far reaching survey are of value not only in investigative journalism but to practitioners in all branches of reporting **Shock! Horror! History!** ,1998 **Teaching the Holocaust in School History** Lucy Russell,2006-08-17

If we expose students to a study of human suffering we have a responsibility to guide them through it But is this the role of school history This issue is the rationale behind teaching the Holocaust primarily historical moral or social Is the Holocaust to be taught as a historical event with a view to developing students critical historical skills or as a tool to combat continuing prejudice and discrimination These profound questions lie at the heart of Lucy Russell's fascinating analysis of teaching the Holocaust in school history She considers how the topic of the Holocaust is currently being taught in schools in the UK and overseas Drawing on interviews with educationalists academics and teachers she discovers that there is in fact a surprising lack of consensus regarding the purpose of and approaches to teaching the Holocaust in history Indeed the majority view is distinctly non historical there is a tendency to teach the Holocaust from a social and moral perspective and not as history This book attempts to explain and debate this phenomenon Texts Through History Adele Wills,2004 This text provides students with the skills they need to analyze the historical context of a text without relying on extra research Includes a wide range of illustrative texts from interviews and poetry to comic sketches and adverts Discographies Jeremy Gilbert,Ewan Pearson,2002-03-11 Experiencing disco hip hop house techno drum n bass and garage Discographies plots a course through the transatlantic dance scene of the last last twenty five years It discusses the problems posed by contemporary dance culture of both academic and cultural study and finds these origins in the history of opposition to music as a source of sensory pleasure Discussing such issues as technology club space drugs the musical body gender sexuality and pleasure Discographies explores the ecstatic experiences at the heart of contemporary dance culture It suggests why politicians and agencies as diverse as the independent music press and public broadcasting should be so hostile to this cultural phenomenon

The EC Archives: Shock Suspensstories Volume 1 Various,2021-09-21 The classic EC series presented as a deluxe size

trade paperback This high quality trade reprints the first six complete issues of the pulp comic classic Shock SuspenStories Featuring the titanic artistic talents of Al Feldstein Jack Kamen Jack Davis Joe Orlando Graham Ingles and Wally Wood with a foreword by Steven Spielberg Collects Shock SuspenStories issues 1 6 *Religion and Generation Z* Brian Mountford,2022-04-29 In 2017 NatCen s British Social Attitudes survey published statistics that 53% of the people in Britain say they have no religion and that of those 70% of the 18 24 age group claim to have no religion These essays attempt to say why and are individual responses rather than a systematic examination of the question Atheist Agnostic Irish Catholic Protestant and Muslim views are represented The purpose was to explain a social trend but in the process of writing several of the contributors have as if by chance produced material which is richly meditative and can be read both for information and as spiritual reflection The Editor Brian Mountford is concerned that too often the religious views of the young are discussed by older clergy and writers but rarely heard first hand This book is a partial remedy Mountford has written opening and closing chapters setting the scene and finally asking what future there is for religion **An Oral History of the Palestinian Nakba** Doctor Nahla Abdo,Nur Masalha,2018-05-15 In 2018 Palestinians mark the 70th anniversary of the Nakba when over 750 000 people were uprooted and forced to flee their homes in the early days of the Israeli Palestinian conflict Even today the bitterness and trauma of the Nakba remains raw and it has become the pivotal event both in the shaping of Palestinian identity and in galvanising the resistance to occupation Unearthing an unparalleled body of rich oral testimony An Oral History of the Palestinian Nakba tells the story of this epochal event through the voices of the Palestinians who lived it uncovering remarkable new insights both into Palestinian experiences of the Nakba and into the wider dynamics of the ongoing conflict Drawing together Palestinian accounts from 1948 with those of the present day the book confronts the idea of the Nakba as an event consigned to the past instead revealing it to be an ongoing process aimed at the erasure of Palestinian memory and history In the process each unique and wide ranging contribution leads the way for new directions in Palestinian scholarship **The Hidden Case of Ewan Forbes** Zoë Playdon,2021-11-02 Childhood The medical student Marriage A death in the family Margaret s fateful letter The medical examination An audacious defense The judge s dilemma A perfect storm Outlawed Another audacious defense Ewan s legacy *The EC Archives: Shock Suspenstories Volume 2* Bill Gaines,Al Feldstein,2022-11-15 The classic EC series presented as a deluxe size trade paperback This high quality trade reprints the issues 7 12 of the pulp comic classic Shock SuspenStories Featuring 24 stories by the all star artistic talents of Al Feldstein Jack Kamen Jack Davis Joe Orlando Al Williamson and Wally Wood Australia and Africa Nikola Pijović,2019-01-28 This book offers analysis of Australia s engagement with Africa as well as the country s rather unique status as a new actor and emerging country in Africa With its empirical originality and comparative contribution the book fills a gap in both the study of Africa s global engagement with emerging countries and in connection with Australia s largely unknown engagement with African states Australia has presented itself as Africa s friend from the south without any colonial

baggage and is interested in a long term partnership for trade and development In this context Australia is only one of many new players seeking more intensive engagement with Africa since the end of the Cold War At its core the book argues that because of its largely unacknowledged flawed historical engagement with Africa as well as the political partisanship driving its fickle and volatile contemporary engagement with the continent Australia suffers from an inability to assess its strategic and long term interests i e it doesn't know what it wants in or from Africa This makes Australia a rather unique emerging player in Africa while other new actors engagement with Africa is generally strategic and driven to a large extent by a desire to secure resources and counter the influence of geopolitical rivals Australia's efforts with regard to Africa are more episodic and not about acquiring resources or countering its rivals Hence while immigration globalization trade terrorism and climate change continue to bring Africa and Australia closer together Australia's failure to understand its own interests continues to hamper its engagement with Africa
